MARSHALL IS AFTER LEATH

Liberal Member for Monck Was Once Dismissed by the Doctor.
TORONTO, April 24.—The Legislature had its first morning sitting to-day. The house has been in session for forty-five days and on 25 of these there have been night sittings.
The friction between Marshall of Monck and Dr. Seath, superintendent of education, cropped up again, Mr. Marshall, a teacher, some years ago, was dismissed by Dr. Seath. Now it is Mr. Marshall's turn as a member of the House. "I would like that the superintendent of education, Dr. John Seath, be brought before the bar of this House, reprimanded or dismissed from his position with the department of education. Regarding the published letter of Dr. Seath attacking Mr. Marshall, the member for Monck said:
"I would ask the Minister of Education if he approves of the action of Dr. Seath in writing the press as he has done about himself."
Hon. Dr. Pyne deplored the whole episode childish and declined to have anything to do with it.
Dr. McQueen and Mr. Proudfoot protested against Dr. Seath's conduct. Mr. Proudfoot wanted him brought before the bar of the house and Dr. McQueen moved an amendment to the motion to concur in the expenditure for educational purposes holding Dr. Pyne responsible. The minister advised the legal course for redress and upheld the freedom of the civil servants. The amendment was lost on division.
Wman's Lost Jewellery.
Patrick Roche, thirty-five, a commission agent, of Wood-lane, Shepherd's Bush, was at Bournemouth, on Wednesday, found "Not guilty" of charge of stealing jewellery worth £819 from the room of a woman visitor at Duxley Dean Hydropathic. Roche left on the afternoon of the theft. He was arrested in London, but nothing connecting him with the crime was found.

REBELS MAY CAUSE TROUBLE

(Continued from Page 1)
the international border as a precaution against possible disorders and for any other eventualities. In addition to the movement of land troops the naval strength of the United States in Mexican waters is to be increased by a special service squadron. Considerable uneasiness continued to be felt here over rumors of anti-American demonstrations in Mexico City, where there are still many United States citizens and over more definite reports of similar troubles at Ensenada on the west coast of Mexico where it was reported last night that the American consulate had been attacked. Steps were immediately taken to afford relief in the latter case by the despatch of a gunboat from San Diego. Word of its arrival at Ensenada was hurly expected.
The tenseness of the situation between the United States and Mexico was heightened by the outward vigiliences seen in the severing of all formal connections between the two countries by the almost simultaneous departure from Washington of Mexican Charge Algara and from Mexico City of Charge O'Shaughnessy. Mr. Algara left for Toronto, Canada, last night, while Mr. O'Shaughnessy went to Vera Cruz.

Considerable significance is seen in the selection of Brazil to look after American interests in Mexico, in the absence of United States representatives. Where Brazil is not represented American interests will be cared for by France.
Scenes of activity were in evidence early to-day at the various departments of the government, immediately concerned with the Mexican situation. Despite the fact that cabinet officers and their clerical forces were at the department at a late hour last night they were at their desks early to-day prepared to meet any further exigencies that might arise. In the meantime members of congress are giving the closest attention to developments and it is considered not improbable that action bearing upon the situation may be taken by congress.

CHANCE IS TICKLED

Manager Frank Chance of the New York, is very much delighted with the spirit of his players and believes he will have a real ball club before the end of the season.
"You should have heard them around the club house the day after they trimmed the Athletics so badly before the opening crowd," he said. "Talk of pepper! Why, those kids actually believed they had the pennant won."
"Hey, Frank, let me at 'em to-day," said Ray Keating. "I'll stand those world's champions on their ears."
"Keating's confidence was characteristic of the team. And, it wasn't conceit, either. They talked the same way before the game started, it is the kind of spirit that will get all out of a team it possibly possesses. It was the same pip that made the old Cubs so grand a ball team."
"There never was a greater team than the Cubs," said Chance. "I can for man the Athletics of to-day would outclass them. But Mack's world's champions lack their old fighting spirit."

Quebec Town Is Wiped Out

(Continued from Page 1.)
The prisoners in the county jail seven in all, worked hard during the fire, armed with buckets.
Most of the homeless have gone to seek refuge with friends on Chamou Island, Portage du Fort, Shawville, Campbell's Bay and other nearby places. The loss is about \$100,000.
Territorial Wounded.
Private Samuel Muir, twenty-two, of Town End, Chapel-en-le-Frith, a Territorial, is confined to bed disabled by a pistol shot in the leg. He was going to the Drill Hall when there was a loud report, and he fell. He had a loaded revolver in one of his trouser pockets which was accidentally discharged. The bullet entered his thigh.

War Bulletins Over the Wire Are Numerous

(By Special Wire to The Courier)
Hold Up Arms.
WASHINGTON, April 24.—Orders to hold up all shipments of arms across the Mexican border were sent to-day by the treasury department to all collectors of customs. The orders are in co-operation with the war departments efforts to enforce the embargo. Collectors were notified to hold all shipments of arms "until further notice."
A Guard Put On.
LONDON, April 24.—The Daily Mail's Mexico City despatch, dated Thursday, says:
"A military guard was placed on the United States embassy this afternoon. The arms and ammunition, which had been there for sometime, were removed, as they were considered unnecessary, in view of the protection afforded by the Mexican Government.
"The life of the city is almost normal, many shops have their shutters up, but nearly all are open. Some of the British residents are bearing rosettes of the British colors. Many Americans remain and may be seen in the streets.
"There have been some processions with flags, but no disorderliness worth mentioning.
Shipping Explosives.
STONY POINT, N. Y., April 24.—The largest shipment of explosives and ammunition since the Spanish-American war left the Ionia Island naval arsenal yesterday. The consignment of powder, shells and explosives, weighing about 200,000 pounds, was conveyed on tugs to warships stationed at the New York navy yard. Ammunition has been leaving the island for ten days, the total shipments to date, aggregate, including the shells, more than a million pounds.
Marines On March.
NEW YORK, April 24.—A detachment of 190 marines in heavy service impedimenta marching down Fifth avenue yesterday, furnished the first martial display in connection with the hostilities in Mexico seen on the streets of New York. The detachment, made up of marines from the barracks at Portsmouth, N. H., and Boston, Mass. marched from the Grand Central to the Pennsylvania Railroad station, where they entrained for Philadelphia to join other marines to sail on the Morro Castle.
The rhythm of the footsteps of the marchers brought a crowd to Fifth avenue and cheers were frequent along the few blocks of the line of march.
The squad was joined in Jersey City by a squad of seventy eight men from the New York navy yard.
No Intervention.
WASHINGTON, April 24.—Diplomatic officials here to-day denied reports that Thomas B. Hoehler, charge of the British embassy at Mexico City, had been sent to confer with Admiral Fletcher at Vera Cruz with a view to opening diplomatic negotiations for a solution of the Mexican difficulty.
