Britain is Firm

LONDON, Aug. 27.—The Pekin correspondent of the Daily Mail says: "The situation has suddenly become acute. The relations between the Tung-fu-Yamen and Sir Claude MacDonald, the British ambassador, are strained to the point of rupture. Sir Claude MacDonald has indicated that any failure by China to observe Great Britain's wishes will be accepted as a casus belli."

"In support of Sir Claude MacDonald, the fleet has been concentrated at Wei-Hai-Wei and Hankow, and all the warships under 5,000 tons have been mobilized in the Yang Tse river. The naval demonstration is solely directed against China, as it is semi-officially stated that the existing relations with Russia are cordial. Lord Salisbury has abandoned the policy of the open door, substituting for it a policy of influence."

"Diplomatic conferences have been of constant occurrence within the last few days. Lord Salisbury insists upon the recognition of the other powers interested in China of the boundaries of Great Britain's sphere of influence. The settlement whereby Great Britain recognizes Russia's position in Manchuria, Russia is required to acknowledge the paramountcy of England in the Yang Tse valley and guarantee that the requirements shall be permanently respected."

"Great Britain is willing to drop her protest in respect to the new Chinese railway, but Russia is required to cancel her agreement with China, that in the event of the largest financial interests should arbitrate in disputes connected with the Peking-Hankow railway. The negotiations between Russia and Pekin. The British ambassadors at St. Petersburg and Pekin are in close communication."

Foresters in Convention

ORDER HAS MADE UNPRECEDENTED ADVANCES IN LAST THREE YEARS.
TORONTO, Aug. 28.—Two very important matters were decided by the Supreme Court, Independent Order of Foresters, to-day. It was decided to make women members of the order, providing they pass the medical board on equal terms with the men. They are not admitted to the sick benefits but only to the mortuary benefits. The resolution was adopted by a vote of one hundred and sixty-three to sixteen. Women are not to be made members of the order, but are to have separate ones, to which men are not admitted. They will be known as companions of the I. O. F. The other important matter was the amendment to the constitution, providing for an increase of about fifty per cent in the assessment rates of the I. O. F. This will only apply to new members. The amendment was carried after a vigorous and long debate by a majority of one hundred and twenty-five to sixteen.

TORONTO, Aug. 28.—The Supreme Court of the Independent Order of Foresters is in session here. Among those present from New Brunswick are LaBrosse Coleman, F. W. Emerson, Wm. Kingston, G. G. Scovill, M. P. P., John McAllister, M. P., A. M. Belling, Judge Wedderburn, Dr. B. M. Mullin, W. W. Wells, M. P. P., and J. S. Fleming.

The Supreme Court was opened in the new Foresters' Temple on Thursday afternoon. About a hundred new delegates received the Supreme Court degrees. Mayor Shaw, of Toronto, was introduced and invited the delegates to a moonlight excursion on the steamer Clippewa.

Dr. Oranvatsky replied in suitable terms. The annual reports were presented. That of the supreme chief ranger showed that the membership had increased from 90,765 on July 1st, 1895 to 135,982 on July 1st, 1898, and the surplus had increased from \$1,346,829.38 to \$2,858,612.68 or from 19.67 to 21 per cent. The net gain in membership had been 68 per cent. During the three years 1895 subordinate courts and seven high courts had been established. The total benefits paid during that period had been \$2,722,544.91. The report referred to the proposed extension of the benefits. It was proposed to create an Old Age and Total and Permanent Disability benefit and an Old Age Pension Benefit.

Struck by a Fast Express

CAPT. ALFRED BISHOP AND MISS STILES OF DORCHESTER.

DORCHESTER, N. B. Aug. 23.—A most frightful accident, in which two lives were lost, occurred here shortly after three o'clock this afternoon, when the Halifax day express on a crossing near Palmer's pond ran down a carriage containing Captain Alfred Bishop and Miss Stiles, both of Dorchester, who were on their way to Cady's Point, the well-known bathing resort. The crossing at which the accident happened has always been held as one of the most dangerous on the Intercolonial railway, but despite this fact no precautions have ever been taken by those in authority, although several years ago an accident similar to that of to-day took place, in which, seriously enough, the grandfather of the lady killed to-day lost his life. On the approach to this crossing the train runs through a very deep cutting about which is a fifteen feet board fence, rendering it impossible to see an approaching

train until the crossing is actually reached, and under certain conditions of the atmosphere it is impossible to hear the train, as it runs down the grade at a rate of speed far exceeding advisability. It is supposed that by reason of the southerly wind Capt. Bishop was unable to hear the express, to-day, until it was actually upon him, but the driver and other train hands may be able to throw some explanation upon the matter. The carriage and bodies were thrown thirty or forty feet, but strange to say, the horse was unharmed, the shaft breaking off close to the wagon. The body of Miss Stiles was but little disfigured, but that of Captain Bishop was so mutilated that for some time it was impossible to identify it. Both legs severed and the face and head horribly mangled. Captain Bishop was well known throughout the province. He was a member of Sussex lodge of Free Masons. Much sympathy is expressed towards the members of both families.

