The Increase Has Been Large During the Present Year.

BETTER THAN IN 1897

The Increase Runs From 25 to 300 Per Cent-All Predict That 1899 Will Be a Phenomenally Prosperous Year for This Camp.

Numerous interviews with the mer chants and business men of this year are printed below. These reveal that the year 1898 was the most prosperous in the history of the camp. The volume of business transacted was even larger than in the boom days of 1896, and was much greater in volume than in 1897. The prediction is freely made that the year 1889 will be much better for all lines of business than even the present year has been. Appended are the inter-

year has been 40 per cent better than for the same time last season," was the terse way that O. O. Lalonde, shoe dealer, summarized the situation. "Taking the year as a whole, the inover 1897. Business has shown a general increase in all classes of our good.

William Rolls, druggist. - Business during the year showed a considerable increase over that of last year and the Christmas business was exceeding satisfactory. Saturday's business was embedding satisfactory. Saturday's business was quite double that of the corresponding the two months of the firm's existence,

R. C. Waterson, "during the past year has increased month by month and we have had especial cause to congratulate ourselves in not only the quantity but the quality of the goods demanded. Christmas week was very good, and, indeed, was by far the best in the his-

tory of the company."
H. H. Smith, merchant tailor.have every reason to be satisfied with the business this year and my holiday trade has been exceptionally large, and many of the orders have been taken far

while Friday's and Saturday's business were double those of any other two

days.
S. A. Hartman, clothing, gents' furnishings, etc.—Business was never better than during the past year, and I have had to duplicate orders time after time. The holiday trade was double that of last year, and the year's business on the whole was at least 50 per cent greater.

C. O. D. Grocery.—While the business for the year was better than we had an-

ticipated and has been steadily increas-ing during the whole time, the holiday trade was hardly up to our expectations though it was on the whole satisfactory. Dabney & Parker .- Our business dur-

John Dean said: "Without a-doubt business during 1898 as a whole, and especially during the declining months, was away ahead of 1897. In the early part of this year we were yet suffaring from the relapse begun in 1897, which is always incident to injudicious investment by inexperienced investors, both in stocks and mining property, and I may also say in real estate to some extent. Shortly after midsummer we had every sign of improving business. The faith evidenced on every hand by Governor Mackintosh on behalf of the British America corporation, exemplified by the numerous and heavy investments made, had much to do with this, together with the increasing ore shipments from the Le Roi and the ever encouraging development of the War Eagle and the Iron Mask and the properties acquired by the B.A.O.; and to further stimulate and encourage the faith of our people as well as outsiders, we had the sale of the Centre Star, at a price indicative of the value of our mines, and since then the final and complete purchase of the Le Roi. As far as mining stocks are concerned, I may say I do not think there is quite as much local trading, but the demand much local trading, but the from outside points is greater, and there are more dealings in the better and higher priced stocks. This is due in a large measure to investors becoming better informed with regard to our mines and better informed to our better informed with regard to our mines, and better posted on mining business generally, together with the fact that our brokers are better established, and perhaps more reliable than was the case at first. Though our business business part of town have certainly in-

Le Roi Brewery.—Business was so good during the whole year that we are now trebling our plant for the coming year. We cannot say any-thing better than that the holiday trade was exceptionally good.

GLAD CHISTMAS TIME. It Seems to Be the Season for Wed-

dings in Rossland. Two well known young people were married on Wednesday evening, when Rosslander Printing Office. — Our business has been 50 per cent better this year than during the previous year. We expect to do even better than this in 1899.

Dickinson & Orde, stock brokers.—Our business has shown an increase of 100 per cent. A number of factors of a favorable nature have conspired to make the stock business lively. With the development of Boundary, Republic, Cariboo Oreek and other camps there will be an increase all along the line. This together with the local improvement in the mines will make the year 1899 a 600d one for the stock broker.

A. J. Fry, family grocer.—Mine is almost exclusive a family trade, and in the ordinary course should continue steady month by month with, of course, some increase, but this year the increase has been pronounced and I have many more customers than ever before, and they are buying better, too. The sales for December were exceptionally large, while Friday's and Saturday's business ladies' drapers.—We have only been in the coming year.

"Business has been good during the past year," said G. M. Stunden of the firm of Stunden & Perine. "In fact it whiting. Mr. Sharp in connected with the Le Roi furnishing house, and his bride was formerly a regident of Ross canding the Lockhart & Jordan.—Our business for two most elling a better class of furnishing house, and his bride was formerly a regident of Ross canding the Le Roi furnishing house, and his bride was formerly a regident of Ross canding the Le Roi furnishing house, and his bride was formerly a regident of Ross canding the Le Roi furnishing house, and his bride was formerly a regident of Ross canding the late than last year. It was steady and not spasmodic as in the previous year."

"Business has been good during the past year. It was steady and not spasmodic as in the past year. It was steady and not spasmodic as in the late of the Le Roi furnishing house, and his bride was formerly a regident of Ross canding the late. How the Le Roi furnishing Arthur G. A Mineral Country That Has Future Before It.

TWO THINGS ARE NEEDED NEW SHORT LINE

One Is Transportation Facilities an the Other Smelters-Plenty of High Grade Copper Propositions-A Greent Place for Cattle.

