A London special says: I have received information which may be relied upon respecting compensation paid to England by the Madrid Government—\$75,000; \$40,000 was paid as sati-faction for Bri tish sufferers in the Virginius butchery, and the balance remaining went to cover other outstanding claims against Spain. The present Government of Spain was not recognized by England until her claims had been admitted.

The Barnabee Concert. The Academy contained as many people last evening as it would comfortably hold, and the concert of the Barnabee Company was a great success. Many people paid a dollar for their seats, and were perfectly satisfied that they got the worth of their money. All the efforts of the company were warmly applieded, and Barnabee was compelled to return again and again to the stage.

SICKNESS is an affliction that waits on us all. None are exempt, and there are none but need relief from its affacks. Whoever can furnish this becomes our benefactor. A conviction prevails that Dr. Ayen does it. Disorders of the blood have been healed by his Sarsapa rilla, and affections of the lungs by his Cherry Pectoral, too frequently and too distinctly to be disputed. His Agus Cure is said, by those who use it, to never fail. Reader, if you must have medical aid, take the best of medicine. Poor remedies are dear, as good are cheap, at any price you have to pay for them.—Charleston Courist.