DORCHESTER, Aug. 24.—The inquest concerning the death of Captain Bishop and Miss Stiles, killed yesterday by the Halifax express near Palmer's Pond, was resumed in the court house at nine o'clock today, when those employed on the train at the time of the accident were present and gave evidence.

J. Hunter, the driver on the engine, testified that as they rounded the curve, three hundred feet from the crossing, he saw the train, but had no time to reverse his engine and bring the train to a stop before the catcher struck the carriage on the front wheel and tossed it and the occupants many feet into the air. He said that when he first saw them Capt. Bishop was standing, as though to urge the horse on, and was in this position when struck. The body of Miss Stiles was found resting on the front of the engine, but that of Captain Bishop was thrown in a heap to the right of the track.

Several others gave testimony, but no one witnessed the fatality nor new facts came to light. The jury after a short deliberation returned their verdict, which exonerated the railway from all blame, but at the same time advised that means be taken to make the crossing, which is now most dangerous, safe. This will be supplemented by a petition from the residents of Dorchester and vicinity, and it is hoped will be speedily acted upon by the government. The funeral of the remains of Capt. Bishop will be held on Thursday at two o'clock, and will be conducted by Lodge No. 4 of Free Masons, of which he was a member. Miss Stiles will be buried on Friday in the Baptist cemetery at Dorchester Cape.

After Big Game

MANY HUNTING PARTIES GOING TO THE MIRAMICHI MOOSE DISTRICT.

Mr. P. M. Graham, of Surrey, England, arrived at Fredericton by Canada Eastern train last week to start upon a moose hunt in the Miramichi district. Mr. Graham arrived at Quebec on Friday and went direct to Fredericton. All arrangements for the hunt have been made through Mr. W. T. Chestnut, with whom Mr. Graham has been corresponding since last winter. Mr. Graham is going to hunt with Henry Bradshaw as guide, Chas. Cameron as cook, and Jack Samsom of Stanley, and Everett Holts of Pleasant Ridge assistants. Mr. Graham is after big game, and Mr. Bradshaw will take him to the district north of the Little South West Lake, going deeper into the forest than any party that has yet hunted with Mr. Bradshaw. The party will leave town on the Canadian Eastern to-morrow morning and will come out on September 28th.

Mr. Chestnut to-day received a cablegram from Major Hallows that he and Mrs. Hallows will leave England on Wednesday next, and will come direct to Fredericton. Major Hallows, who is one of the most noted sportsmen to come to New Brunswick for a long time, will also hunt in the Miramichi district. Mrs. Hallows will accompany her husband upon the hunt, and she will have the distinction of being the first woman to go upon such an expedition.

As soon as the Graham party comes out of the woods an American party will go in the same country with Bradshaw. This party is comprised of Gordon Parker and friend, of Woburn, Mass. They were here last year, hunted with Bradshaw and got two moose apiece. They were not at that time well equipped for moose hunting and saw several fine specimens before they brought down their game. Mr. Parker has brought from Mr. Chestnut a beautiful English rifle, and says that he will not again hunt New Brunswick big game with a pop gun.

The Parker family will be gone three weeks, and as soon as they come Bradshaw is engaged to guide W. M. Kildler and A. T. Egan of New York.

Mr. R. F. Randolph, Capt. Macdonell and Mr. John Rodkin will leave on Thursday for a month's hunt after big game. They are going in on the Neptunian.

Among the other sportsmen who have arranged through Mr. William Chestnut to hunt here this fall are Mr. N. West of Anderson, Indiana, President of the Arcadia Picnics, and Mr. Fote, a large fish manufacturer, of New York. These gentlemen will arrive here on Friday, 2nd September. They will go after big game, hunting on Bradshaw's ground, near The Sisters and Brook Brook Lake.

Thomas Craig of Red Rock, Stanley, will guide the party and Ned Church of Shirley Mills, Me., will accompany them as moose caller. Joe Paul will go with this party as cook. They will be gone about three weeks. As each of these hunting parties expand several hundred dollars while upon the expedition the financial benefits to the country are not inconsiderable.

Messrs. W. T. Chestnut and F. H. Ristien are giving much of their time to arranging for guides and all the numerous details of these hunting expeditions.

Child Out by a Reaper

On Saturday last while Michael Noonan was reaping a field of wheat, his little boy, about 3 years old, hid in the wheat. The reaper was on the child when he noticed him. He saved the child's life by throwing back his horse, but not before the child's legs were nearly cut off. He drove to town with all possible speed and had the wounds dressed. The little fellow is better. He will not be crippled.

