TUPPERVILLE PUBLIC
SCHOOL PICNIC

A very successful patriotic picnic
was given by the teachers and pu-
pils of S. S. No. 9, Chatham Tp., on
Friday, June 30th, in J. T. Holmes' grove.

The pupils assembled at their beau-
tiful school at one o'clock and form-
ing in line marched to the grove,
headed by the Grand Old Flag.

The day was all that could be de-
sired and a large crowd turned out
to show by their presence that they
were in hearty sympathy with the
efforts the teachers and pupils of
our public school had put forth. Nor
were they to be disappointed, for
during the afternoon an excellent
program was rendered, consisting of
choruses by the school, recitations,
solos, duets and a flag song sung
by 14 little boys and girls. Rev. Mr.
Moorehouse very ably acted as chair-
man and gave an excellent address
on "Literature," advising the boys
and girls to read only good, pure
books.

After the program came the races,
as follows:—

Girls' foot race, 9 years or under,
1st prize, fancy parasol, won by May
Glassford; 2nd prize 25c., won by El-
ma Sutor.

Girls' foot race, 10 to 14 years, 1st
prize bottle of perfume, won by Bes-
sie Sutor; 2nd prize half-dozen por-
ridge dishes, won by Gertrude An-
derson.

Egg race, 1st prize vase, won by
Ethel Erikson.

Little folks' foot race, 1st prize a
ball, won by Annabel Glassford.

Boys' foot race, 9 years and under,
winner, won by Charlie Sutor.

Boys' foot race, 10 to 14 years, 1st
prize pair cuff links, won by J. Jink-
erson; 2nd, 25c., won by Willie Glas-
ford.

Boys' boot and shoe race, 1st prize
baseball, won by John Jinkerson; 2nd,
25c., won by Willie Glasford.

Girls' and boys' needle race, bon-
bons, won by Hah Coniffe and Wil-
lie Glasford.

Boys' three-legged race, 1st prize
30c., won by John Jinkerson and Leo
Barber; 2nd, 20c., won by Robt. Hall
and Charlie Wilcox.

Boys' sack race, Jack-knife, won by
Gus Wickens.

A tug-of-war between the boys of
Hartley school and the boys of S. S.
No. 9, resulting in a victory for the
former, wound up the games.

Supper was then announced and
the tables, which looked tempting,
decorated as they were with beau-
tiful bouquets, were soon surrounded,
everyone endeavoring to satisfy the
inner man, and, judging by the rapid
disappearance of sandwiches, pies
cakes, we are inclined to think that
their efforts were not in vain.

The afternoon's frolic ended with
an interesting football game between
the Union boys and Oldfield, the re-
sult being 2-0 in favor of the Union
team.

The proceeds of the day amounted
to about \$30, which will be used in
purchasing a library for the school.
Those who had the management of
the picnic in charge were Miss Car-
rie Burns, principal of the school,
and Miss Lela McArthur, her able
assistant.

Orangemen Make Great Parades
Despite the Rain.

Dr. Sproule, M. P., Grand Master of
British North America, Made the
Speech of the Day—Says Autonomy
Bills Fight Is Not Over—Lightning
Stuns Fire and Tatters Orange Ban-
ner at Renfrew.

Belleville, July 13.—The Twelfth of
July celebration in this city was, in
everything but weather conditions, a
grand success. The city was thronged
with visitors from many outside points.
The procession started at 2 o'clock.
When it was about half over the rain
came down in torrents, necessitating
the calling off of the platform meeting
in the driving park. It cleared up about
3 o'clock, and a meeting was held in
the Market Square, which was largely
attended and very enthusiastic.

of Ontario East, was chairman, and
speeches were made by Dr. Sproule,
M. P., grand master of British North
America; William Johnston, past grand
master of Ontario East, and Rev. Jas.
Coburn of Toronto. Many prominent
members of the order were also pre-
sent, among them being F. M. Clarke
of Belleville, grand secretary of Ontario
East; James Benny, D. G. M. of On-
tario East; William White, P. G. D. of
C. of B. N. A.; Rev. G. S. White,
P. G. G.; Capt. John Gaskin of King-
ston, past county master; Robert Gor-
don of Tweed, G. T. of O. E.; R. H.
Holland of Port Hope, P. G. M. of O. E.;
James Worrall of Picton, grand master
of True Blues, and many others.

Not Over Yet.

