Toronto 1st October 1847

Sir,

I beg to report to you that in accordance with your instructions to inspect and value the Beach, in possession of the Credit Indians lying in the immediate vicinity of the Harbour at the Credit Indian Reserve, and also to survey, subdivide, and value the water lot, originally reserved to the Indians at that place, and finally to make a new survey of the Mill Block on the above River with the object of suggesting a method of bringing the water privilege forming the principal attraction in that property, before the Public in a less expensive shape &c the whole of these services have been performed.

With respect to the two first the accompanying Schedule lettered (H) sets forth the subdivisions, their extent and value.

As regards the survey of the Mill Block I have the honor to forward you a detailed plan of the New Survey; and to accompany it with Schedules (F) and (G) which illustrate the New Valuation consequent on the amended Survey.

I also forward you, for reference, a detailed description of what will, according to this plan constitute the Mill Privilege.

You will see Sir, by the plan, that a part of No. 4. (about $4\frac{1}{2}$ Acres) is of necessity included in the Mill property. In line of this the

Wm Anderson Esq
D. S. L. &
Colbry

Yours faithfully
