

BIG MID-SUMMER FURNITURE SALE

Read this. Think of the sacrifice it means to us. A stock of between \$12,000 and \$15,000 worth to be slaughtered to the core in our Mid-Summer Sale of Furniture, and it will be a corker and record-breaker in the history of Saskatchewan. At least \$7,000 worth of this stock must move off our floor within the month of July. If slaughtering prices cuts any figure it will go in half that time. If there is any enterprise in the people of Regina and surrounding country they will be out early, purse in hand. It is the only weapon you will require to slaughter prices right and left and carry away the greatest values ever captured in Regina. Read carefully; it costs money to advertise. We are giving you our profit, therefore we have nothing to waste. Here are a few of the many values we will offer:

Battan Rockers, large size, regular price \$6.00. Sale Price..... \$3.65	Many other Couches at same reduction.	Dining Room Chairs, hardwood, regular 85c. Sale Price..... 60c	BUFFETS A Beautiful Buffet, quarter cut oak finish, regular \$32.00. Sale Price..... \$21.75 Select Quarter Cut Oak Polished, regular \$36.50. Enamelled Beds, Parlor and Hall Furniture, Window Shades and Poles, in fact everything in our store at equally reduced prices. Room Moulding and Plate Rail at factory prices. A few Baby Carriages at about half-price. We haven't space to quote prices, but everything will be marked in plain figures at prices that will convince you that we sell as we advertise. The old saying goes: "The proof of the pudding is the eating thereof." All we ask is that you come in and prove our bargains. We are out for business. You come out for bargains and we will all get what we are after.

GENERAL NEWS

HAIR DOES DAMAGE

Indian Head, Sask., July 5.—A thunder storm swept over this district yesterday afternoon. The crops are now in shot blade and hail which fell has done considerable damage in the Wide Awake district. It is impossible to estimate the damage exactly, but it is figured to be from \$100,000 to \$200,000.

OLD RESIDENT FOUND DEAD

Swift Current, July 4.—Dave Ellams an old resident of this part of the country, and general store keeper of Ellams & Campbell, Saskatchewan Landing, was found dead in the dam at the landing today by James Stewart. The police came to town for Coroner Hoppin, who has gone out to hold an investigation.

REBUILD ELEVATOR

Carlyle, Sask., July 3.—The Carlyle Farmers' Elevator company at its annual general meeting this afternoon, almost unanimously passed a resolution that a 25,000 bushel elevator, costing about \$6,000 be built to replace the one burned last winter. The question of whether it be built on the C.P.R. or the proposed C.N.R. was left with the directors.

PROBABLY DIAMONDS

Aberdeen, Sask., July 5.—A. J. Derken arrived in town today with a pocket full of stones resembling diamonds in the rough. Some are of a dark brown color and will cut glass as well as a diamond. The stones were found incased in a peculiar rock. Samples have been sent to Toronto and New York. The town is greatly excited over the discovery.

TRAINS HELD UP

Swift Current, Sask., July 4.—Three passenger trains will be held here all night owing to six hundred feet of track being washed out eight miles west of here this afternoon. The rain fell in torrents and swept out the grade of the right of way in places. Passengers from the three trains joined in an open air service here tonight conducted by Revs. Dalgleish and McKecknie.

EDITORS AT SASKATOON

Saskatoon, July 5.—The touring Michigan editors, who arrived here last night, left at noon for Battleford. The visitors were entertained here to an auto ride about the city, and spoke in warm praise of Saska-

toon's location. They also declare that the crops in Saskatchewan look much better than at other points, an abundance of rain in this province having made conditions ideal.

FASTED FORTY-NINE DAYS

Los Angeles, Cal., July 4.—Mrs. D. Hoag, of this city, has set at naught all records for fasting by abstaining from food for 49 days. Beginning her fast on Monday, May 17, the woman partook of no food until today, when she ate a small canterpoupe. During this period she has done her housework and cooked the family meals. Mrs. Hoag claims to have cured herself of several physical ailments by her long abstinence.

HOLD INDIAN POW-WOW

Vancouver, July 3.—Sam Stewart of the Indian Department, Ottawa, is here and will go north with Judge Vowell to hold a big pow-wow with the Indian chief on the question of reserves and fishing rights. The officials believe that no trouble would have occurred in the north had Chief Joe Capilano not got the Indians to think that they owned the whole northern country and should go to the King about it.

GOOD CROPS

Ottawa, July 4.—The following is a copy of a telegram just received from Dr. Saunders, director of experimental farms, by the department of agriculture: "Crops throughout Manitoba are looking well. Will average a shorter crop than crops in Saskatchewan and Alberta, due probably to later sowing. Now growing rapidly. Weather very favorable. At Brandon experimental farm the crops are in excellent condition and well advanced."

BOY KILLED BY HORSE KICK

Moosomin, Sask., July 3.—A sad accident occurred eight miles south of here last night about ten o'clock when R. E. Roe, son of Robert Roe, lost his life. The boy, who was 13 years of age, was attending a horse in the forebay. His parents immediately brought the injured lad to the hospital here, arriving about midnight, but in spite of all the doctors could do the boy succumbed to his injuries at 2 o'clock this morning.

