the government of this country. Once every four or five years we go out and cast our ballots. On that one day we have things pretty much in our own hands. For the next several years, however, our representatives have the running of our country. We are nowering of our country. have the running of our country. We are powerless to prevent them from doing things much as they like. Not infrequently they take advantage of their opportunities.

PARTY PLATFORMS These conditions are made still worse by our party platforms. Suppose you went into a store to buy a pose you went into a store to buy a hat and a pair of trousers, and the salesman told you he would be glad to sale them to you, but you would have to take a coat and a pair of tan shoes also?