The chief interest centered in the re-
marks of Dr. Sproule, M. P., who was
given a very hearty reception. His
remarks were for the most part in the
customary Twelfth of July vein, but
with special reference to the lessons of
the recent autonomy bills debate, he
said, in the course of his remarks, that
the battle over the autonomy bills was
not done yet; it was only beginning.
The gauntlet had been thrown down
by Laurier and his friends and had
been accepted by a free people who
had never backed out of a fight. (Great
cheers.) Another thing Orangemen
had to fight, Dr. Sproule said, was
their own friends who were ready to com-
promise. In conclusion the doctor said
that there was too much partyism in
Canada, too many men who placed
party before principle. The doctor was
given an ovation at the conclusion of
his speech.

Lightning Stuns Five.

Orange Demonstration at Renfrew Al-
most Marred by Calamity.

Renfrew, July 13.—Thousands of peo-
ple and nearly 30 Orange lodges were
here yesterday. Rain commenced just
as the procession was formed, and be-
fore the last of the nearly two miles of
lodges had passed the head of Main
street there was a downpour, and
shortly after getting back to the park
the worst thunderstorm of the season
came up.

During its course a bolt of lightning
descended a tree and five of the visitors
were struck by it. The victims were
Samuel Adams and a Mr. New of Ot-
tawa, Peter Phillips, wife and son, of
Douglas. They were all rendered un-
conscious, and remained so for a
time, but were resuscitated. A team
of horses was knocked flat, and the
banner of Ottawa Lodge, No. 227, was
torn to shreds and part of it embedded
in the tree against which it was stand-
ing.

A grist and sawmill at the other end
of the town was fired, but the blaze was
quenched. Speaking in the park was
abandoned.

"OLD GLORY" TRAILED IN MUD.

London Has Flag Incident Over Visit-
ing Yankee's Nasty Remark.

London, July 13.—The American flag
was torn from its pole at the head of
Loyal Orange Lodge, No. 67, of Port
Huron, Mich., yesterday by a throng
of angry Canadians and trailed in the
dust. There had been the best of good-
fellowship shown between the Amer-
ican and Canadian Orangemen all day,
until an American, his name is not
known, suddenly shouted, "To — with
Canada."

"It's only a country for suckers any-
way," some one else offered to assert.
Then a crowd gathered. Canadian
flags were shaken under American noses
and anyone wearing an American uni-
form immediately became the centre of
an excited and argumentative crowd.
The Port Huron lodge marched down
the street. At the head flew a splen-
did Stars and Stripes.

"We will show you," shouted a Cana-
dian patriot, and he led a rush for the
flag. In a moment it was trailing in the
street, splattered with mud and
marked with the imprint of heels.

The police interfered and restored
order.

HOLDS EMPIRE OF THE SEAS.

Ex-Minister Delcasse Explains Why
British Alliance Is Desired.

Paris, July 13.—Former Foreign Min-
ister Delcasse, in the course of an in-
terview published by The Gaulois yes-
terday upon the British and French
naval amenities at Brest, was induced
to discuss his general policy relative
to Great Britain and Germany. He
said:

"The policy of nations nowadays is
not based on sentiment or antipathy,
but upon their material interests. As
between Germany and Great Britain
our commercial balance shows what
our interests lie. Great Britain is our
best purchaser, while Germany buys
almost nothing of us and tries to sell
us all she can. Moreover it is evident
that we could not leave open irritating
controversies with Great Britain which
might precipitate an armed struggle,
for Great Britain holds indisputably the
empire of the seas.

"For every warship we build she
builds four or five. It is therefore well
to accept these manifest facts and con-
sider the value which British co-opera-
tion would give us in certain eventual-
ties. The greatest intrinsic value of
such co-operation would be the virtual
impossibility in which it would place
Germany of making war upon us.

"It is the sea which it is necessary
to command to-day, and the war in the
Far East has conclusively demonstated
that."

In conclusion Minister Delcasse was
asked for his opinion of France's ac-
cepting a conference on Morocco, to
which he gave the following textual
response: "To go to a conference is a
mistake—and such a mistake."

CECIL B. SMITH NAMED.

Chief Engineer of Ontario Hydro-Elec-
tric Power Commission.

Toronto, July 13.—Cecil B. Smith,
chairman and chief engineer of the
Temiskaming and Northern Ontario
Railway Commission, has been appoint-
ed chief engineer of this hydro-electric
power commission of Ontario, for such
is the official designation of the body
recently appointed by the Ontario Gov-
ernment to investigate the question of
the development of water powers and
its cost. Mr. Smith was appointed at
yesterday morning's sitting, at which
all the members were present.

The chief engineer will give his en-
tire time to the duties of the dual po-
sition. He receives an honorarium of
\$3,000 from the Government as engineer
of the railway; and the power commis-
sion will, it is expected, duplicate this.
The decision to seek joint quarters is
taken to mean that the new railway
will be operated by electricity. It is
known that this is one of the questions
that are now being considered by the
Government.