Presentation and Address

At the close of last Sunday's session of St. John Church Sunday School, Mr. McKinnon presented four volumes of poetry—Scott, Byron, Hemans and the Ingoldby Legends—to Ernest Jack, on behalf of the teachers and officers, and read the following address:

Chatham, 18th Aug. 1898.

MR. ERNEST JACK—DEAR FELLOW WORKER:

The teachers and officers of St. John Church Sunday School desire to express their regret that circumstances have made necessary the severance of your connection in the school. They have recognized and appreciated greatly the valuable services you have rendered the school, the devotion and zeal with which you have sought to promote its best interests, and the spirit of earnest cooperation that has characterized your whole relationship with the Church, the Sunday School and the Christian Endeavor Society.

In view of these facts, the teachers and officers of the Sunday School feel deeply the loss that must be sustained by your removal and they beg to express to you their sense of the loss and to assure you of their earnest prayers for your future well-being in every walk and relation of life. With sorrow they say farewell, and as a small token of the love and esteem in which they will always hold you they beg they will accept the accompanying verses on behalf of the teachers and officers.

ALEX. MCKINNON, Supr.
MAGGIE H. MOWATT, Asst. Supr.

These passing in the second division are entitled to enter Normal School as first class.

That 2500 Cunaxa-Repton Collision Claim

On the fifteenth of July last the Battle line S. S. Cunaxa, Capt. Thos. Gray, while steaming up the Miramichi river, near Black Brook, found a couple of schooners sailing down the north channel, and the pilot decided to take the Cunaxa up the south channel, in which the S. S. Repton was lying loaded with cargo. When passing the Repton the Cunaxa touched her starboard fore rigging, slightly indenting one of the Repton's plates and doing a little damage to the Cunaxa on the bluff of the port bow. Surveys were made of both vessels here, and the owners of the Cunaxa offered \$75 to the Repton, the sum fixed by the Cunaxa surveyors, in settlement, which was refused, and a deposit of \$500 was demanded by the Repton. An agreement was made by the owners of both vessels to refer the matter for adjustment on the other side, and this has resulted in the damages to the Repton being fixed at \$7,46, which the owners of the Cunaxa have paid. The legal expenses incurred in making a formal protest and prosecuting the claim for big damages must have amounted to \$300. Mr. Lawlor was solicitor for the Cunaxa, and Hon. L. J. Tweedie for the Repton.

C. M. D. A. Convention

Nearly three hundred delegates were in attendance at the eleventh annual convention of the C. M. D. A. which opened at Quebec on Aug. 23rd. The delegates, accompanied by members of local branches and a brass band, marched in procession from Tux Hall to St. Roch's church, where a solemn High Mass was celebrated. A sermon in French was delivered by Rev. C. E. Carrier, Superior of the College of Louis, Chapelle of Branch 96, and Grand District Deputy, and a sermon in English by Rev. Father Henning, rector of St. Patrick's church. On returning to the hall the President, Hon. F. M. Hackett, delivered his address, which was much admired. It was also decided that in the future that court which has a member on the Grand Council shall not have another delegate. This will mean an annual saving of \$1,000.

It was also decided that in the future that court which has a member on the Grand Council shall not have another delegate. This will mean an annual saving of \$1,000.

The convention at the morning's session made some important changes in the constitution and by-laws. One provides for the admission of honorary members, who shall pay a fee of 25 cents a month and shall enjoy the social privileges but not the benefits of the association. This rule is made in view of the fact that several men of great prominence who wish to join the order are too old to do so as regular members. It was also decided that in the future that court which has a member on the Grand Council shall not have another delegate. This will mean an annual saving of \$1,000.

This afternoon the mayor will welcome the delegates to the city and a local committee of ladies will meet the visiting ladies at the Frontenac and take them to see the sights of the city.

Had a Close Call

LITTLE ROBERT S. McEWE'S MOTHER SAVED HIM FROM A WATERY GRAVE.

Robert Stanley, the 2-year-old son of Mr. and Mrs. Thomas J. McEwen of 22 Silver road, was saved from a watery grave by his mother on Saturday. The little fellow is a bright boy, livelier than most children of that age, and is always romping about the yard when an opportunity to do so presents itself. The home of Mr. and Mrs. McEwen is at Intervale park, and the grounds in the rear of their residence border on the swift-flowing stream, which winds in and out in that neighborhood. There is a fence between the river and the grounds across the greater part of Mr. McEwen's grounds, but where the stream enters there is no protecting barrier. Saturday the little boy was running about, or at least running as much as a 2-year-old child can. He was under the watchful eye of his mother, who is conscious of the danger arising from the proximity of the water. Two round stones attracted his fancy and he picked them up. His next thought was to throw them into the water, and he started to toddle towards the water with this intention. He had almost gained the edge of the water when he was noticed and Mrs. McEwen went towards him at once.

