Dr. Christie, of Brockville, has about perfected arrangements for his removal to Seely's Bay, where he will succeed Dr. Bowen, who removes to Gananoque.

As will be seen by adv't in this issue, the plans for the construction of the Industrial Home. The plans will be ready for inspection by the 27th inst. The building, we understand, is modeled after the Home at Woodstock.

Lightning struck a tree on the Charlottetown road on Saturday evening. The fluid's first contact was at the extreme end of a limb, and from thence to the bole and to the ground its course is marked by a strip of bark from the tree.

The atrocious murder of the old Williams couple near Toronto and the trial and condemnation of MacWherrel at the trial and in the public mind. The Department of Justice has refused a new trial and unless something extraordinary transpires MacWherrel will hang on Oct. 1. All he needs now is a respite until his alleged accomplices is tried.

Recorder: Rev. J. J. Cameron, of Athens, preached at both services in the First Presbyterian church yesterday (9th inst.). Mr. Cameron is an exceedingly clever and fluent speaker, and has a faculty of arranging his thoughts in such a pointed way that never fails to go right home to his listeners. His sermon in the morning was on the parable of the fishes, and he handled his subject in a way that greatly pleased his congregation.

The Brockville, Westport and Sault Ste. Marie railway train was seized Monday morning of last week. The seizure was the result of a claim of Cooper Fairman & Co., Montreal, for steel used in the construction of the road. The train was a little late that morning, but otherwise all things con-

tinued as usual. The seizure was the result of a claim of Cooper Fairman & Co., Montreal, for steel used in the construction of the road. The train was a little late that morning, but otherwise all things con-

HOWARD VS. FROST.

John Frost Gets Six Months in the Central Prison for Assaulting Eugene Howard.

The Reporter of last week contained a lengthy account of an assault, in which parties all well known in this vicinity figured. John Frost, the accused, was brought before Judge McDonald on Saturday last and all the witnesses examined at the preliminary trial were again called upon to testify.

No new points were brought out, excepting that of Peter Howard, father of complainant, who testified that his son had a violent temper which led him into frequent quarrels with the family and men employed on the farm.

His son had no interest in the property except such as he chose to give him, but had repeatedly accused Frost of dishonesty and had assaulted him on various occasions. He further testified that Frost was a very quiet, inoffensive person and must have had just cause for using a weapon. Being blind, he could not see the parties during the altercation, but swore that Eugene kicked his sister Sarah before he started out to follow Frost to where the blow was struck with the spade.

A little son of Eugene testified to picking up the spade which was in the box and testified in his own behalf, saying he had worked for Peter Howard nearly three years. He now had the place on lease for two years. Eugene had lived there with his wife and two children, and was repeatedly assaulted and choked him. On the morning in question he heard Eugene telling his father that he (Frost) was selling the money and giving a just account of the money and was selling breakfast at the time and got up and went around to front door and denied the charge. They had some words back and forth and he turned to go back to his part of the house. Eugene followed, calling him "Frost," and said he would kill him. He tried to get away and went into an alleyway leading to his own part of the house. Here Eugene struck him and caught him by the throat. In the scuffle, Frost stepped down and picked up an old spade without a handle and struck him two or three blows with it, which knocked him down. He then went into the road and gathered up some stones to defend himself, and again attacked. Some minor evidence was given, not very material to the case, when the council for prosecution and defence criticized the evidence, after which the judge sentenced Frost to six months in the central prison.

Rear Yonge & Escott Council.

The Council, at the call of the Reeve, met at the town hall, Athens, on Friday evening, 14th inst. Members all present. Minutes of last meeting were read and confirmed.

Petition of Wm. Harper and 14 others, asking the council to grant an extension of a proposed ditch in the 8th con. through more than 7 township lots, was laid before the council. The application was granted by resolution.

The township and village assessments reported that they had equalized the assessments of the said municipalities and had decided that for 4 years, present year included, the township should raise 79,100 of all high school, school debt, and railroad debt, and taxes, and the village 30,100. They also decided that for public school section No. 6, for next three years, the township should raise 14,100 and the village 85,100, of the amount required for school purposes.

