MEETING NORTH'D SUB DISTRICT BOARD OF HEALTH

The Northumberland Sub-district Board of Health held their regular monthly meeting in Chatham last Wednesday. Dr. F. J. Desmond District Medical Health officer presided. A full board was present with the exception of Fred P. Richard of Rogersville. Correspondence of Dr. Melvin concerning vital statistics through out the country was taken up. He noted with satisfaction that the registration of births in the town of Chatham was 141 for the first ten months of 1922 as compared with 113 for the corresponding months of 1922.

In Newcastle during the same period conditions were not so good there being in fact a decrease. In the parishes the figures were much the same, excepting in two of them where it has been found necessary to appoint new registrars.

The estimates for carrying on the work of the Board during 1924 were taken up and finally passed. The milk tests taken in Chatham, Newcastle and Loggieville were placed before the Board and was seen that those of three Chatham dealers had improved in sediment. These previously had not been up to the standard.

The Newcastle tests did not show up so well being low in butter fat. Certain dealers were notified that another test would be taken shortly and if no improvement was shown, they would have to cease selling. The report of Dr. LeBlanc Medical Inspector of Schools pointed out that 52 persons had been inoculated in the parishes of Blackville and Blis field where an outbreak of Diphtheria had occurred.

Inoculation had also taken place at upper Bay du Vin. St. Margarets and Renous. This inoculation is very advantageous to persons so treated, rendering them immune for a period of three yrs. Dr. LeBlanc found that in many of the schools he had visited, there were pupils suffering from eye-strain. This was due to bad lighting. In a school recently built, he found twelve pupils in maximum so affected.

He made a number of recommendations to the various Boards of School Trustees to be effected during the holidays. The Board received with satisfaction the fact that there were very few cases of contagious disease in the county at the present time—there being only three cases of scarlet fever.

Stiffness

It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

Gives Great Relief

Mrs. A. B. Calvert, 26 Park Ave., Guelph, Ont., writes: "My husband has used Minard's Liniment frequently, always with good results. Friends of mine use it for rheumatism and tell me that it gives great relief."

□ □

Mrs. Fred Johnston, Box 116, Thorold, Ont.—"I suffered very much with cramps in my face last winter, was advised to try Minard's Liniment, and was relieved immediately after first application. I persevered in using it and it has entirely gone. This winter I can go out without tying up my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

BEAVER SKINS SEIZED BY GAME CHIEF

Fredericton, Dec. 26—Beaver skins to the number of 159, found by Chief Game Warden Gagnon at the premises of Morris Rappaport on King street, who deals in furs have been held up pending investigation. All the skins bore Province of Quebec royalty stamps and were shipped here by the firm of Rosenheck & Gilman of Campbellton, N.B. Inasmuch as the open season for beavers opened only on December 15 it didn't seem possible to the Chief Warden for such a large shipment to have been legally taken and shipped out of Quebec.

The consignment has been held for several days now and information has been received here that a Province of Quebec official who has been carrying on an investigation as a result of advices received from Chief Game Warden Gagnon will arrive here tomorrow, when a decision will be reached as to what is to be done in the case.

Here and There

An addition to the Canadian Pacific Montreal-Toronto train service is a nightly train each way, making six trains every night between the two cities. The increase was found necessary on account of the heavy tourist traffic to Montreal from the West.

The opinion of Hon. T. D. Pattullo, Minister of Lands of British Columbia, is that "Canada can absorb at least 300,000 people annually, and this number can come on indefinitely. There is no limit to the requirements of the country. As many as we can get are wanted.

Nova Scotia is endeavoring to arrange an "old home" month during July or August of 1923, and it is expected that many from distant parts of Canada and the United States will visit the towns of their origin during the festival period set apart.

Incomparable Lake Louise has achieved new fame. The makers of the Gray-Dort car have put out a model in a new color which they term "Lake Louise Blue." It is of a lovely green-blue, and if it has caught anything of the glorious gleam of Canada's most beautiful mountain lake it should be a popular color for other than motor cars.

Big Bill, the last surviving buffalo at the Pinafore Park Zoo, St. Thomas, was recently shot. The animal had been suffering for some time from the same malady which carried off his mate a few months ago. Big Bill was said to have been the finest specimen of Buffalo east of the Government Park at Wainwright, Saskatchewan.

Albert Steedwell, Canadian Pacific Railway engineer at Fort William, has an airdale dog that is a wolf killer. Mr. Steedwell has a farm at Upsala, and while visiting the farm the dog routed out a brush wolf and chased it. During the subsequent battle one could hardly tell which was dog and which was wolf. Mr. Steedwell went to the assistance of his pet and together they finished the wolf.

T. W. McKenzie, Canadian Pacific Railway agent at Rosemary, Alberta, has received letters patent on a device for the purpose of locking automobiles. It is so constructed that when the switch is thrown off the car is automatically locked, thereby eliminating the possible chance of an owner leaving his car unprotected. The device cannot be operated nor the car started by an unauthorized person without causing an alarm.

The number of persons killed or injured while trespassing on railroad tracks were 50 per cent. less in 1922 than the average of the preceding fifteen years. The figures are 5,300 for nine months of 1922 compared with 10,736, the average for the previous year, according to an announcement made by the Safety Section of the American Railroad Association. This reduction in casualties is claimed to be due to the improved policing by the roads and to success of the Safety First movement.

From September 1 to March 31 inclusive, the Canadian Pacific Railway has transported to Vancouver 7,884 cars of grain, representing 11,668,328 bushels. Last year during the same period the movement amounted to 2,502 cars or 3,807,682 bushels. From the beginning of the crop season 1921, 320 bushels had been exported from Vancouver, of which 11,128,620 went to the United Kingdom, 2,242,300 to the Orient and 200,400 to South America. Last year during the same period export amounted to 5,000,000 bushels.

Takes Less Shortening

BEAVER Flour requires less shortening for pies and fancy pastry than other flours. This makes it the most economical flour you can buy. It has all the light, delicate, pastry and cake-making virtues of Ontario Winter Wheat blended with the stronger qualities of Manitoba Hard Wheat.

It makes flakier, more delicious pastry, as well as lighter cakes, and whiter and better-flavored bread than any other flour.

Tell your grocer you want BEAVER FLOUR.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Severe Kidney Trouble

Mrs. F. Rinehart, Campbellville, Ont., writes:

"I had trouble with my kidneys and very frequent urination. This was followed by pains which at times were very severe. The doctor said I had inflammation of the bladder and that an operation might be necessary. To this I refused, and began using Dr. Chase's Kidney-Liver Pills. From the first few doses I felt the benefit. The pains left, urination was corrected, and I have had no recurrence of these ailments."

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25c. a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you.

We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed-We know the Business and have no substitute for QUALITY.

This is the REASON we have the RANGE business of the entire country.