PREFER TEETOTALERS

Sharon, Penn., July 4.—The Carnegie Steel company is drawing the lines tighter than ever on the question of prohibiting employees from drinking intoxicating liquors while on duty. Notices are placed in conspicuous places in the mills of the

district yesterday govern the matter of drinking while on duty. They are to the effect that each man must refrain from intoxicants. Employees who are total abstainers will be given preference in promotions. In hiring new men also abstainers will be given preference. The men also are given notice that whoever drinks heavily, or even occasionally becomes intoxicated, will be subject to dismissal.

END OF KINRADE CASE

Hamilton, July 3.—The marriage of Miss Florence Kinrade and Montrose Wright in Madison avenue Methodist church, New York, Monday will bring about two things—the end of the Kinrade case, and the close of Mr. Wright's career as a Methodist probationer. According to the discipline of the Methodist church, he cannot now become a minister. The discipline states that any man studying to be a minister must not marry until he has been ordained. If he marries before his ordination, he is "silently dropped." It was stated some time ago that Mr. Wright intended to drop his theological studies and his marriage in New York indicates that this report was true.

LABORERS THREATEN STRIKE

Saskatoon, July 4.—The Federal Labor Union was sitting here till 4 o'clock this morning discussing the failure of the city council to relieve the conditions under which unskilled laborers are placed in the city contracts, and finally made application under the Lemiex Act for a board of conciliation recommending E. J. Stephenson as their representative on the board. The application goes forward today, and states that failing an adjustment of the dispute there will be a strike. The matter, calling for adjustment are the providing of proper cribbing in excavations, proper sanitary appliances for the men, an increase in pay from 15 cents to 25 cents an hour.

HANGED TO A TREE

As we go to press information reaches us of the finding of a body of a man hanging to a tree about one mile from O. W. Daunais' ranch. The name of the dead man is not known, but it is thought he was a German, and lived somewhere south. He was last seen alive on Friday last, when he made some enquiries at Mr. Daunais' house, at which time he was driving three oxen hitched to a wagon. Later the oxen were found with Mr. Daunais' herd, and suspicion thus aroused, a search party was organized which resulted in the finding of the body at ten o'clock this

morning. Notches had been cut in the tree to enable climbing, showing that the act was a deliberate one. In the wagon was an overcoat, in the pocket of which was found \$548 in cash. The R.N.W.M.P. are now investigating the matter.—Battleford Press.

TRAIN ROBBER IDENTIFIED

Vancouver, B.C., July 3.—The engineer and fireman of the C.P.R. train which was held up two weeks ago at Ducks, have identified the body of the man shot by Constable Decker on Monday night at Ashcroft as that of the leader of the three train robbers. The dead man is the man who held up the engineer after crawling over the trestle. It is admitted that Constable Decker's murderer, the second train robber must have escaped from that part of the country. The tired posse have returned to Ashcroft after days of fruitless search. It now transpires that the desperado has crossed the road near the Cornwall estate was accosted by him and asked: "Are you the man who shot my partner yesterday?" The man told the murderer that he knew nothing of the affair and returned to town to inform the officers.

ROSEBERY TO QUIT LIBERALS

London, July 3.—Lord Rosebery has at last decided to break the ties that still bind him to the Liberal party and he will pronounce his reasons for so doing in a letter which is to be read at a meeting of the Liberal league. This will mean his complete and formal severance from the party with which he has been associated throughout his political career. He has had this step in consideration for some time and he came to the decision before his recently issued manifesto on the budget which was intended to be the first hint of his approaching defection. Strenuous efforts are being made to make him change his mind and induce him to still keep up an attitude of benevolent neutrality toward the old party. It is not expected, however, that these efforts will succeed, as it is chiefly his desire to have a perfectly free hand in discussions on the budget that has impelled him to cut off all his Liberal connections.

WIRELESS FOR THE NORTH

Edmonton, Alta., July 2.—Experiment in wireless telegraphy by which it is proposed to establish a station on the Peel river, 2,000 miles north of Edmonton, by which direct communication will be provided between the Arctic circle on the east side of

the divide and the great centres of civilization will be conducted by O. Nohn, government experimenter at the coast wireless stations, who reached the city and will accompany L. R. Warn, a miner, to the far north. The station to be established by Mr. Nohn will give direct telegraphic communication between Warn's camp on the Peel river and Seattle, via the wireless stations at Eagle, Valdez and Vancouver. Mr. Nohn will operate the apparatus himself and expects to make the venture a success. It will not be necessary to erect a tower at the station on the Peel river. The apparatus will be placed on a summit of one of the high hills, from which Mr. Nohn expects it will easily be possible to effect a communication with Eagle station.

