I did shake hands with you
in Edmonton but you didn't recog-
nize me. It was when the old
Protestant minister was telling you how
much he had wanted you to talk
about the Natural Resources! & you
said you regretted having overlooked it
but that you would need the order of
the Alberta Govt. Well, I need not
tell you again of my regrets at the
result of the election, and indeed this
letter is only to assure you of my
sympathy, support and good wishes
for the future. Always yours sincerely
