#### ROBBERY OF THE PEOPLE

The Gamey investigation cost the Province \$45,000, of which \$7,000 went to the judges. It was a ifeast of fat things for the lawyers. E. F. B. Johnston, K. C., received \$5,-749.90, and \$3,723.13 for disbursements. W. R. Riddell's fee was the modest sum of \$4,250, Hon. S. [H. Blake and C. H. Ritch!e divided between them \$7,600 for legal services, W. D. McPherson's little fee was \$3,000, and the same gentle-men received \$3,723.13 to disburse. J. M. McEvoy, of London, got \$2, 350 for legal services and \$75 for stenographer, and Nelson R. Butcher, the official stenographer, was rewarded to the extent of \$4,429.50 for his work. The people of the Province pay the whole shot. One aders what the suffering public can do in the face of such toutrageous charges for services on the part of the judges and lawyers. The legal gentlemen on both sides appear to have been afraid they would not charge emough, and the Government dare not offend any of them by taxing the accounts. to get into the political swim. Haff a dozen men received each per day as much as an honest farmer or workingman would make in a month Both sides glutted themselves at the people's expense. The Government is supposed to be the guardian of the rights of the whole people, yet dare not demur when the high up degal gentlemen charge exorbitantly.

#### BIBLE SOCIETY 100 YEARS OLD

The centenary of the British and Foreign Bible Society is to be observed on Sunday, March sixth, points est the Windsor Record. The sympathies of the Protestant churches have been enlisted in a thanksgiving That is world-wide. The occasion only knew it. The Planet believes will be recognized by King Edward in supporting our own industries and and Queen Alexandria, who will be present at divine services at St. when the lord mayor, the sheriffs state. The sermon will be preached by the Archbishop of Canterbury.

The movement has met with the approval of all non-conformist relig-ious bodies in Britain, as well as with

the state church itself.

In British colonies the idea has been greeted with universal approval. The Primate of all Canada, the Archbishop of Capetown, and nearly fifty colonial and missionary bishops of the Anglican communion have written cordially endorsing the observance of Bible Sunday, The chief representatives of non-Episcopal churches in the colonies have responded with equal readiness and the proposal has received the very hearty sanction of the synod of the Dutch Reformed Church in South Africa.

In the United States both the chief Presbyterian churches, the Method st churches and the presiding bishop of the Protestant Episcopal church have cordially agreed to observe the day in their various churches.

All the great missionary societies, to observe this day of common thanksgiving, many of them have generously arranged to forego their own sermons or meetings on March 6, in favor of B.ble Sunday. That the suggestion would meet with enthusiautic support in the mission field throughout the world was a foregone conclusion. But the mest significant item in this huge program is the bringing into line of the Protestant churches on the continent of Europe, and establishing a link between those that may be most widely sundered on minor points. Bible Sunday will be kept by hundreds be congregations, representing Lutheran Reformed and Waldensian churches The Archbishop of Upsala has writ-The Archbishop of Upsala has written, in the name of the Bishops of Sweden, promising the co-operation of all their clergy. A meeting of the Danish bishops in Copenhagen passed a unanimous resolution in the same terms; while similar resolutions have been passed by the consistory of the Protestant State church in Saxony, and the conventus of both the Lutheran church and the Calvinistic eran church and the Calvinistic church in Hungary. Thus, through-out the world, thanksgiving will be made to the Almighty God in all tongues and by all peoples on this memorable day.

It is obvious that such a festival

It is obvious that such a festival as this could only be organized by an institution absolutely Catholic in its aims, world-wide in its work, and uncestricted by any merely national interest. From the very outset the Bible Society has been able to unify Christians of all denominations in the God-appinted task of steking to

#### VALUE OF ADVERTISING.

The time when a merchant can fix up a store, have a sign put begin to do a satisfactory business, has gone by. Newspaper advertising has grown to be a necessity in these days of strong competition. What makes the big departmental stores in the large cities spend so much money in advertising? They do it because it pays. By their advertising they are oming their wares before the peo ple all over the province, and get orders by mail from customers 100 or more miles away. It is said that the Eaton business in Toronto does a mail-order trade of \$4,000,000 a year. It may be that people in this city are sending to Toronto or Detroit or Buffalo for articles that could be got right here if they, only knew it. The Planet believes stores. A patriotic, loyal policy to-wards our own city suggests that the proper method is for our merchants in different lines to patronand the corporation will attend in ize each other, and let the benefits be reaped at home. It cannot be good business policy for a Maple City property owner to send to Toronto or elsewhere for goods because he saves a few cents on five dollars' worth. His interest lies in keeping his property valuable, his houses rented to prosperous tenants. The Canadian Grocer of a recent date had a pointed article on the subject of advertising, and says, truthfully:

"If a grocery dealer, for example, who buys space, neglects to use it intelligently, brightly, persuasively, he cannot expect his advertising to be profitable, and, if he be honest, he will blame himself for the failure. Having an opportunity is one thing; the right use of an oppor-

tunity is quite another thing. all have known men to own horses which stand idle in their stalls most of the time, or else wander about a big pasture field. They do no work; yet we do not say the horses are no good. It is their owners whom we censure. So it is with much advertising. Some advertise-ments stand unchanged week after week, using up space which must be paid for; and some ramble so that they fail to sell a penny's worth. Such advertising is costly, pecause it represents waste.

"The dealer who advertises, rather, who thinks he is advertising, by engaging space in his local paper and then giving neither time nor attention to a right use of this space, might just as well cancontract."

Merchants in the smaller cities and towns will do well to follow the lead of the big stores in the large cities, and making the people aware that goods can be bought in their own towns as cheaply as in the larger cities. It is said the mail order departments in the large stores are suffering a considerable shrinkage because of the better use the country merchants are making of their advertising space in their local papers. Advertising is like everything else. There is a right way of doing it and a wron way. But to do business days it is necessary to advertise.

## There is Pneumonia on Every Hand

Three Deaths in One Family Recently
Arises From Neglected or Uncon-

Pneumonia is second only to consumption in the number of deaths which it causes, and like consumption always has its beginning with a cold. At this season you can scarcely glance over a paper without seeing the records of several deaths from this dread disease.

Cold in the head, fever and chills, a cough which gradually becomes dry and more painful in the chest, rapid, difficult breathing, feelings of exhaustion and depression — these are symptoms of pneumonia.

You can prevent and cure pneumonia by the use of Dr. Chase's Syrup of Linseed and Turpentine, the greatest of all treatments for the throat

of Linseed and Turpentine, the greatest of all treatments for the throat and lungs.

The only safe way is to regardevery cold as serious. Think of the dreadful possibilities which accompany every cold. Remember that pneumonia and consumption are the frequent outcome and cure the cold before it gets beyond your control. By frequent does of Dr. Chase's Syrup of Linseed and Turpentine, you can quickly break up the cold and guard against dangerous developments. No treatment was ever so successful for this purpose.

Changes of Clothing.

One should use scientific methods in the changes of clothing, both in regard to time of the year and to changes of temperature. The clothing should be lessened and increased according to the reading of the thermometer and according to the conditions of the weather, whether it be hot or dry, cold or wet, let the month be July or January.—Delineator.

BLIND WITH HEADACHE.

People often get blinding headaches that suffer from constitution. Simplest remedy is Dr. Hamilton's Pills of Mandrake and Butternut. They are mild, certain and safe. For headache and biliousness use only Dr. Hamilton's Pills. Price 25c.
