News in Brief.

NOVA SCOTIA.

The school thief on the W. & A. Railway has been captured, with a dozen satchels in his possession.

The employees of the Eastern Division Intercolonial Railway, presented Mr. Arthur Bush, their late Superintendent, with an address, accompanied by a Gold Watch and Chain. Mr. Bush goes to River de Loup, enter up his duties as General Superintendent of the North Half of the road.

Since the shipping season commenced we find that over 500 vessels have either loaded or called for orders. Of the latter, 200 were Schooners, 40 Brigantines, 70 Barks, 10 Ships and 30 Steamers. From this statement some idea can be formed of the vast amount of tonnage that enters our ports in our Port—Sydney, C. B. Herald.

PROVINCIAL AGRICULTURAL EXHIBITION.—Judging from the entries already made, the exhibition of live stock promises to be remarkably large, especially in the department of thoroughbred animals. To-day (Saturday) is the last day for entries of live stock. The contractor is at work on the cattle sheds in the Government Field, the Drill Shed repairs are well advanced; the committees on fruits and plants have adjusted their plans for the fruit and flower departments, and generally the arrangements are proceeding as rapidly as can be expected. The Board are using every exertion to provide comfortable accommodation for the animals, and the arrangements for the people. It is to be hoped that hotel proprietors, boarding house keepers, and the citizens generally will strive to render as comfortable as possible the immense influx of visitors which we are likely to have in the city during exhibition week. —Chron. Sept. 26th.

The Gulf Port Steamer delivered 30,000 tons of coal weekly, at Monrovia, for Grand Trunk Railway.

THE WESLEYAN FAIR SALE AND TEA MEETING AT NEWPORT.—This sale and Tea Meeting is referred to in terms of commendation by a correspondent, who states that the additional sum of \$2,000 was a very successful one. We have learned that it was patronized by an exceedingly respectable class of people, that every attention was paid to strangers, and that a beautiful record was made at the time of the raising of funds, and a bachelor friend has whispered in our ear that the Newport young ladies looked charmingly. We have heard that an additional treat was given by a committee of the supervision of the Rev. R. Alder Temple, to the musical talent of the ladies and gentlemen of Brooklin and vicinity. —Windsor Mail.

The correspondent telegraphs:—"The whole amount realized was \$720. I understand that a wealthy, retired gentleman of Halifax, intending to give a large sum of money to the cause, has decided to make this a special contribution. So all that is wanted to make this edifice complete is for some friends of the Church to make this worthy people a present of a good church organ."

I cannot close this brief note without making mention of the main mover in this work, the Rev. R. Alder Temple. The Rev. gentleman by his example and labors has endeavored to lead the whole community. As he is now entering on his second year of pastoral work, I in common with those among whom he labors, wish yet become one of those thriving, prosperous, towns which this Dominion of ours is yet to be proud of.

PERSONAL.—The Boston "Advertiser" of Tuesday says:—"At the regular weekly meeting of the Methodist preachers yesterday the Rev. Richard Smith, the Rev. Mr. Nicholson, editor of the Provincial Freeman, and several other members of the Nova Scotia conference, were introduced as delegates to the first general conference of the British provinces and New Dominion, to be held in a few days at Toronto."

ESCAPE FROM HALIFAX PENITENTIARY.—Thomas Longenecker, a notorious horse thief, escaped from the Penitentiary yesterday afternoon. A reward of \$20 is offered for his capture. He was under sentence of nine years, and had served four. —Chronicle.

COLLISION ON THE GRAND TRUNK.—A freight train and a passenger train on the Grand Trunk Railway collided near Danville Junction, on Tuesday. No persons were injured, but engines and cars of both trains were badly smashed, and the track torn up.

NEW BRUNSWICK.

In the Gloucester court, the jury in the case of the Queen vs. Angell Poulin, on Saturday, brought in a verdict of guilty of murder, after being out all night. Gallan was then brought into court, and Judge Weldon sentenced him to be hanged on the 19th of October. Mrs. Poulin was then brought in and sentenced. As she is accused the execution of her sentence was delayed until the 6th of January. —St. John Tribune.

A CURIOUS CASE.—The St. Andrews Standard and says that, on Wednesday afternoon last Mrs. Craig wife of Mr. John Craig, was suddenly taken ill, exhibiting symptoms of poisoning. Dr. Harry Goss immediately called in, and pronounced it a case of poisoning from fish which she had taken for dinner. The Doctor says that it is a peculiar dysentery in some individuals, who sometimes have severe and dangerous symptoms after partaking of simple articles of diet.

Police Magistrate Marsh, Frederickton, the other day sentenced two men to six months imprisonment in the Penitentiary on a charge of drunkenness. —News.

Mr. Donald Montgomery has been appointed Head Master of the Normal School.

The New Court House in Summerside, is being rapidly pushed forward toward completion.

We understand that the Tryon Cloth Mills, which are being rebuilt are nearly completed. They will be ready for work about the middle of next month.

Chorus.—From all parts of the country we hear favorable reports of the crops, and the weather of late has been such as to favor the growth of the crops. We see from our exchanges that the crops in other countries promise an abundant return. It is said that Europe will have a surplus of wheat to send to England, while the crops in England are better than water. There is, therefore, every prospect of cheap bread stuffs this season.

J. S. CARVELL, Esq., has been appointed a Trustee of the Lunatic Asylum. Mr. Carvell is an active energetic man, and the appointments cannot but be approved of by every person who wishes to see our Asylum conducted as it should be. —Argus.

The congregation of the Wesleyan Church have decided to abandon their church site at Albert street, owing to its too close proximity to the theatre now in course of erection in that locality. —Montreal Free Press.

A new plan of delivering milk is suggested by the Boston Milk Association. The racks are arranged on each side of the milk wagon containing quart and pint bottles of fresh milk. The customer returns the bottles the next day after delivery, and no pitchers, pans or bowls are required. Each bottle is tightly corked, and can be put away in a pail of cold water, which is fresh and sweet and taking up little room.

AN EXTRAORDINARY VERDICT.—A New castle, N. B. despatch to the St. John Telegraph says:—"The Supreme Court closed today. One civil case was tried—McCallum versus Perkins—an action of replevin. Thompson for the plaintiff. No defence. The action was brought to recover the value of about twenty thousand burnt bricks and some lumber arranged on each side of the milk wagon containing quart and pint bottles of fresh milk. The customer returns the bottles the next day after delivery, and no pitchers, pans or bowls are required. Each bottle is tightly corked, and can be put away in a pail of cold water, which is fresh and sweet and taking up little room."
