#### POTATO MARKET.

The United States department of agriculture, bureau of markets, says of the potato shipments:  
Piquee late receipts very light and practically nothing being hauled. A few Mountains were sold at \$3.00-10 per barrel. Other points also report very little trading with a wide range in prices. Van Buren quotes Mountains as low as \$2.50, while at Ft. Fairfield the range was as high as \$3.15. Dealers report an extremely light inquiry with majority of present shipments being from previous sales.

### COFFEE PRICES LIKELY TO RISE

Scarcity of Brazilian Product in Canada and Elsewhere—Embargo on Dried Fruit.

Toronto, Nov. 2.—The following comment on the market situation as regards foodstuffs, appears in the latest Green's:  
Interest centres chiefly in the announcement from Washington that an embargo on the export of virtually all dried fruits has been put into effect. This is a serious matter for the trade here, and whereas some importers feel that modification of this embargo may develop in a short time, others again feel that this step was only taken after a complete survey of the probable crop was stacked up against the requirements of the new army and navy being recruited.

Prunes and raisins are the two big lines affected, though the trade was pretty well resigned to the fact that very small allotments, if any, prunes would come through owing to severe crop damage coming on top of heavy government requirements. The same conditions are now affecting raisins, rains doing considerable damage to the later crops, and army needs proving very heavy.  
Coffee is also occupying the thoughts of importers considerably. The Brazilian market has developed remarkable strength only recently. This is not due to scarcity of this commodity, but rather to the possibility of an early peace with probable opportunities for trade with belligerent countries whose supplies must be practically exhausted. Supplies in Canada are not too heavy, though no serious shortage before the first of the year seems likely to develop. At that time, scarcity of bottoms to bring in the goods through promptly may result in an acute scarcity arising. The market seems to be, too, that prices will show a sharp advance, unless Brazilian interests show a change of heart from their present attitude—an unlikely development.

### ANOTHER REVOLUTION IN COSTA RICA

Uprising Against Government. Revolutionists Contrasting on Nicaraguan Soil.

New York, Nov. 3.—A despatch to The Associated Press from San Jose, Costa Rica, bearing the signature of the Costa Rican war ministry, says that revolutionists are concentrating along the northern border of Costa Rica, on the present government of Costa Rica was suppressed. There has been no recent news of any revolutionary movement in the country, although last April reports were current that an uprising was imminent.

### SINK BIG WARSHIPS.

Vienna, Nov. 2.—(Via Basel)—The Austrian navy department in a communication issued today says: "On Friday morning after the fleet had been surrendered to the Yugoslav national committee, several Italian navy officers penetrated Pola, placed a mine near the Viribus Nisi, and sank her, a majority of the officers and crew were saved."

### WAR STOCKS ARE UNDER PRESSURE

United States Steel Issues Weak — Mexican Pete a Sick Baby.

(McDougall and Cowans)  
New York, Nov. 2.—The market opened lower for most of the active list. War stocks were under pressure. Among these was U. S. Steel, and all the steel issues sold off. Mexican Pete broke badly on reports that the Mexican supreme court had upheld the oil tax, of which so much complaint has been made by American interests in Mexico. BSB made a new low and Industrial Alcohol a new low for this movement.

Toward the end of the first hour, the market recovered a part of the earlier decline, and the improvement continued at a moderate pace to the close. The news despatches told of important progress of the Allied forces in Belgium, and on the Italian front. It was also reported that the definite terms of the naval section of the armistice drawn up by the conference at Paris had reached Washington. This was unofficial.

### BULGARIA HAS A REVOLUTION

King Boris Abdicates and Government Becomes Republic Under Stambuliwsky.

Copenhagen, Nov. 2.—King Boris of Bulgaria, who ascended the throne on Oct. 3, has abdicated.  
A peasant government has been established at Tinnova under the leadership of M. Stambuliwsky, who has been the chief of the peasant and agrarian party in Bulgaria for some time.  
M. Stambuliwsky, who is reported to be the head of the new government in Bulgaria, is said to be in command of a revolution army of 40,000, according to a Zurich despatch to the Central News.

