ONONDAGA STATISTICS.

The vital statistics for Onondaga during 1915 read as follows: Births 26, marriages 1, deaths 8.

SOLDIERS' BENEFIT.

A meeting will be held on Monday at the Soldiers' Relief Fund, at four o'clock in the City Hall.

WANT A CHANCE?

J. C. Mayer and Company of Cincinnati in a letter to City Clerk Leonard have asked if there are any city bonds, debentures or treasury bills for sale. If there are they want to quote a price for them.

ASSISTED.

Rev. Dr. Hooper, of the Park Baptist church, assisted the Rev. D. T. McClintock at the preparatory service held in Alexandra church last evening and delivered an interesting and timely address.

SUNDAY NIGHT MEETING.

The Recruiting meeting to be held in the Grand Opera House on Sunday night will be addressed by Mr. N. W. Rowell, K. C., M. P., leader of the Opposition in the Ontario House, and also Major Williams, chief recruiting officer. Judge Hardy will occupy the chair.

B.C.I. GIRLS WON.

A fast game of basketball took place at the Y. W. C. A. between the latter girls and the B. C. I. girls. The score at half time was B. C. I. 5; Y. W. C. A. 4, and at full time B. C. I. 11; Y. W. C. A. 6. With a little more combination the B. C. I. players could give some of the men's teams a tussle.

FIRE AT WATERLOO.

A small blaze broke out in the Waterloo Engine Works, about 8.45 last night. It was in the tool house, adjoining the boiler room, and was supposed to have started by an overheated pipe. The sprinkler system had it under control, when the three trucks from the Central Fire Station arrived. Chemicals did the rest. The damage was not heavy.

QUITE AN EXPERIENCE.

The Brantford passengers on the 7.05 train G.T.R., yesterday morning had quite an unfortunate experience. Owing to the extreme cold weather in Chicago and vicinity, fourteen degrees below zero, the engine had trouble in keeping up steam, and the train arrived here near two hours late. Then just outside Sunnyside, a freight wreck was encountered. A car load of pigs were gently meandering about the track and another delay of an hour or so was the result. Unfortunately, in the pitch in, two brakemen were badly injured. It was nearly noon before Toronto was reached. Instead of the usual quick run of an hour and a half, the connection took well onto five hours—which was about the time of thirty or forty years ago.

MRS. PANKHURST

Says She Could Make Interesting Disclosures Regarding the Balkans.

By Special Wire to the Courier.

New York, Jan. 15.—Mrs. Emmeline Pankhurst, the British suffrage leader, arrived here to-day on the Steamship St. Paul, accompanied by her secretary, Miss Joan Wickham. Mrs. Pankhurst said that her present trip, unlike the visit she made to this country in the fall of 1913, is in no way connected with "votes for women", but that she is here in connection with the Serbian relief work in which she has been interested for some time. The suffrage leader intimated that she is prepared to make some interesting revelations regarding the present situation in the Balkans.

Cheddoril Miyotovitch, former Serbian secretary of state and foreign affairs and a former minister to England, was another arrival. He, too, is here in connection with Serbian relief work. He was accompanied by Wolslav Petrovitch, a Serbian diplomatic attache.

When the St. Paul reached quarantine to-day the decks, cabins and hull of the big liner were coated with several inches of ice. Officers reported that during the past two days the vessel passed through a heavy storm accompanied by low temperatures.

New York, Jan. 15.—Mrs. Emmeline Pankhurst, the British suffrage leader, was held at Ellis Island immigration station, when she arrived here. Authorities said Mrs. Pankhurst was detained because she had served a sentence in a British prison. She was similarly detained when she arrived here more than two years ago, but was quickly released and allowed to enter the country.

The Royal Naval College at Halifax is to be continued this year as usual.
