

their Ships up in Harbour *Britain*. From the Cape of *Grand Bank* to Point *Enragee*, the Course is N. E. a quarter E. 8 Leagues, forming a Bay between them, in which the Shore is low, with several sandy Beaches, behind which are Bar Harbours that will admit Boats on the Tide of Flood, the largest of which is *Great Garnish*, 5 leagues from *Grand Bank*; it may be known by several Rocks above Water lying before it; 2 Miles from the Shore, the outmost of these Rocks are steep too, but between them and the Shore are dangerous sunken Rocks. To the Eastward, and within these Rocks is *Frenchman's Cove*, wherein you may anchor with small Vessels, in 4 and 5 Fathom Water, tolerably well sheltered from the Sea Winds, and seems a convenient Place for the Cod Fishery: The Passage in is to the Eastward of the Rocks that are the highest above Water; between them and some other lower Rocks lying off to the Eastward from the East Point of the *Cove*, there is a sunken Rock nearly in the Middle of this Passage, which you must be aware of. You may anchor any where under the Shore, between *Grand Bank* and *Great Garnish* in 8 and 10 Fathom Water, but you are only sheltered from the Land Winds.

*Point Enragee* is but low, but a little way in the Country is high Land; this Point may be known by two Hummocks upon it close to the Shore, but you must be very near, otherwise the Elevation of the high Lands will hinder you from discovering them; close to the Point is a Rock under Water.

From *Point Enragee* to the Head of the Bay, the Course is first N. E. a quarter E. 3 Leagues to *Grand Jervey*; then N. E. by E. half E. 7 Leagues and a half to the Head of the Bay; the Land in general along the South Side is high, bold too, and of an uneven Height, with Hills and Vallies of various Extent; the Vallies for the most Part clothed with Wood, and watered with small Rivulets.

Seven Leagues to the Eastward of *Point Enragee*, is the Bay *L'Argent*, where you may anchor in 30 or 40 Fathom Water, sheltered from all Winds.

The Entrance of Harbour *Millee* is to the Eastward of the East Point of *Harbour L'Argent*; before this Harbour and the Bay *L'Argent* is a remarkable Rock, that at a Distance appears like a Shallop under Sail. *Harbour Millee* branches into two Arms, one laying into the N. E. and the other towards the E. at the upper Part of both is good Anchorage, and various Sorts of Wood. Between this Harbour and *Point Enragee*, are several Bar Harbours in small Bays, wherein are sandy Beaches, off which Vessels may anchor, but they must be very near the Shore to be in a moderate Depth of Water.

*Cape Millee* lies N. N. E. half E. 1 League from the afore-mentioned *Shallop Rock*, and near 3 Leagues from the Head of *Fortune Bay* is a high reddish barren Rock. The Width of *Fortune Bay* at *Cape Millee* doth not exceed half a League, but immediately below it, it is twice as wide, by which this Cape may easily be known; above this Cape the Land on both Sides is high, with steep
