"CHARLEY" BRICKLEY, THE CRIMSON HALF BACK, WHO DEFEATED YALE FOR HARVARD, KICKING ONE OF HIS FIVE FIELD GOALS

BRICKLEY

BRICKLEY KICKING GOAL FROM YALE 24-YARD LINE

Harvard defeated Yale for the first time in the Stadium at Cambridge, Mass., by a score of 15 to 5. "Charley" Brickley, the famous crimson half back, was the hero of the day, making every point for his team by field goals and goals from placement. This was the thirty-fourth game that has been played between the representative teams of these old time rivals, had created more interest than any of the many hard fought battles which have already taken place in the athletic history of the universities. It was one of the most representative gatherings that had ever attended such a contest, for not an alumnus of any moment of either institution who could possibly arrange to be there but was in the stands. It was estimated that fully 44,000 persons were present when the first period was under way.

VICTORIAS AND BLACKS TIE FOR THE SILVER PIN

The contest on Black's Alleys for the Brunswick-Balke-Collender trophy was not finished last night as Black's and the Victoria Alley teams tied. It was decided that the roll-off for the trophy will take place on Monday night next, at nine o'clock, and the excitement between the two city teams will be keen. The most exciting match of the series was at 6:30 o'clock last evening between Black's and the Victoria's. The Vics. had a lead of sixty pins on the first string and added another score on their next string. The Black's team were game, however, and on the third string managed to beat out the Vics. with a total score of 511 to 436 on the last string, which won the match. The excitement was keen among the fans and the grand total was 1385 to 1371. The visiting bowlers have left for their homes, and Monday's match for the silver pin between Black's and the Victoria's will be awaited with interest by the bowlers. The day's scores by the teams follow:

Sussex	T's.	Ave.
Smith	88	91

LOCAL BOWLING YESTERDAY WON YESTERDAY

ON BLACK'S ALLEYS.
In the Commercial League on Black's alleys last night, the Emerson and Fisher team took the four points from the Consolidated Rubber Company. The individual score follows:
Emerson and Fisher.
Dunham . . . 72 68 76 216 72
Emery . . . 79 88 86 245 81 2-3
Kelly . . . 72 91 97 260 86 2-3
McBriarty . . . 87 102 70 259 86 1-3
Chase . . . 93 83 88 294 88

Rivers Defeated Cross
Los Angeles, Calif., Nov. 27—Joe Rivers, the Mexican pugilist, defeated Leach Cross, the New York light weight, in twenty rounds of fighting at the Vernon arena today. After two knockdowns in the fourth and ninth rounds, Cross showed marvelous recuperative powers and fought brilliantly, but could not overcome the lead Rivers won by consistent and vicious milling.

Cross had a marked advantage in the rounds, while Rivers led in 13. Referee George Blake's decision was popular with the crowd.
The most spectacular of the twenty rounds was the nineteenth, when Cross apparently tired and beaten, electrified his supporters by leaping after Rivers and fighting him off his feet. At the bell the Mexican was hanging on.

Rivers' first knockdown was scored in the fourth, with a short left hook to the jaw. Cross remained down for the count of nine. Rivers repeated this feat in the twelfth, flooring Cross with right and left swings to the face. Cross was plainly dazed and once more took the count of nine.

Dillon The Winner
Butte, Mont., Nov. 27—Jack Dillon easily defeated "Sailor" Petrosky in their twelve-round bout here tonight. The Indianapolis was too fast and clever for the marine, and in the eighth round floored him with a right uppercut that would have stopped a less game fighter than Petrosky. The Sailor took punishment and fought hard all the time, but did not land an effective blow.

McKinnon and Christie Draw
Cincinnati, Ohio, Nov. 27—Bill McKinnon of Boston, and Gus Christie of Milwaukee, went ten rounds today for the chance of leading the middle weights. It was a very exciting bout, with the opinion of the spectators divided. Newspaper experts called it a draw. Both men were in prime condition, willing to mix and finished in good shape.

Lodiman Outpointed
Milwaukee, Wis., Nov. 27—"Kid" Williams of Baltimore, easily outpointed Dick Lodiman of Newcastle, Pa., in a ten-round no-decision bout at 116 pounds here today.

Clabby a Winner
San Francisco, Nov. 27—Jimmy Clabby, the Hammond, Ind., middle weight, defeated Soldier Frank Logan in the fourteenth round of a scheduled twenty-round fight here today. Referee Griffin stopped the bout.

NOVEMBER 28.
1912—Joe Rivers defeated Joe Mandot in twenty rounds at Los Angeles.
1912—Leach Cross defeated Battling Nelson in ten rounds at New York.
1912—Jack Britton stopped Young Saylor in 7th round at Dayton.

THE FIGHTS THAT WERE YESTERDAY WON YESTERDAY

ON THE VIC. ALLEYS.
In the two men league at the Victoria alleys this evening there will be a contest at 8 o'clock between Carleton and Gardiner vs. Denison and McCann, and at 9:15 between Poehy and Brown vs. Tufts and Morrisey. Games scheduled for last night were postponed till next week.
Archie McDonald was the winner of the prize for having the highest single string rolled during the tournament, his score being 123. The following is the standing of the teams:

Won.	Lost.
Victoria	4
Blacks	1
Sydney	2
Sussex	2
Y. M. C. A.	1
Moncton	0

ST. ANDREW'S WON.
In a basketball match last night the St. Andrew's church juniors defeated the Stone church juniors by a score of 7 to 0.