### MANY PERSONS ATTEND

Special to The Standard.  
Woodstock, Nov. 2.—Two popular young men were buried this afternoon. At 2 p. m. a very large number of friends attended the funeral of Harry Chandler, Rev. A. S. Hazel, rector of St. Luke's church, conducted the services.  
At 1 p. m. the funeral of John St. Thomas left his late residence and it was one of the largest processions held in town for some time. The interment was in St. Gertrude's cemetery. Rev. J. J. Ryan, conducting the burial services at the grave. The pallbearers were members of the railway brotherhoods, Oliver Vandine, Arthur Grant, Allan Riordan and Robert Sharp.

### LINSEED OIL IS STILL FALLING

Turpentine up Two Cents—Horsehoes and Ore Articles of Hardware Rise.

Toronto, Nov. 2.—"Hardware and Metal," says:  
Lower prices are again in evidence on linseed oil this week after a week of rather uncertain conditions in the seed market. Declines range from four cents to seven cents per gallon. Uncertainty as to how flaxseed may go seems to be the only certain feature in this market. The feeling is strong that unless an almost cessation of hostilities develops the market is about as low as it will go, and higher levels are looked for later on.  
Turpentine has advanced 2 cents per gallon in some quarters. This is in line with firm tendencies outlined last week, and follows closely on the strong feeling in evidence at primary points. Continued strength seems probable, it being reported that Pine Oil has been bought up in large quantities to be stored in tanks awaiting shipping space, and this will provide a firm undertone to the market.  
Local hardware has been checked, too, by increased charges for warpage, marking and barrels which have now become effective.  
Horse shoes are again prominent this week in an advance of 50c per keg. This follows on the heels of a similar increase about three months ago, and is some criterion of conditions generally applying in iron and steel industries. Further evidence as to the trend of these markets is given in an advance of about 20 per cent. in steel game traps, one of the sharp increases yet recorded in this line. Some lines of Canadian-made built-up hardware have been changed, new prices providing for advances which, it is indicated, amount to as much as 15 per cent.

Other lines to join the list of those on the upward trend are axle pulleys, tin roof caps, hand saws, foot valves, planes, tower bolts, thumb latches, and chain pipe wrenches. A 15c increase in the price of cement is also effective, as applied to certain territory.

### MAY SHIP POTATOES VIA POINT DU CHENE

Northumberland Will Go Into Service on Some Route Shortly.

Summerside, P.E.I., Nov. 2.—The shortage of cars for the movement of potatoes is proving a very serious matter and everything possible is being done to secure refrigerator or flat cars. As soon as a crew can be secured the Northumberland will go on the Straits service again, carrying potatoes. It has not as yet been announced whether she is to go on the Summerside or Charlottetown route, but considering that the bulk of the potatoes are going to the west and Boston, Summerside, du Chene would seem to be the most convenient route.

Those Dear Girls.  
Edith—Jack told me I was so interesting and so beautiful.  
Mae—And yet you will trust yourself for life with a man who begins deceiving you even during his courtship.

### DIVISION IN WALL STREET SENTIMENT

Several Stocks React Four to Ten Points—Stock Market Will be Closed Tomorrow.

New York, Nov. 2.—With United States Steel selling down almost to par, Mexican Petroleum, Royal Dutch and Texas Company reacting 4 to 10 points, and representative war group down 1 to 3 points, today's brief but busy session of stock market reflected a further division of speculative sentiment. Rails, shippings, coppers and other shares bearing little relation to peace or war broke 1 to 3 points, but rallied rather more easily than less seasoned stocks.  
Mexican Petroleum closed at a rally of 8 points and other leaders made variable recoveries, steel ending at a small fractional loss.  
Foreign news and next week's election holiday contributed to the short covering, but the tone at the close was irregular at best. Sales amounted to 275,000 shares.

The Bank Statement.  
The bank statement showed to a moderate extent the process of a liquidation recommended by the local money committee, and the actual decrease of \$46,000,000 and reserves of members in the federal reserve bank decreasing by slightly more than \$31,000,000 which almost effaces the previous week's expansion in that item. A decrease of \$79,000,000 in excess reserves also reduced by more than two-thirds last week's substantial gain in that quarter.

Trading in bonds, especially the domestic group, was active on a rising sale. Liberty 4's and 4 1/2's gaining 1/2 to 3/4 per cent.  
The new or fourth Liberty loan bonds (par value) aggregated \$4,900,000.  
Old United States bonds were unchanged during the week.
