BLAZE AT BOSTON

Citizens in various parts of the city on Thursday night noticed the reflection of flames, thought to be from a fire on the outskirts of Eagle Place. POLICE COURT.

Five minor cases constituted the program at yesterday afternoon's session of the Police Court. A conviction case involving a cutting box in which Fred Brenner and Fred Maturuk were the principals was arranged, the court costs of \$9.26 paid and the case dismissed. GROUP SUPPER.

Last night's group supper given in the Y.M.C.A. was without doubt the most successful held this season. Eighty-five members were in attendance and two ex-secretaries, Ross Beckett, now engaged in military Y.M.C.A. work at Camp Niagara, and Lieut. Frank Wood of the Royal Naval Air Service, were present and added greatly to the success of the evening's program. Messrs. Fisher and Voyles of the evangelistic party were present and taught the members some popular choruses being used in the campaign. The supper was provided by Messrs. Lavelle, Calbeck, Schultz and Lyon and Miss Britton.

LOUIS GETS BIG DAMAGES.

Another "Get-Rich-Quick-Wallingford" has sprung into existence—Schettler, former pitcher with the Peterboro club of the Canadian League. He was at one time one of the best right-hand twirlers in the Fitzgerald circuit, but has now devoted his efforts to more remunerative work, participating in railway accidents. He has filed a suit for \$50,000 against the Cleveland, Chicago, Cincinnati and St. Louis Railway Company. The claim is the result of an accident when the train in which the member of the Dayton team of the Central League were travelling, was wrecked near Mansfield on August 22nd. Schettler alleges that he suffered permanent injury.

WANT DAY BAKING.

A concerted effort, having its inception with the Bakers' Union, supported by the various trades unions of the city and endorsed by the Trades and Labor Council, is being made to have the City Council pass a by-law restricting the sale of bread until twelve hours old. For four months during the summer, the bakers of the city tried the experiment of baking during the day, but the proprietors of the bake shops now wish to revert to the old order and bake at night. To this the employers strenuously object. A letter was filed at the office of the City Clerk yesterday from the corresponding secretary of the Trades and Labor Council asking the city fathers to pass the desired by-law in the interests of the conservation of the wheat in the city, and this morning a letter was received from the Moulders' Union containing a similar request, but stating the situation between the proprietors of

the bake shops and their employees. The Moulders' Union was in many the opinion that the staff of life could be baked during the day and distributed the following day with little inconvenience to the general body of citizens.

MOTHER'S NIGHT
AT TABERNACLE

Large Crowd Responded to
Evangelist's Appeal to
Yield to Christ

Mothers' night at the tabernacle last night was attended by about 3,000 people, and was in many respects one of the most successful services yet held during the campaign. At Dr. Hanley's appeal 79 came forward.

The song service consisted largely of hymns suggested by members of the audience, when Mr. Fisher asked for the hymns that our mothers used to sing. Quickly in answer to his request such old familiar hymns as "All the Way My Saviour Leads Me," "Ninety and Nine," "Will there be any stars in My Crown," "Jesus Lover of My Soul," "Rock of Ages." The audience joined the choir in singing these hymns and then Mr. Logan led the meeting in prayer.

It was Mother's night and everybody had a flower in honor of Mother, nearly all white flowers.

While the audience stood, the grandmothers and grandfathers sang "In the Sweet Bye and Bye," then the mothers—then the fathers—all holding in their right hand a flower in honor of mother. Finally all the flowers were gathered in and will be distributed among the sick.

Mrs. Hanley sang with wonderful sweetness, "Backward, Turn Backward, O Time in Thy Flight." It was a rare treat. Tears rolled down furrowed cheeks as the song was feelingly rendered.

After paying a beautiful tribute to mother love, Mr. Hanley went on to speak of the home. It was built on sacrifice and unselfishness. "I believe in home, they cannot be purchased, they must be created. Home life costs something. Unless you are willing to sacrifice something you have no right to set up a home. I hate liquor. It puts that burden on the home instead of on the drunkard's shoulders."

"Men and women should not marry unless they love each other. A good woman's love is the most valuable possession in the world. The love of a good man is equally valuable. The affinity idea and soul mating are of the devil. Sons should love mothers, whether they are just as well dressed or as cultured as they might be."

DRY AMERICA IS
PLANNED BY ANTI-
SALOON LEAGUE

Big Temperance Convention
Will Be Held in Washing-
ton Next Week

(Associated Press).

Westerville, O., Nov. 24.—Plans are going forward for what prohibition leaders declare will be the most important national convention ever held by the National Anti-Saloon League when the body convenes at Washington December 10. According to announcement made here at the national headquarters of the league, the governors of every State will be invited to attend and make addresses. William Jennings Bryan will speak.

Representatives of organized labor, of the Granges, merchants and manufacturers as well as the leaders in public life, are to be asked to address the convention, and put special emphasis upon efforts to make the United States dry through the passage of an amendment to the federal constitution. A resolution looking to that end has been adopted by the Senate and is to be brought up in the House early in December. Delegates from all parts of the country will attend.

Senator Morris Sheppard, of Texas; Representative Edwin Yates Webb, of North Carolina; Senator William E. Borah, of Idaho, and Representative Simeon D. Feds, of Ohio, have signified their intention of speaking. Other senators and representatives probably will be on the program, it is announced. Other speakers include Captain R. P. Hobson, of Alabama; Sam. W. Small, of Atlanta, and Mrs. Anna A. Gordon, of Evanston, Ill.; president of the National Women's Christian Temperance Union.

It is announced that every individual church organization of every denomination; every young people's society and temperance organization is entitled to send a delegate. Churches will be urged to send their pastors.

APPROVES POLISH ARMY

By Courier Leased Wire

Amsterdam, Nov. 24.—Professor Jan Kucharszewski, the Polish Premier, according to an interview in the Frankfurter Zeitung, favors the speedy formation of a Polish national army, and declares that an attempt to create a government or army outside of Poland would be rejected absolutely by him and the regency council. He is quoted as saying: "I can state that the Polish constitution will be based on true democracy, namely, general, equal, direct and secret franchise."

MARKETS

One of the interesting developments during the past week has been the report from Cuba to the effect that grinding of new crop cane has already started in one district. This is exceptionally early as it was anticipated operations would not start until about the second week in December. This move is heralded with delight in sugar circles, as it seems to indicate a general resumption of production of raw sugar much earlier than usual. With new sugars available in the near future, a welcome relief will come to the present situation in which stocks are very light. The situation with respect to livestock has been cleared up, as further advances from the Food Controller state that beans already purchased can be brought forward. Rice is in firm market with higher prices recorded in the future.

Reports from the United States indicate that while the corn crop is a big one the quality of the grain is poor due to the coming of early frosts that retarded its maturity. White corn flour is expected to maintain a firm position in consequence. Yellow corn products may not be affected if it is found that the corn can be effectively killed. Lard and shortening were in strong market, advances being recorded in pure lard. Storage eggs are weak, but new-laid are scarce and prices are high. There is a good demand for barrel pork and long clear bacon and prices have advanced. Butter was steady. Turkeys have started to come into the market, but reports indicate that the supply will be light.

Advances were recorded in molasses, sardines, junket tablets, pop corn, bulk mustard, salad dressing, tuna fish, shoe dressing, sal soda, rolled oats. Business is reported very good as the heavy consuming season is fast approaching.—Canadian Grocer.