Pending the appointment of a secre-
tary, W. C. Wilkinson of the law de-
partment will act as secretary.

NEGRO KILLS SHIP'S CREW.

Starting Tragedy Is Reported in the
South Seas.

New Orleans, July 13.—The Norwe-
gian steamer Bramen, Cape Holm,
from Ceiba, Honduras, reports a start-
ling tragedy on the small trading schooner
Olympia, bound from Urdila for
Tucillo via Ruatan, to purchase
cattle.

The crew and passengers, twelve in
all, were all murdered by a negro named
Robert McGill, except one passen-
ger, a young woman, who escaped by
swimming ashore, after having been
struck on the head with an oar.

McGill is a resident of Urdila. He
shot all of his victims. He forced one
of the crew of the schooner to scuttle
her. McGill then shot him and escap-
ed in a dory. He was subsequently
captured at El Provenier, Honduras.
The captain of the Olympia had \$1,400
in his cabin.

FOG SPOILS THE TEST.

Turbine Virginian and Cruiser Can-
ada Fail to Meet.

Montreal, July 13.—The Allan Steam-
ship Line officials have given up all
hope of the turbine Virginian and the
cruiser Canada breaking the cross-
Atlantic record for Canadian mails.

Despatches received at the head
office yesterday indicate that a very
heavy fog has prevailed for some days
about the mouth of the Gulf, and as a
result of which the Virginian passed
Cape Rouge only yesterday morning.
Her earliest time off Sydney is now
thought to be 4 a.m. Thursday. At
this rate the liner will be very little
ahead of the record to Rimouski.

The officers expect another trial will
be made. The outgoing turbine Victo-
rian has been detained by fog for
48 hours in the lower Gulf.

TO GRAPPLE FOR BODIES.

Major Hodgins and Party Have Begun
the Sad Work.

Kenora, July 13.—Major A. Hodgins,
chief of transcontinental staff, left
with a party yesterday morning for
the scene of Tuesday's drowning ac-
cident, taking with him more grappling
irons and 1,500 feet of line, on account
of the lake being so deep.

News came in last evening that no
bodies had been recovered, but that
Major British's coat was found and
one belonging to one of the other men.

Young Temple is fairly well re-
covered, and Mr. Sankey's brother is
expected here from Toronto, by Im-
perial Limited to-day.

Want Public-Owned Lines.

Ottawa, July 13.—E. Trowern, repre-
senting the Retail Merchants' Associa-
tion of Toronto, was heard before the
Telephone Committee yesterday. He
complained that the rates were too
high for their business, and the asso-
ciation favored the Government own-
ing the trunk lines. Mr. Beaudry, re-
presenting the Retail Merchants' Asso-
ciating, wanted cheaper phones. The
association was in favor of the Govern-
ment regulating the trunk lines so as
to give connection to independent com-
panies.

River Thames Rising.

London, July 13.—The River Thames
is again causing the residents of West
London some uneasiness. Since 6
o'clock last evening the stream has
risen a foot and a half and it gives
every indication of continuing.

The Tecumsehs played a drowsy
game at Wallaceburg yesterday,
being defeated by the score of 5-2.

In the absence of several of the
regular players some juniors were
placed on the line-up, which consist-
ed of McKinley, Webb, Pickering,
Hutchinson, "Onion" Green, Pritchard,
Grace, Marron, Leaderoute, Stew-
art and Stewart, Jr.

The field at Wallaceburg yesterday,
when the Shamrocks of Chatham
played the Juniors of the former
place, resembled a swimming tank,
owing to the rain. The young
Burghees proved better swimmers
than our boys and won 4-1. The
Chatham line-up was—Radley, North-
wood, Poole, Waller, Higley, Taylor,
French, Hood, Hobins and Walker.

BOWLING

Four rinks of Chatham bowlers,
skipped by L. E. Tillson, R. G. Flem-
ing, Dr. R. V. Bray and G. Mitton,
went to Ridgetown to take part in
the bowling tournament there yes-
terday and to-day.

The tournament was held on the
new grounds of the club, in the cen-
tre of the town. Mr. Taylor's and
Dr. Bray's rink were were success-
ful and are still playing to-day. Mr.
Webb's rink lost to Blenheim and
Mr. Tillson's rink to Thamesville.

In the consolation round Webb and
Tillson were drawn to play against
one another, Mr. Tillson winning.
Although this rink was still in the

running for the consolation prize
dropped out and came home. It is
unfortunate that Mr. Thomas was
robbed of his sleep the night before
by that barking dog, otherwise his
rink would surely have won that
first round.
