

Maxwell Ability Emphasized by Champions

The ability of the Maxwell to take most any kind of road without apparent effort is the direct result of selecting equipment of the same high standard as the car itself.

Champion Dependable Spark Plugs

Champion "Minute" Spark Plug Cleaner

Every motorist should have one. Cleans a set of plugs perfectly in a few minutes without taking them apart or even getting your hands dirty. All you have to do is half fill the tube with gasoline, screw in the plug and shake for a minute.

Sells for \$1.00

were developed for and are factory equipment on all Maxwell cars—this is the strongest possible proof that your replacements should be Champions.

The patented compression-proof asbestos lined copper gaskets on both shoulders, protect the porcelain against cylinder shock and temperature changes, guaranteeing long life and satisfaction.

Insist on the name "CHAMPION" on each porcelain. It guarantees "Absolute satisfaction to the user or free repair or replacement will be made."

Dealers everywhere sell Champions that are particularly adapted to your motor.

Champion Spark Plug Co. of Canada, Limited Windsor, Ont.

IRON AGE ?

POTATO DIGGERS

answer the farmers' big questions: How can I get my potatoes out quickly with less help and fewer horses? How can I have my tubers ready for a high-price market away before freezing?

The **IRON AGE** Digger rolls the potatoes out in long rows ready to gather, clear of dirt, weeds and tops. It turns short into next row, or can be backed.

The staunch, powerful, and dependable No. 155 shown here will take care of the heaviest conditions. Made by specialists in potato machinery—in business over 22 years.

Fertilize the Whole Field

ONE great feature of the McCormick spreader is that it fertilizes every particle of soil, spreading an even coat of manure, light or heavy as desired, up hill or down.

This evenness of spreading is due to McCormick design. The reversing apron is driven by a worm feed which maintains the same relative speed of apron to beater at all times. The manure is thus fed steadily to the beater, which tears it into small pieces and delivers it to a spiral beater. The spiral gives the manure a second beating, makes the pieces still smaller and spreads evenly beyond the wheel tracks. Each particle of the soil is thus properly fertilized, and the whole field put in condition to produce a bumper crop. No manure is wasted. A McCormick spreader makes twenty loads do the work of forty spread with a fork.

McCormick spreaders are made in three sizes. No. 8 is a 49-bushel machine; No. 5, 55 bushels; and No. 6, 63 bushels. All are of the popular low type, with narrow boxes, cut-under front wheels, and strong steel frames.

See the McCormick local dealer, or write the nearest branch house for catalogue and full information.

LESSEN GEAR WEAR

TO make your machine separate more thoroughly, run easiest and prove most durable and dependable, lessen gear wear with Standard Hand Separator Oil. Does this special work especially well. Feeds quickly into the close-fitting bearings; does not gum; prevents seam rust and corrosion. Use no substitute.

Correct lubrication of your cream separator is just as essential as for your other farm machines.

Sold in pint, quart, half-gallon, gallon and 4-gallon cans; also barrels and half-barrels. By reliable dealers everywhere.