Instead of picking the stones into the water, the boy ran to the edge of the brook and then tumbled head first into the stream. He sank from sight, and the current bore his body for a short distance. The mother's shrill scream or call for assistance. Instead, she bounded toward the water, and without a moment's hesitation, jumped in. The water came nearly up to her waist. In another second she was grasping her boy by the neck, and he drenched form to her bosom, after which she succeeded in reaching the shore and ran into the house.

The shock had made the boy almost unconscious, and it took a few minutes before he came to. He was all right again as soon as he had been clothed in dry garments.—Brocton Times.

Provincial News

The Abertown high school, Moncton, was formally opened on Saturday afternoon by Lieutenant Governor McClellan. Speeches were made by Premier Esmeralda, Dr. Stikton, Dr. Jack, Dr. Harrison, Dr. Allison and Principal Oulton.

Hardtail Advertiser: The water is getting very low in the river, and the old saw has to be resorted to for ferrying.

W. W. Buchanan, the prohibition champion of Hamilton, Ontario, opened the campaign at Moncton Sunday, addressing large meetings in the Central Methodist and Baptist churches.

RICHMOND, Aug. 29.—Messrs. Thos. Lebel and J. A. Benoit, of River du Loup, are here for the purpose of cutting and stringing saw grass. They intend curing it here by drying it in a kiln and shipping it to the United States and Canadian markets, where it will be used as material for upholstering and packing. The gentlemen intend to employ from 90 to 100 men.

The Kingston bridge has not yet been taken down.

As drowning accident occurred at Loch Lomond on Sunday evening. The victim was Mr. F. T. Allan, a New York gentleman of distinguished appearance. Mr. Allan went out in a boat about 8.30 o'clock, and the boat was afterwards seen empty. When the body was recovered yesterday morning it was plainly seen that Mr. Allan had fallen overboard while dropping the anchor, for the rope was tangled around his feet, and in this way he had met a swift and silent death.

Sunday morning, about 10.30 o'clock, while a small lad named Boyle was playing with a loaded revolver at Marble Cove, it was accidentally discharged, and the bullet badly injured the boy's left hand about the middle finger. Dr. McInerney dressed the injured finger.

Baptist Convention

The Baptist Convention of the Maritime Provinces was convened at Amherst, N. S., from the 17th to the 24th of August.

Between three and four hundred delegates assembled, taxing the capacity of the splendid Church at Amherst, probably the best in the country, to the fullest. The meetings were enthusiastic and harmonious, with enough of dissent for spice. The nomination was engaged was quite satisfactory. About \$25,000 have been expended on missionary effort, while the Union of Acadia College has never enjoyed a more successful year, thirty-two having graduated in the Arts course last June.

A Tribute To Miss Dorothy Fainne

OF NEW BRUNSWICK, CANADA, FIRST WOMAN WHO GAVE HER LIFE FOR OUR COUNTRY IN THE WAR WITH SPAIN.

(Written for the Advocate.)

"Take me and use me where you can, I wish your sick to nurse; I'd march and fight were I a man, To crush the Cuban's curse. My native home is far away, My chosen home is here. A debt of gratitude I'll pay This land to me so dear.

For many benefactions given, You have my love and will; Your dying I can point to Heaven; Your wounded nurse with skill. For them I'll do and dare."

The favored sick away from home, How much they'll need kind care; This is my work for this I've come, For them I'll do and dare."

We took her in the bloom of health, We knew our need full well; To us such help was more than wealth, When boys in battle fell.

To favored Tampa she was sent, She there her love pursued, With sticks and stones her time was spent, She kindness to them showed.

Such spirits, they are surely found, Such help we vainly seek; The wounded soldier's praise resound, For help when sick and weak.

From there to Chickamauga Park, Where fever struck full sore, When sick ones had forebodings dark, Her presence did assure.

Her help restored them when in pain, The favored ones gave care; She bade the heartick hope again, God's angel she was there.

She worked each day and into night, With wounded from our strife, Her smile was as the morning light, She thought not for her life.

A debt of gratitude we owe, This heroine of the war, The good she did our soldiers know, She was to them hope's star.

There in the south from home alone, Her call was sent from Heaven, "Come rest my child now rest at home, For Me your life was given."

Barnaby Rudge Notes

The weather of last week was very favorable, many of our farmers have begun harvesting. The little settlement of Bent's wagon is progressing very fast, both in building, lumbering and farming. Two of the leading men, J. Dawson and T. O'Brien, have added to their many farm improvements, new wells, "no more rheumatism now."

We are glad to note the arrival of Miss Julia Sullivan amongst her childhood friends once more.
