ROYALS WIN ANOTHER FROM PROVIDENCE—HOME FOR OPENING

WILL FOLLOW OXFORD'S EXAMPLE AND PARTICIPATE IN BIG RELAY RACE—KEEN COMPETITION FOR DIRECTORATE IN M. A. A. THIS YEAR.

PROVIDENCE, May 5.—The Royals took the third of the series here yesterday when in a game as remarkable for its snap and brilliance as Sunday's contest was for its utter lack of science, the Montreal nine drew out in the lead by a two to one tally.

The pitching of Schaefer and Couchman was the outstanding feature of the game, although several examples of smart fielding went a long way towards making the fans forget Sunday's burlesque.

The team is home to-day and opens the season at Atwater Park to-morrow afternoon with Jersey City. While on the road they have won four of the eleven games played, and while this is not a brilliant record, the three teams above them are not so far in the lead by that amount, winning streak would put the Royals well up in the race. The team has shown itself weaker on the offensive than with the bat, but with the addition of Holstein, who has been purchased from the Chicago Americans, this department should be strengthened.

For Holstein is credited with an average of .312 in 125 games with Lowell, in the New England League, last year.

Two ex-Royal players were prominent in yesterday's games in the big show. Dubuc was driven from the box by Cleveland although his team won the game, while in the National League, Joe Connelly's homer helped Boston to win from Philadelphia.

At Havre de Grace.
Havre de Grace, May 5.—The Perceval handicap, the feature of the afternoon, was won by Surgen, one of the most promising two year olds at the course. Favorites were the other five of the six events, the only outsider to finish in front being Arden in the first race.

The results:
Race. Winner. Betting.
First....General Villa.....7 to 2
Second....Lover.....17 to 5
Third....Robert Bradley.....12 to 10
Fourth....Surgen.....7 to 1
Fifth....Arden.....8 to 5
Sixth....Nag Nick.....11 to 10

At Lexington.
Lexington, May 5.—The offering at Lexington yesterday was a featureless one, being a card consisting of six selling races, which drew good entries.

Results:

HAIL FUTURE CARDINAL

Quebec, May 4.—Amid the pealing of church bells, the music of bands and the cheers of thousands of citizens throughout the flag-decked streets, His Grace Monseigneur Beaudry, Archbishop of Quebec, left this afternoon for New York, where he will sail on Wednesday for Rome to be elevated to the dignity of Cardinal on May 25th, by His Holiness Pope Pius X.

In the same carriage in which His Grace left the cathedral were seated His Grace Mgr. Mathieu, Bishop of Leguin; His Grace Mgr. Roy, auxiliary Bishop of Quebec; and Mgr. Marois, vicar-general. The carriage conveying Quebec's future cardinal was surrounded by a guard of Pontifical Zouaves, under command of Chevalier Rouleau, and was preceded by the cadets of the Quebec Seminary and their band. In the cortege following were His Worship Mayor Drouin and the members of the city council as well as thousands of citizens and clergy from all parts of the diocese. As the procession was passing the monument erected to the memory of the saintly Mgr. Laval, who was the first bishop of Quebec, the students of the Quebec Seminary and the Christian Brothers Commercial Academy, who were assembled at the base of the monument, rendered a chorus of jubilation.

OLD WARRIOR DEAD

Gen. Daniel Sikes, a Civil War Veteran.

New York, May 3.—General Daniel Sikes died at his home shortly after nine o'clock last night. His wife was at his bedside at the end. He was 89 years old.

Mrs. Sikes, who had been estranged from her husband for more than a quarter of a century, went to the general's house when she was informed he was dying and took charge of the arrangements for his care. She remained at his bedside during the night and watched him until his death.

The final reconciliation was brought about largely through the efforts of their son, Stanton, it is understood, the general recently having made advances to his wife, which were assured by Stanton that they would be met halfway.

LARGEST TRUST CO.

Colorado Institution Has More Depositors Than Any Other in That Region.

Under the title of "A Little Story of a Colorado, Treasure House," the International Trust Company of Denver has issued for distribution a booklet picturing its main banking room and its vaults.

The booklet contains the interesting information that "Colorado boasts of a larger average bank deposits in proportion to population than any other State in the Union. The amount of money in Colorado banks for each person in the State is \$135.16."

This remarkable showing, it is added, takes no account of the immense value of the securities and other valuables in the safe deposit vaults, which sum, it is stated, is equal to at least the deposits in the banks.

According to the pamphlet, the International trust has more deposits and more depositors than any other trust company in the Rocky Mountain region; it has one depositor for every seventeen persons in the population of Denver, and in its savings deposits it has 25 per cent. of all the saving deposits in the State of Colorado.

The institution is the oldest and largest trust company in Colorado; its safe deposit vaults are the largest in the West, and its equipment, which is new and modern, ranks with the best in this country.

The International Trust Company has a capital of \$50,000, surplus of \$250,000, and undivided profits of \$54,461. Its deposits on March 4 were \$7,160,267; and its resources \$8,266,497.

"Gold" and "Dross"

These words are placed at the head of the investment section of one of Canada's most popular weeklies. The department is a catalog of success and failure. These notes and comments show that the most astute investor may fail, therefore the unskilled beneficiary under a life policy, will be in great danger of forfeiting the proceeds.

The Mutual Life Company's Continuous Instalment Policies do away entirely with the investment problem. They automatically become at the death of the assured, gilt-edged securities—no "dross"—all "gold."
