

"Dominion Autowline"

Is indispensable to every Motorist who wishes to have his car towed or pulled out of a ditch. Can be attached to another car or anything else in less than a minute. Why use a Manilla Rope when you can have the only STEEL Towing Line. Weight 6 lbs., Diameter 1 ft. Goes under a cushion.

Manufactured by

The Dominion Wire Rope Co., Limited
MONTREAL

When In Need of a RAIL LOADER

Let us quote you for one
which has been adopted by
