Arnst Retains World's Sculling Championship.

Defeated Barry, the English Cham-
pion, by Two Lengths on the Zam-
besi River.

Livingstone, Africa, Aug. 18.—The
sculling match for the championship
of the world between Richard Arnst,
of New Zealand, and Eddie Barry, of
London, was won to-day by Arnst, the
champion, by two lengths.

The race was rowed upon the
Zambesi river, a short distance from
the famous Victoria Falls, over a
course of three and a half miles. The
stakes were \$2,500 a side.

The men met upon an ideal course,
a fine stretch of river, half a mile in
width, within sight of the island from
which Dr. Livingstone, 55 years ago,
caught his first view of the Victoria
Falls. Until a time within the mem-
ory of living men the scene of the race
lay in an unexplored part of the dark
continent, never looked upon by white
men, but the river banks where not
long ago the crocodile and hippopot-
amus held unchallenged sway were
to-day thickly lined with holiday-
makers, brought here by the railroad
completed in 1904. Tugs with cine-
matographs darted about the river
taking pictures of the race and other
usual accompaniments of rowing
contests in the older countries were
not lacking.

The Zambesi was selected as a
convenient location for the race,
Arnst, who has held the championship
for three years, objecting to the ex-
pense of the trip to England, while
Barry, who is a Thames waterman,
and the holder of the English scull-
ing championship, was opposed to the
long journey to New Zealand.

World's Champions.

A list of the world's sculling cham-
pions is:—

1883—Hanlan beat Ross.
1884—Hanlan beat Laycock.
1884—Beach beat Hanlan.

1885—Beach beat Hanlan.
1886—Beach beat Gaudaur.
1887—Beach beat Ross.
1888—Kemp beat Hanlan.
1888—Kemp beat Clifford.
1889—Searle beat O'Connor.
1890—Kemp beat Matterson.
1891—Stanbury beat McLean.
1892—Stanbury beat Sullivan.
1896—Stanbury beat Harding.
1901—G. Towns beat Gaudaur.
1904—G. Towns beat Tressider.
1905—Stanbury beat G. Towns.
1906—G. Towns beat Stanbury.
1907—G. Towns beat Durman.
1907—Webb beat G. Towns.
1908—Arnst beat Webb.

Arnst was the champion bicycle
rider of Australia until he turned his
attention to rowing. Webb captured
the world's championship from Charlie
Towns, after the latter had received
the title as a gift from his brother
George. The latter had beaten Ed-
die Durman, of Toronto, just before
his retirement in 1907.

Ernest Barry belongs to a family
well known along the Thames river-
side, his elder brother William hav-
ing once won the championship of
England. He stands 6 feet in height.
His racing weight is about 16
pounds. Barry won Doggett's Coat
and Badge in 1902, and has since
done a considerable amount of scull-
ing. He trained H. T. Blackstaffe
the winner of the Olympic Sculls.

This is to certify that I have used
MINARD'S Liniment in my family for
years, and consider it the best lin-
iment on the market. I have found it
excellent for horse flesh.

Tim Shannahan on the Automobile Tax.

Someone blundered in framing the
law by which the Auto tax should be
collected annually, and now we find
that the owners of those machines
escape paying this year. It will be
interesting to watch the action of auto
owners in this matter, for we all
know that if the mistake didn't occur
the tax would have to be paid up,
not for one year, but for each and
every year. Surely our sports of the
auto class do not want to shy clear,
knowing as they do that the Council
is short of money, and we had such
a fuss kicked up over the cleaning
up of our city. Every owner of an
auto is supposedly a rich man, the
very fact of his owning an auto proves
that. It must also be supposed, or
expected, that auto owners are in
that class who claim to be admirable
citizens, and being such it must be
expected of them that they would not
try to shy clear of handing in their
spendooles to the Council to keep
the streets of the city in repair. Good
citizenship is expected from the class
that constitute the automobile own-
ers, and if they do not set the ex-
ample for people like Shannahan and
Fucker, we can't expect any great
things in the way of city pride from
the rank and file. Here is a grand op-
portunity for wealthy men to arouse
true civic pride, to stir up a live in-
terest in helping along the Council
in their up-hill fight to make our city
cleaner and brighter. We have eighty
or more automobiles running in this
town, and if the owners voluntary
contributed their ten dollars each,
we would have eight hundred or a
thousand dollars which would do a
great deal towards beautifying our
city. No one ever dreamed of autos
escaping the tax this year, it happen-
ed simply through an oversight, a
blunder on some one's part, but sure-
ly our interest in civic affairs is not
such that the upper ten would give
it to the commonality to say that they
are using the streets of the city with-
out paying a cent for the privilege.
Let some one start the ball a rolling
by sending in his ten dollars, and I
have no doubt the whole bunch will
follow suit. If the Council cannot
accept their money because the mis-
take was made, then all I have to
say is that if we are going to run this
poor town on straw splitting, we will
never accomplish anything. We read
of men in other countries donating
thousands of dollars to their native
cities, and surely we are not expect-
ing too much when we look to the
well-to-do to pay a tax which they
may escape on a mere technicality.
The subscriptions by those people
who own autos, to every object under
the sun, clearly proves that they are
not of the class to try and escape pay-
ing a few paltry dollars; and if the
matter is handled rightly we will soon
have a thousand that can be spent in
cleaning up our town and repairing
the sidewalks on the back streets.

TIM SHANNAHAN.

Seen on Harvey Road.