TO COMMEMORATE PEACE

Ottawa, July 5.—The suggestion made by Hon. W. L. Mackenzie King at the Harvard commencement last week that Canada and the United States should fittingly commemorate the hundred years of peace between the two countries by the erection and dedication of some striking international monument, is likely to bear fruit in the joint action of the governments at Washington and Ottawa. It is known that Sir Wilfrid Laurier is thoroughly in accord with the suggestion of the minister of labor, and it is not at all improbable that steps will be taken by the co-operation of government to invite the co-operation of the United States government in arranging for a celebration of the hundredth anniversary of the close of the war of 1812-14. It is felt that the time is opportune for the new world with its three thousand miles of international boundary, without a sign of fortification, to point in some effective way a moral to the armed camp of Europe.

MILLIONAIRES FOR JAIL

San Francisco, July 2.—Jail sentences for five millionaires, with no alternative for bail, was provided by Superior Judge A. M. Sewall this morning, and deputy sheriffs are now out hunting the men who have been ordered into custody. They are: H. Miller, forty times a millionaire, and head of the firm of Miller & Lux, one of the greatest cattle raisers in the world; J. Leroy Nicol, Edward E. Allen, L. F. Montague, and Gustave Gotch, all millionaires and trustees of the firm named. The issuing of the warrants grew out of the failure of the five men to pay to Mrs. Melissa Potter \$22,902 dividends on stock she owns in the Miller & Lux corporation. They wanted her to take stock

in the company's Nevada corporation instead of dividends. She refused the offer and three weeks ago secured from Judge Sewall an order directing them to pay the dividend. They were given until today to comply with the order, and were informed that if the money was not paid they would be judged in contempt of court.

HAULED DOWN FLAG

Stanford, Conn., July 4.—Because he flew a British flag on the Mainmast of his vessel here today, Capt. C. B. Merriam of the British schooner King Josiah, aroused the ire of some patriotic Americans, and they made complaint to the police. Chief of Police Brennan went down to the canal and had a talk with Captain Merriam after getting half a dozen complaints by telephone, and the captain hauled down the British flag. "It is ridiculous," he said, "to find fault with the display of my flag. I ran it up as a mark of respect to the United States. I have done the same thing many times in Boston, New York, and other American ports and no complaint was made. In fact it would be disrespectful to the United States if I did not run up my flag on this holiday. If I happened to be in a foreign port, say in Spain or Italy, and didn't display my flag on a holiday the captain of the port would order me to do so. I was trying to do the nice thing, that was all." Capt. Merriam is a Nova Scotian.

CANADA'S FRUIT CROP

Ottawa, July 5.—The following report on the fruit crop of the Dominion has been issued by the dairy and cold storage commissioner's branch of the department of agriculture: "The weather conditions in Canada were favorable throughout June for fruit development. Eastern Canada will have a large crop of winter apples from the present indications. Early and fall varieties will not yield as heavily. The apple prospects in British Columbia will not reach the average. An average crop is expected in the commercial pear section of Ontario. Plums are estimated somewhat lower, generally, since the heavy bloom, but are showing for an average crop, except in British Columbia, where the crop will be light. Early peaches are reported as a medium to full crop; late peaches are medium. "Currant" is very prevalent, affecting cherries particularly. In grapes concedes promise a full crop, and white and red grapes medium to full crop. Cherries will be a good average crop. The small fruits promise well everywhere. The strawberry in Southern Ontario are a very

large crop. Insect and fungus diseases are fairly prevalent, but comparatively little damage is reported yet, except from the canker worm in Nova Scotia."

TRAGEDY AT STETTLER

Stettler, Alta., July 2.—A dreadful tragedy occurred yesterday when a Bohemian homesteader named Antoine Wolrich shot and killed his wife. He has disappeared but a posse of farmers and police are scouring the country for him. Wolrich had a homestead about three miles north-east of Stettler. Wolrich and his wife recently had domestic differences and on the afternoon of Dominion day during the absence of his children at Stettler celebration, Wolrich shot and killed her. He sent his eldest son, a youth about sixteen, with a message to John Rottenfusser, a neighbor together with a pocket book containing \$28 in bills to be used for his children. Wolrich stated that he had drunk carboic acid, and when his son last saw him, he was making for the brush. As soon as word reached here this afternoon Town Marshall Causey in the absence of the mounted police set out with the coroner, and on reaching the scene of the tragedy found the woman's body partly naked and covered with blood in the cellar. The murdered woman is Wolrich's second wife and they were married last fall. He had a family of six children by his former wife, five of whom had lived with him. At the time of writing no trace of the missing man has been found.

Taking the Winter Off

Mrs. Carrie Nation said on the Baltic that she would be glad to get back home. "I felt as homesick over there in Europe," she sighed, "as the Philadelphia young man who took up a Dakota claim. "A tourist found the Philadelphia claim stantly boarded up and this notice rudely painted on the door: "Six miles from a neighbor, eighty miles from a post office, forty-nine miles from a railroad, two hundred from timber, a half mile from water. God bless our home. We have gone east to spend the winter with my wife's folks."

A little girl had been rummaging in her mother's trunk. There she found a "church letter" which her mother had neglected to present to the church in whose neighborhood she had moved. The little explorer rushed into her mother's presence shouting, "Oh, mamma, I've found your religion in your trunk!" There's a needle like point in that story for many people.