The by-law for levying rates for this year was read the third time and passed. The following amounts were collected: for county purposes, \$351; township, \$465.50; railway, \$43.50; high school debt, No. 12, \$224; high school, \$1260; special public school grants, \$895.99; and for the different public schools as follows: No. 1, \$1,000; No. 2, \$225; No. 3, \$135; No. 4, \$60; No. 5, \$33; No. 6, \$210; No. 7, \$100; No. 8, \$110; No. 9, \$10; No. 10, \$66.74; No. 11, \$17; No. 13 (separate), \$80; No. 14, \$160.

Orders were given on the treasurer as follows: \$10, to assist in supporting Miss Bulford at the House of Providence, Kingston; A. W. Kelly, for supporting union school and township and village assessments, \$8.

Council adjourned until Dec. 15th, unless sooner called by the Reeve.

R. E. CORNELL, Clerk.

Will They Meet Each Other There?

Some time ago, Geo. Taylor, M.P., made statements concerning J. Lockie Wilson, the Patron leader, which that gentleman states are absolutely false. Mr. Taylor has been invited to meet him at many public gatherings, but important business has always called him away just in the nick of time. These gentlemen met on the train en route to the hotel at Bell's, and had a wordy war ensued, particulars of which are given by the Globe as follows:

"Not all the Patrons who came to Toronto had their journey concluded at the Dominion candidate in Glangary. It is now a political feud some time standing which exists between Mr. J. Lockie Wilson and Mr. George Taylor, M. P. for E. Leds, and Conservative whip. When they met upon the train coming to Toronto yesterday their causes of difference were again discussed. Mr. Taylor accused Mr. Wilson of being afraid to face him upon a public platform. He challenged Mr. Wilson to meet him in Leeds, in which Mr. Wilson expressed his perfect willingness to meet him anywhere upon neutral ground. To this Mr. Taylor replied that he would do so in Glangary and there in Mr. Wilson's own town of Alexandria he dared Mr. Wilson to meet him before a public audience. The witnesses of the altercation were Messrs. George S. Young, Wm. Martin and H. G. Murray, of Brockville, and Mr. E. G. Adams, of Westport. In pursuance of Mr. Taylor's offer the following agreement was drawn up by Mr. T. K. Spivell, of Leeds:

"Geo. Taylor and J. L. Wilson agree to meet and discuss political questions at Alexandria, on the 28th inst., at a place to be selected by the Reeve of the village, the chairman also to be selected by the Reeve of said village. Should either party fail to be present he is to forfeit \$200 for the benefit of the poor of Alexandria. Each party to have one hour and a half to reply, and to be cast as to who shall speak first."

Death of Mr. R. H. Bourne.

We deeply deplore having to chronicle the death of another of the residents of the Springbrook settlement in the person of Mr. Robert H. Bourne, which sad event occurred on Friday afternoon, the 31st ult., after about ten days of severe suffering. On the 23rd ult. we announced the fact that our late friend had met with a very serious accident, he having received a kick in the face from a horse, and that he was in a very dangerous condition; but it was hoped that with careful attention, correct medical assistance, and good nursing he might pull through. However, circumstances have proved that such was not to be. Dr. Boyce was called at the outset, but in a day or so the case looked so serious that Dr. Hunt was sought for consultation, and the result of the consultation showed that there was little hope of recovery. His brother-in-law, Mr. C. P. French, and his wife, who were from Ontario a few days after the accident, and all that possibly could be done to save the patient was cheerfully and patiently performed by both brothers and sisters, and he was doubtless much benefited by having the constant and faithful attention of Dr. Bourne until death relieved him of his sufferings, about 5 o'clock on the day mentioned. His remains were interred in Lakeside Cemetery, near Fort Qu'Appelle, on Sunday forenoon. At a private service at the house, the body was taken to the schoolhouse (several floral tributes were sent), and in the afternoon were interred in Lakeside Cemetery, near Fort Qu'Appelle, on Sunday forenoon.
