

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU

32 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

An Englishman, thinking to put one over an Irish friend, said to the latter, "I say, Pat, if you weren't an Irishman, what would you be?" The somewhat disconcerting retort came back, "Sure, and I'd be ashamed of myself."

Children Cry FOR FLETCHER'S CASTORIA

A circus was travelling through Scotland, and when it got just outside of Dumfries a baboon died. Not wanting to be bothered with the body it was thrown over a hedge, into a field. Three Scotch farmers went that way, saw the baboon, and wondered who it was.

"He's no a Cameron," said one; "he's too broon!"

"He's no a Macdonald," said the second; "he's too reed!"

"And he's no a Mactavish," said the third; he's too dashed guid luikin'! Away to yonder hoose an' see if there's an English visitor meesin'!"

Provision is being made for the printing of a new Canadian cent. It will approximate the American cent in size.

The "Home" Paper.

It's printed old fashioned and homely. Bearing name of a small country town: With an unfeigned sneer at its wrapper queer,

The postman in scorn throws it down. But I scan every line that it offers. Each item brings something to view Through the vista of years, through youth's pleasure and fears,

It serves their keen touch to renew. The death of a girl I once courted, The growth of a firm I once peered, The rise of a friend I love to commend, The fall of a man I revered.

As I read I drift dreamily backward To the days when to live was a joy. I think, I pore, till the city's dull roar Grows faint, and again I'm a boy. Rare perfume of green country by-ways,

Fair music of flowers and bees, And the quaint little town with its streets leading down: To the creek and the low bending trees.

Around me the forms of my comrades, About us earth's glory unfurled. Each heart undimmed, with the faith of a child Looking forth to a place in the world.

And the paper tells how all have prospered, I follow their lives as they flow, Applauding each gain and regretting each pain

For the sake of the days long ago. Above all the huge city dailies, With wondrous utterances wise, This scant page hath power to spread for an hour A fairyland sweet to my eyes!

Plan to Boom Nova Scotia

D. A. R. APPOINTMENTS. D. J. MURPHY, COLONIZATION AND INDUSTRIAL AGENT

Following the policy for greater production, increased settlement, colonization and industrial development, etc., being energetically advanced by the Dominion Atlantic Railway Company, Mr. D. J. Murphy, Jr., formerly Superintendent of Transportation for the Dominion Atlantic, but for the last four years on active service in France, has been appointed Colonization and Industrial Agent, with headquarters at Kentville.

In the appointment of Mr. Murphy, and in co-operation with the Nova Scotia Government, the executive of the Dominion Atlantic will actively encourage the development of the country between Halifax and Yarmouth.

The management of the Railway already have many applications for land from intending settlers in Great Britain and the United States. New industries are seeking locations, and Nova Scotia has been in the minds of many investors of capital recently. The new branch of the organization above referred to, is necessary in order to obtain the requisite data, and to put it in such shape that persons wishing to go onto the land, or invest their capital, will be in a position to obtain first hand, and definite information promptly.

The appointment is in line with the policy of the Dominion Atlantic in developing its territory. Every indication points to a great influx of settlers into Canada during the next few years.

Keeps Baby's Skin Healthy

If every mother could only realize the danger which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of eczema and makes the skin soft, smooth and velvety.

Cleaning Valve Stems

A very simple way of cleaning valve stems which are under suspicion of harboring carbon deposits is to inject a little kerosene in the air valve of the carburetor while the engine is running. In this way a little of the kerosene finds its way down the valve stem and softens and washes off the carbon. It is no bad idea to do this once a month or so.

Winter Fire Protection

Winter fires in barns, stables or outhouses are usually caused by the knocking over or explosion of kerosene lamps or lanterns. Keep a few pails of dry sand on hand. Dry sand will not freeze. In the incipient stages of an oil fire, sand will smother, whereas water will spread it.
