you last Winter regarding Senator L'Esperance in the District of Quebec, you are sure now that I was right. These men should be kept in back because the Public don't want to see them and after you are elected, if these unpopular men deserve some reward, well you would be at liberty to give them what they deserve. My only end is to see you Prime Minister of Canada and I will do all possible and take all means to succeed.

Personally I have no illfeeling against Hon. Mr. Monty or Mr. Lamarre but in Politics I consider these two men as failures, and I hold them responsible for the defeat of our Party in St. Antoine, which defeat has had a repercussion in West Hastings lately, we therefore cannot keep on going with men like them.

As for me, you know Mr. Meighen, I am entirely devoted to the Party, - I don't owe the Party anything, - I don't need anything, and I don't want anything. - As long as you will become the Prime Minister of this Country and that I would have been of a little help to you, I will be entirely satisfied.

I hope therefore, that you will take all of the above remarks in good part as coming from a devoted and sincere friend.

Yours very truly,
