This Journal is the official organ of the four most prominent special local societies in this country. Publishes the best work of the best men in Gynecology and Obstetrics. First in the field of independent medical journalism, it is the strongest, most ably edited and thoroughly progressive special monthly journal and occupies a unique position among the leading scientific publications of the world. An efficient Abstract Department enables the readers to keep in touch with everything distinctive in Gynecology, Obstetrics, and Pediatrics in this country and abroad. "Every volume is worth a series of lectures to the family practitioner."

Issued Monthly. 128 to 156 pages, illustrated. \$4.00 a Year.

H. D. REYNOLDS, General Manager,
1 Madison Avenue, New York.
