Moved by E. Taylor, seconded revision of the assessment roll be held fruit trees in full bloom, their bees beat 7.30 p.m. on Tuesday evening, May 27.-Carried.

Council adjourned

G. F. Donnelley, Clerk.

### BARN BURNED

destroyed the barn on premises oc-cupied by Charles Gifford on Henry street. On the alarm being sounded, Riley Cross unhitched his farm team, rushed it to the fire hall and drew the engine to the nearest tank. A line of soon throwing a good stream of water. Saving the building was an impossibility, but the engine rendered good serfires were extinguished.

had a peculiar experience. outbreak of the fire she hastily stripped phur and Arsenate of Lead: her clothesline, placed the garments in a basket and carried them into the house. A little later a man noticed smoke issuing from the basket and it was carried outside where the clothing burst into flame.

Reaching Mrs Simes' house requir ed every foct of hose, and it is now proposed that a few lengths be pur-

The barn was the property of Mrs J. Gibson of Gananoque, and its heavy framework burned for hours.

#### APPOINTED RECTOR

In reporting the action of Huron Synod in appointing a rector for Trinity Chuch, Eagle Place, the

Brantford Expositor say:

"The first rector of the Church will be Rev. G. Wilfin Latimer, B. A., who, as a student, has been supplying at the church for some time. Rev. Mr Latimer passed his final examina-tion for the Anglican ministry recently and is to be ordained at Windsor, on May 25, and his installation as rector of Trinity church will follow a week later. His selection by the bishop for the charge was the result of a petition sent to His Lordship and signed by practically all the mombers of the congregation, as Rev. Mr Latimer has en-deared hinself to all classes during his connection with the church and shown himself to desering of the honor to be conferred on him."

#### BROCKVILLE CHEESE BOARD

Mr Andrew Henderson presided at the annual meeting of Brockville Cheese Board held on Thursday last. Officers were elected as follows :-

President-John McDonald, Cain-Vice-Presidents — J A Ferguson,

Caintown; John Fretwell, Augusta. Secretary Treasurer—John B. Wil-on, Lansdowne.

Salesman — Andrew Henderson Eloida.

Auditors—George Leggett of New oro, James Smith of Frankville. Mr Publo was present and in a brief address advised the makers to turn out

an article with good body to ensure good keeping qualities. He strongly advised the holding of cheece for at least ten days before shipment. The grave mistake had been made of permitting the goods to go forward too green, which injured the reputation of the district. He called attention to the market being well stocked with old cheese, and in view of that his advice would be to continue the making of butter until the middle of May where it was possible to do so. In that way an opportunity would be given to clear the surplus stock before the new make is ready for sale.

Mr Alexander favored legislation that would make it a criminal offence to sell choese that had not been matured for at least ten days.

#### THE TIME TO SPRAY

The Ontario Beekeepers Association desire to draw the attention of the public to the fact that a number of members suffer from persons spraying ing killed from the poison in the spraying mixture. This practice is prohibited by an Act of Parliament assented to in 1892, the provisions of which are as follows: \*

1-No person in spraying or sprinkling fruit trees during the period with-in which such trees are in full bloom, shall use or caused to be used any mix-On Wednesday afternoon last fire ture containing Paris Green or any other poisonous substance injurious to

2—Any person contravening the provisions of this Act shall, on summary conviction thereof before a Justice of the Peace, be subject to a penhose was laid and Old Invincible was alty of not less than \$1.00 or more than \$5.00.

The best fruit growers consider spraying, during the period of full bloom, as a useless waste of material, vice in preventing the spread of the bloom, as a useless waste of material, fire to other buildings. The burning and harmful to the setting of the truit. shingles were carried long distances It is universally condemned by entomand the roots of several buildings in clogists in every part of America. the neighborhood were ignited, but the The recommended formulas as sent out by both the Federal and Provincial Mrs Simes, towards whose dwelling Departments of Agriculture state disthe wind caried the burning embers, tinctly to spray apple orchards with

> 1-Just as leaf buds are expanding. 2-Just before the blossoms open. 3-Just after blossoms fall. 4-A later spraying if required.

Beekeepers and Fruit Growers are both urged to see that the harmful practice of apraying during full bloom

is stopped,

It is hoped that the law will not have to be applied, as most persons are unaware of the harm they do themselves as well as the beekeepers.

A small band of Gypsies camped at the eastern limits of the village on Monday. A couple of females visited the village and offered to read the future for citizens who might be possssed of 25c worth of curiosity, but they found the people so happy in the enjoyment of the present that there was "nothin' doin'" in the fortune tell-
