HOW TO GET BETTER LIGHT From COAL OIL

Recent test by Prof. Rogers, Lewis Institute, Chicago, and Prof. M. Kerrow, McGill University Montreal, on 'Aladdin' oil-burning lamps show the Aladdin Mantle Lamp is the most economical and gives over twice as much light as the Rayo and other lamps tested. It is odorless, safe, clean, noiseless. Better light than gas or electric. Every Aladdin Lamp fully guaranteed and protected by patents in nearly every country on earth. Our burners fit your old lamps. To introduce the Aladdin, we will give
ONE LAMP or BURNER FREE
in each neighborhood. Send postal with name and address, ask for 'AL' AGENTS. Ball sold over 1000 on money back slogan. Burners sold \$2.00 in 15 days. Ask for liberal agency proposition. Sample lamp furnished.

LOCAL OPTION IN ONTARIO

Local option made a gain of ten municipalities in Ontario on New Year's day. Of fifteen municipalities voting to repeal by-laws, everyone sustained local option. Ten places carried local option by-laws and in eighteen there was a majority for, but not sufficient to carry out the three-fifths requirement; twenty-four places defeated local option. There are now 452 municipalities without bars and 370 with licenses.

Seed Distribution

By instructions of the Hon. Minister of Agriculture a distribution will be made during the coming winter and spring of superior sorts of grain and potatoes to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), white oats (4 lbs.), barley (5 lbs.), and field peas (3 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants should give particulars in regard to the soil on their farms; and should also state what varieties they have already tested and in what way these have been found unsatisfactory, so that a promising sort for their conditions may be sent.

Each application must be separate and must be signed by the applicant. Only one sample can be sent to each farm. Applications on any kind of printed or written form cannot be accepted.

As the supply of seed is limited, farmers are advised to apply early to avoid possible disappointment. No applications can be accepted after Feb. 15.

All applications for grain (and applications for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa. Such applications require no postage.

Applications for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

J. H. GRISDALE,

Director, Dominion Experimental Farms.

STALLION TO BE SOLD

The Pomeroy Clydesdale Association are offering this splendid Clydesdale Stallion Vigorous (Imp) 6152 for sale. A rare chance for any district needing a first class horse. This horse has been five years on the same route which is the reason for selling him. Vigorous is well known in Canadian show rings, having won 1st at Toronto, 2nd at Winnipeg and Brandon, 1st and championship Portage la Prairie, winning Free Press Cup for best stallion, any draft breed. Three of his get were shown at Winnipeg, 1911, winning 1st and Canadian championship on Albion, 2 year stallion; 1st and reserve championship on Darling Bell, 2 year filly; 1st on yearling filly, and first for three—the get of one horse. His get were quite as successful at Brandon, winning four 1sts, championship and reserve championship. Vigorous is a ton horse, his sire Up to Time is one of Baron Pride's biggest and best sons. Vigorous is a very sure horse, having earned last year very close to 50 per cent.

Mr. Andrew Graham, of Pomeroy, who carries an ad in The Guide writes us that he finds The Guide a splendid medium through which to reach the better class of farmers. The enquiries have never been better for all kinds of live stock. He has recently sold to Bell Bros., of Roland, the young stallion Prosperity, rising three years. This is a very large and promising horse, so vigorous that he has made a splendid name for himself as a sire. Albion, also rising three years, Canadian champion both Winnipeg and Brandon shows, shows every indication of maturing into one of the greatest horses of the West.

Top Notch (Imp.), first at Brandon, is making wonderful development. The first crop of foals by Johnston Count (winner of 1st at Miami, Carman, Portage, Winnipeg and Brandon) in the keenest competition continue to show a combination of substance and quality which is very rarely equalled and stamps their sire as one of the best stock horses of the times. Mr. Graham is sold out of boars, but is breeding a splendid lot of young sows for spring farrow.

DE LAVAL Cream and Butter Triumph as Usual At National Dairy Show

Cream and butter produced through the use of DE LAVAL CREAM SEPARATORS made the usual clean sweep of all Highest Awards at the great 1911 National Dairy Show (including the annual convention of the National Buttermakers Association) held in Chicago October 26th—November 4th, just as has always been the case since the organization of the National Association in 1892.

WHOLE MILK CREAMERY BUTTER

The sweepstakes or highest award in this class was won by A. J. Anderson, Otisco, Minn., with a score of 97.50, who says: "I have been using De Laval separators for ten years and would not think of using any other."

FARM SEPARATOR BUTTER

The sweepstakes in the gathered cream factory made butter class was won by R. O. Brye, of the Readstown Creamery Co., Readstown, Wis., with a score of 97.33, this prize winning butter being made from the cream of farm patrons using De Laval separators exclusively.

Mr. Brye says: "I was raised on a dairy farm, where my father used a De Laval separator, and my own separator experience covers a period of twenty years. I have found the De Laval machines everything that is claimed for them."

HIGHEST PRIZE CREAM EXHIBIT

The highest award for cream was made to Nichols Bros., Bloomfield, Ky., with a score of 98.80, who say: If we didn't use the best separator we could not have made this record. Our experience has proven the De Laval the only separator that 'delivered the goods'."

DE LAVAL PRODUCTS ALWAYS SUPERIOR

Would-be competitors are naturally forced to make many claims for their separators. But the superiority of De Laval cream and butter, as evidenced by the winning of all highest prize awards the world over for twenty years, is something so overwhelming as to be indisputable and unanswerable even by the most reckless would-be competitor.