J. L. Parker, M. E., of the firm of Dabney & Parker, who recently paid a visit to Copper mountain, in speaking

about his trip Friday said: "There is a great country in the vicinity of Copper mountain, and it certainly will be heard of as a producer of copper. Notwithstanding the fact that for a portion of the time that I was in the Nicola valley the thermometer registered 30 degrees below zero I greatly enjoyed the trip, which I made by sleigh from Kamloops. The distance to Princeton, on the Similkameen river, is 130 miles. Copper mountain is located some 10 miles from Princeton. Emil Voight and Dave Morgan are operating on Copper mountain. Whilst inspecting their properties I saw the Sunset and the Helen H. Gardner properties. The Sunset, it is claimed, is virtually in the Sunset, it is claimed, is virtually in the lished, and perhaps more reliable than was the case at first. Though our business with Europe is not so extensive as on this continent, it is growing and I anticipate great expansion in that direction, before very long. Referring to the real estate market, though dealings have not been so large this year than the properties. The Sunset, it is claimed, is virtually in the hands of the B. A. C. The Sunset, Helen H. Gardner, Copper Farm and the Vancouver are the best properties, of those I inspected. I did not have the opportunity of seeing the other claims nearer the river. I am informed that there is more bornite in these than the case of the case of the series of the series of the case at first. Though our business with Europe is not so extensive as on this continent, it is claimed, is virtually in the hands of the B. A. C. The Sunset, Helen H. Gardner, Copper Farm and the Vancouver are the best properties. to the real estate market, though dealings have not been so large this year, claims, but still those I have mentioned they have been fair and values in the contain quite a large proportion of this business part of town have certainly inmineral. I believe that this section will creased. Another good sign is that be one of the best copper producing re-English capital is investing in busines gions ia British Columbia when railway lorgish capital is investing in ousines lots and blocks. I have sold them some very valuable property bringing in exceptionally good revenue, and I must say they are clever in picking it out. There is more inquiry than ever for decent residences. Everything points to the making of coke for smelting purdecent residences. Everything points to the property of the pro decent residences. Everything points to the building of many dwelling houses there may be bituminous deposits suitnext year, as at present there is not a decent vacant house to be had." lent future as soon as it is opened by a railway. It seems to me that the coun-try is of sufficient importance to justify

railway. It seems to me that the country is of sufficient importance to justify railway connection and the erection of smelters. I only inspected about 12 claims on Copper mountain, but I was informed that there are numerous important claims that I did not see, but judging from those seen, it seems a promising mining section. The ore from the Helen-Gardner assays 11 per cent copper, while the Anaconda at Butte averages six per cent and is worked at a large profit.

"The Nicola valley is a great cattle country. The Douglas Lake syndicate there has 100,000 head of as fine beef cattle as I ever saw. The Triangle Ranch syndicate, I am informed, has about the same number. So far this winter it has not been necessary to feed these cattle. It is the custom in midwinter, however, to give them one feed of hay a day and they come dat has spring looking well and in condition. The country is backed for its bunch grass, which makes excellent food for the herds.

"To show you how good a passonia."

asse per cent over the previous 12 months, will be at home to their the coming year.

W. J. Loughed, merchant tailors and ladies of drapers.—We have only, been in well. We will be in better shape to please customers during the coming year and expect a marked increase in 189.

"Business was never so satisfactory as uring the present holidays," said H. S. Vallace) stationer and dealer in fancy ode. "People have bought munifity in all classes of goods. The fire laddies of Rossland held a special meeting in the fire hall Thursday when resolutions were passed thanking the people of Rossland for the many generous gifts presented to the boys at this holiday season, all of which were much appreciated; also for the handsome manner in which they helped along their late well attended and successful ball.

Then Assistant Chief Collins took the

Then Assistant Chief Collins took the floor, and calling on Chief Squires, addressed him on behalf of the boys in a speech in which he stated how much the boys appreciated his merits, and then in their behalf presented him with a very handsome gold badge bearing the inscription around it: "J. Squires, Chief Rossland Fire Department." The chief. Rossland Fire Department." The chief. In thanking them, expressed the pleasin thanking them, expressed the pleasure he had in being thief of so excellent a body of men.

Strike on the Swansea.

THE MINER of Thursday contained a report of a strike on the Swansea at Windmere, East Kootenay, of very great importance. It has since been learned that W. Mulholland is the owner of the claim and that it was under option at a large figure. A MINER reporter called on Mr. Mulholland to get some details of the discovery but he refused politely but firmly to say anything about the property. The Miner, however, learns from erty. The Mines, however, learns from reliable sources that the property gives promise of being a great copper producer at no distant date.

Visited East Kootenay and Slocan. Percy F. Godenrath, the traveling correspondent of the Spokesman-Review, returned to the city Thursday after spending four weeks in East Kootenay and the Slocan. He reports things lively at Sandon now that a number of the properties have started rawhiding.
"The Ruth Mines," he said, "are preparing plans for a 100-ton concentrator. and for the construction of a trainway 1,200 feet in length from the mine to Sandon townsite. In East Kootenay there is considerable talk of the Windermere district, which lies to the north of the Fort Steele district, and I anticipate seeing a rush into that section early
