

DETROIT POLICE COMMISSIONER VISITS FTON

Young Lady of North Devon Leaves for Work as a Missionary in India.

Special to The Standard. Fredericton, Oct. 22.—Miss Grace Machum, daughter of Mr. and Mrs. J. C. Machum, of North Devon, left last evening for Montreal, where she will spend a few days en route to Vancouver, from which place she sails for India on Oct. 30th. Miss Machum was selected by the Maritime Baptist Board as one of their missionaries in India.

Rev. Edward Mowatt left last evening for Appleton, Que., where he has accepted a pastorate. Mrs. Mowatt and children left some days ago. Rev. Mr. Mowatt, who is a son of the late Rev. J. A. Mowatt, for many years pastor of the Presbyterian church in this city, and later of the church in Montreal, has been pastor at Appleton for some time past.

Fletcher Peacock, director of vocational education, has returned from Woodstock, where he was in connection with the opening of the vocational school there. The day classes of the school are to open on Monday, November 3rd, and the night schools about the same time. R. W. Maxwell, who will be in charge of the school, has arrived from Guelph, Ont. Dr. J. W. Inches, of Detroit, formerly of Fredericton, arrived here this morning and will remain here a few days on private business. Dr. Inches is police commissioner of Detroit and was one of the first to grapple with the question of unionizing of police forces. In one night 432 men of the Detroit police force joined a union. The next day the commissioner began action to prevent the unions getting control of the police force.

The city of Detroit, Dr. Inches says, has a population of near a million and accommodation is far below requirements. Even at this time of the year, tens of thousands of people are under canvas, and it is probable that steamboats and other crafts will have to be used as dwellings to enable the people to pass the winter. Industrial expansion is responsible for the great increase in population.

CARIBOU RANGING THE HILLS ABOUT DAWSON CITY

Every Hill and Valley Covered With the Herds—Natives Laying in Meat Supply.

Dawson, Oct. 22.—Caribou in untold thousands are ranging the hills five miles from Dawson and over an area of fifty miles wide by one hundred miles in length. Every hill and valley is covered with the herds. Arrivals here from Glacier Creek travelling the main road passed through the centre of the herds for fifty miles, and they estimate that there are hundreds of thousands and possibly millions of animals in the Glacier Creek.

Dawson people are leaving here in squads to secure their winter meat supply. With beef and mutton selling here at from sixty to eighty cents a pound, the caribou afford great relief from the high cost of living. Women, boys and girls are joining the men in the big hunt.

The temperature at Dawson again is around zero, and the Yukon river is carrying heavy ice. The Washburn, the last steamer for White Horse from the lower river, passed here Sunday. She and the old river steamers now are safe above the danger points. There will be no more boats into Dawson this season. The first overland stage of the season left Fort Houston Monday.

DETROIT MAYOR GIVEN A SNUB

Windsor, Ont., Oct. 22.—Because Mayor James Couzens of Detroit, officially welcomed by De Valera, who claims to be President of the Irish Republic, and gave him a cordial welcome at the Detroit City Hall, he has been struck from the list of guests to the dinner to be tendered H. R. H. the Prince of Wales, at the Essex Golf and Country Club, Thursday evening. The general invitation committee reached this decision at a special meeting today. Mayor Couzens and Howard Meredith, British counsel, were the only Detroiters invited to the dinner.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIANS ADVICE.

Frederick S. Kelle, M. D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-tones should take a 6-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well, or are too thin, to to any good drug and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Endless cheer your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality your money will be returned, and the Bitro-Phosphate will cost you nothing.

LEADERSHIP OR POLICY NOT MADE KNOWN BY U. F. O.

Meeting of Party Leaders at Toronto Failed to Settle Upon Policy to be Pursued

Toronto, Oct. 22.—It was evident this afternoon that the United Farmers of Ontario, at their private meeting here, would not reach any decision on matters relating to leadership or policy till this evening, and possibly not until tomorrow. Lieut.-Colonel J. Fraser, chairman of the Farmers' Publishing Company, is in the chair. Thirty-seven of the farmer legislators elected on Monday are in attendance, in addition to other delegates. Hon.

T. A. O'Brien, H. H. Marid and Manning Doherty were among the more prominent agriculturists present. Gordon Walker, a Toronto lawyer, and James Simpson, who ran unsuccessfully as a U. F. O. Labor man in West York, were also within the conference.

During the afternoon the statement was given out that the session was largely of a "get-together" nature. Messrs. H. Bowman and J. W. Widdfield, who were the only U. F. O. members in the last legislature addressed the gathering today.

WORK IN AMITY.

Natives of Jerusalem declare that the biblical prediction of a day when the lion and the lamb would lie down together has about reached that quarter of the globe. For the first time in the history of the Holy Land Christians, Moslems, and Jews are working side by side in industrial workrooms which were opened by the American Red Cross Commission to Palestine.

LAST OF CREW OF STEFFANSON LEAVE THE ARCTIC

Nome, Alaska, Sept. 26.—Martin Killin and Adawet Gumaer, the last two members of Vilhjalmur Stefansson's Canadian Arctic Expedition to leave the Arctic, are reported aboard the trading schooner Anna Olga which is working its way toward Nome along the northern coast of Alaska.