The following is the lineup:
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone
St. Andrew's . . . Stone

the match will be held on Monday, December 15th. A reply is being awaited from the champion and if the local promoter is successful in bringing these two men together the wrestling fans may expect a match to a finish that will prove the best yet held in the city.

If so, you surely are entitled to the best value for your money.
It is claimed by life-long users of
Royal Blend Scotch
that there is no better value than this brand.
You can easily test the veracity of this statement by trying a bottle or case of this old time favorite.

NECESSITY KNOW

Major Birdwhistle in F
Meeting of St. John
Executive Commi

The annual meeting of the St. John Ambulance Association was held in the Board of Trade rooms yesterday afternoon. An executive committee was elected as follows:

Dr. Murray MacLaren, Col. E. T. Sturdee, Mrs. C. A. MacDonald, the president of the Loyalist Branch, the Daughters of the Empire, Rev. W. H. Barracough, and Dr. W. L. Rowley. This committee which has power to add to its number, will meet later to elect officers.

The St. John Branch will make an endeavor to extend the work of the association through the province where outside of the railway centre little interest has so far been developed in First Aid instruction.

Major Birdwhistle, the general secretary of the association for Canada, was present at the meeting and delivered an interesting address.

The Order of St. John of Jerusalem, he said, was founded by Peter Giral as a religious brotherhood in Jerusalem, at the time of the Crusades for the relief of the sick and needy, and they finally became the Almoners of Europe. They were driven from Jerusalem, and as a matter of defence developed into a band of solid monks and warring physicians.

Driven from one stronghold another by the Turks, they at length reached the Island of Malta, which was ceded to them by the Emperor Charles the Fifth of Germany, where they grew and prospered, and became one of the largest and most powerful brotherhoods in the world, but through the treachery of the Grand Master in 1798, the island was betrayed to foreign power, the Knights were banished, and their property seized and they were never again seen in Malta where they had ruled for 268 years.

The order was revived by Sir Robert Peel and other gentlemen of position and became very active in its work of mercy until 1888, when it received Royal recognition and a charter of incorporation.

Her late Majesty, Queen Victoria, became the Sovereign Head of the order, and His Royal Highness, the Prince of Wales, the president, Grand Prior. On the death of Queen Victoria, King Edward became the head of the order, and now is now head of the order, and His Royal Highness the Governor General of Canada is president. The grade are: Knights of Justice, Knights of Grace, and Esquires. Ladies are also Ladies of Justice and Ladies of Grace. There are also honorary senior brothers and sisters and any associates.

The Ambulance Department
The St. John Ambulance Association was founded by the Order in 1888 and the Charter granted to the Order in 1888 contains a full recognition of the St. John Ambulance Association as the Ambulance Department of the Order. The Association has for its objects:

The instruction of persons in rendering "First Aid" in cases of accidents or sudden illness, and in the transport of the sick and injured. The instruction of persons in the elementary principles and practices of nursing, and also of hygiene and sanitation, especially in cases of contagious diseases, and the distribution of material, and the formation of ambulance depots in mines, factories, other centres of industry and traffic.

The organization of Ambulance Corps, Invalid Transport Corps, and Nursing Corps.
And generally the promotion of instruction and carrying out works for the relief of the sick and injured, peace and war, independently of any nationality or denomination.

The needless suffering caused by the ignorance of unskilled persons as to how to support an injured limb, simple fracture has been made compound, or even complicated. The method of arresting bleeding from a artery is quite easy, yet thousands of lives have been lost, the very blood ebbling away in the presence of untrained spectators perfectly helpless because none of them had been taught one of the first rudiments of instruction of an ambulance pupil, the application of an extemporized tourniquet. Again, how frequent is loss of life by drowning, yet how few persons, comparatively understand the way to treat properly the apparent drowned.

First Aid
In "First Aid" the object is to teach the men how to render immediate "First Aid" treatment to anyone suffering from accident or sudden illness until such time as the services of a medical man can be obtained, so that a life may not be sacrificed for want of a little "First Aid" knowledge on the part of the public. The men are taught by fully qualified physicians who give a course of five lectures occupying two hours per week, five consecutive weeks, which include instruction in how to bandage all parts of the body; to apply splints to broken bones; how and where to apply blood from any part of the body; to extemporize or make use of crutches for stretchers; folded newspapers, bedclothes, policeman's truncheons, brooms, etc., for splints; in fact, to make the best use of whatever nearest to hand in the treatment of any accident.

Many lives have been lost or injured aggravated through improper "First Aid" treatment. For instance, should some unfortunate be knocked down by a street car, automobile or other conveyance, and thereby one of the bones of the lower limb what do you think is the first thing a bystander will do? The usual thought, no matter what the nature of the injury may be, is to carry the sufferer out of the way of passing traffic to the sidewalk, or into a store until the ambulance or a doctor can be obtained, either of which is too late to save life, because, poor fellow's life may already have been sacrificed by a well meaning, uninformed public, who, in moving injured person before the limb is temporarily secured, may cause broken end of the bone to pierce main artery of the thigh and the