Killin and Gumaer were not members of Stefansson's original party. They were members of a party Storkerson, Stefansson's lieutenant, led on to an ice floe last year in the hope that the Arctic drift would carry the floe westward to Siberia. After spending eight months on the ice the men found themselves about fifty miles from their starting point. They all came ashore and Storkerson and one other member headed overland for the outside world. Killin and Gumaer boarded the Olga and started for Nome.

BOYRII

explorer, trader and trapper along the northern rim of the continent ever since 1908. He expects to associate himself with Stefansson in handling the Canadian government's proposal to stock the northern tundra, plains with reindeer.

DOMINION TIRES

Don't Blame the Dealer if you didn't get Dominion Tires

HE couldn't get them for you, because the factory could not make Dominion Tires fast enough to supply the demand. This year, more than ever, Dominion Tires demonstrated their leadership.

THEIR quality and workmanship, their extra strength and mileage, have been proven on the road; and experienced motorists by the thousands in every section of Canada turned to the good tires that have made good.

AS a result, the demand steadily increased; the factory worked day and night; but dealers sold out and surplus stocks were snapped up.

FOR next season, however, there will be a greatly increased production of Dominion Tires.

IF you will need new tires, order them NOW, so your dealer will have a chance to have them for you when you want them.

BE sure to have the new tires fitted with DOMINION INNER TUBES—they are made to fit all Dominion Tires and assure perfectly balanced tires.

SIX different treads, for every car and every purpose, business and pleasure; and Dominion Inner Tubes to give you perfectly balanced tires.

DOMINION RUBBER SYSTEM

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

Dominion Tires are Dominion Rubber System products—perfected by the same organization making and distributing:—
"Dominion" Rubbers, "Fleet Foot" Shoes, "Dominion" Raynsters, "Rinex" Soles, "Dominion" Belting, Mose and Packing, "Dominion" Druggists' Rubber Sundries.

McDonald Gains Twenty Pounds

Could Hardly Raise Hand His Head — Rheumatism Leaves Him After Builds Him Up.

It there was ever a time in my life when I felt better than I do today, thanks to the medicine I have taken, I can't remember. I was living at 4 Canard street, Halifax, telling of the remarkable results has obtained from the medicine.

"That spell of flu I had last explained Mr. McDonald, 'left with stomach trouble and rheumatism and so weak and rundown, I couldn't shoe three horses without being completely exhausted. I had no appetite and my stomach was so that even the sight or smell of food would nauseate me. I would leave the table without eating a thing and when I did eat, it seemed to do me little, or no good, as I lost twenty-five pounds in weight. My nerves were so shattered that I would wake up at all hours of the night, or getting a sound sleep, and then I would be so stiff and sore that I could do to get off to the shop. Besides I just hurt all over with rheumatism. My legs, arms and shoulders seemed to ache clean to the bone. Joints would get so stiff I could hardly bend them and in damp weather, especially, I couldn't make a without just suffering agony. I was a constant pain in the small of my back and my arms and shoulders were so stiff and painful that it was difficult for me to raise my hand to my head. I was so stiff and sore in the mornings that I had to get my clothes on and get the rheumatism and that tired, out feeling I was just about 'all in'."

"Just before I started on Tanlac had made up my mind to stop to work and go to the country, see if that would help me, for I was getting worse all the time. I mean time I ran across a Tanlac (testimonial that described my case) well that I concluded to see if medicine would help me. Well, it has not only helped me, it has made a new man of me. I have six bottles now and have gotten twenty pounds of my lost weight ready. My appetite is great and I am eating three hearty meals a day. My stomach never troubles me a bit. And as to the rheumatism, I haven't had a touch of it since I took my second bottle of Tanlac. I believe it has left me for good. I can work ten hours a day and feel a sign of it. I can go to bed at eight o'clock at night and sleep a log until six in the morning, that tired, weak feeling is gone. I can now shoe an average of 12 horses a day and still feel strong. I don't feel the effects of the flu any more than if I had never been in fact. I am just feeling fine. I can recommend Tanlac as by far the best medicine I have ever used. Tanlac is sold in St. John by the Drug Company and P. W. Munro. Under the personal direction of a Tanlac representative.—(Ad.)"

POLICE COURT.

In the police court yesterday R. Moore was charged with drunk and also with assaulting a young lady. He pleaded guilty to both charges. The young lady, of being accosted by him on Square and said they walked Sydney street when he struck her hard blow in the face. She again assaulted her in Orange. The only reason she could give for this conduct was that she did not have an engagement with him on Monday night. Her eye suffered most. Fine of \$100 was imposed.

John Melanson was arrested day night on suspicion of stealing a coat valued at \$10, from the John County Hospital. He was wanted, as Sergeant Detective and Detective Saunders, who the arrest, wished to obtain evidence.

A case against George Stanton, Harold Smith, suspected of stealing a pipe, the property of the value at \$75, came up. Williams told of hauling the pipe to the day Bay. Detective Saunders evidence and the case was postponed for further evidence.