Two fishermen of the higher levels,
who sell their catch from a wheel-
barrow, going from door to door,
were the "cynosure of neighbouring
eyes" on Harvey Road last evening.
They had taken more vodka than is
necessary for the successful guiding
of a wheelbarrow and the way that
they wobbled about created much
amusement for pedestrians passing
that way. They took turns in trying
to steer the wheelbarrow, one trying
to outdo the other, and at last both
sat on the barrow apparently ex-
hausted to try and regain their sea
legs.

ANNIVERSARY.—To-morrow will
be the 29th anniversary of the dedi-
cation of St. Patrick's Church by Rt.
Rev. Dr. Power.

Hump's Good Work.

The whaler Hump, Capt. Davidson,
arrived at Trinity yesterday with 4
whales, which she took in Conception
Bay. The ship left here Tuesday af-
ter being dry docked and killed 6 fish
in Conception Bay on her way down
to Trinity. She thus secured 10 fish
this week and has now a total of 90
to her credit. Last year Capt. David-
son was high liner of the fleet and
secured 131 fish. Up to this time last
year she had only 50 whales, so that
with 90 caught to date it looks as if
the vessel, if her luck continues, will
take 150 or more this season. Capt.
Davidson is an energetic man and
deserves the success he has achieved.

BROKE HER ARM.—Mrs. Wylie fell
and broke her arm while skating at
the Roller Rink last evening.

Picnic at Job's Cove.

An enjoyable time was spent here
on August 15th. In the afternoon
there was a picnic on the school
grounds. Unfortunately the weather
was poor and many interesting items
of the field sports were left out. How-
ever, some exciting contests were run
off and created much amusement for
spectators. In the juniors' football
match, Shamrock vs. All-Comers, the
former won by 4 goals to nil. After
a lunch had been served the event
of the evening came on, a football
game between the Terra Nova Club
of Broad Cove and the Shamrocks of
this place. These teams are old rivals
and the match was looked for-
ward to with interest. Spectators
were not disappointed, the game was
a fast, clean exhibition and excite-
ment prevailed from start to finish.
In the first half Broad Cove, playing
with the wind in their favor, scored.
When ends were changed many ex-
pected to see the Shamrocks win, but
their shooting was decidedly poor.
Eventually they notched up the
equalizer and for a time determined
to win out, but Broad Cove put up
a good defence and the game ended
in a draw, one goal each. The ques-
tion of supremacy is still undecided.
Both teams were dined in the school
subsequent to the match. Speeches
were made by Rev. J. Lynch, Dr. Fer-
guson and Messrs. King, Baggs and
English. A dance attended by about
one hundred couples was kept up till
the wee sma' hours.

Druggist's Fatal Error.

Detroit Girl Dead Through Wrong
Labelling of Bottle

Lucknow, Ont., Aug. 19.—Margaret
Murray, of Detroit, who had been visit-
ing here, is dead at the home of her
uncle, Donald Murray, as the result
of taking a poisonous medicine dis-
pensated in error by a local druggist.

Miss Murray was 19 years old, and
the daughter of a prominent dry
goods merchant in Detroit. She had
asked for rochelle salts, and was given
a preparation taken from a jar la-
belled to be such, but which had
been wrongly filled with another
powder. Apparently she was the first
and only person to get the wrong
preparation.

FOR EUCHARISTIC CONGRESS.

We learn that His Grace Archbishop
Howley leaves by Sunday's express
where he will attend the Eucharistic
Congress. He will be accompanied
by Rt. Rev. Monsignor Reardon. His
Lordship Bishop March also attends
the Congress. Rev. Fr. Finn accom-
panying him.

Regatta Committee Meeting Last Night.

A meeting of the Regatta Commit-
tee was held last night to finalize the
work of the season. Hon. John Har-
vey, the President, occupied the chair.
There were also present: Secretary
Noonan, Treasurer Crotty, Messrs. P.
Laracy, C. Ellis, N. Andrews and W.
J. Higgins. Besides two sets of sil-
ver medals the Treasurer reported a
balance of \$135.26 on hand. After the
report had been adopted the gold
medal for second place won by C.
Stanley, was presented to him by the
chairman who warmly congratulated
him. Mr. P. Laracy moved that the
£5 donated by Lord Brassey be ad-
ded to a fund to purchase a set of
medals for the rowers who will suc-
ceed in breaking the Outer Cove men's
record of 9.13. This was carried
unanimously. After several other
matters of minor importance were
discussed the meeting adjourned.

McMurdo's Store News

Saturday, Aug. 27, 1910.

Silverine is a cleaner of glass, is
rapid and efficient. Its use will also
help to keep flies away from the win-
dows. As a general household polish-
er it is by no means to be despised,
as it will clean and shine all kinds of
plate and metalware. Price 25c.

McMurdo's Brown Windsor Soap
has the genuine old fashioned odor
and its quality considered the cheapest
soap on the market. For the Baby's
Toilet it is quite equal to many higher
priced soaps. Price 5c. a cake.

Wild Strawberry Compound will re-
lieve promptly, and effectually cure
all kinds of summer and bowel com-
plaints. 25c. a bottle.—adv.

Hand Badly Smashed.

While working in the Reid Nfld.
Co.'s machine shops a few days ago
Mr. Fred Butler suffered a nasty ac-
cident. He had his right hand caught
in the planer and it was badly
smashed, the flesh being torn from
the fingers. He was treated by Dr.
Stafford, to whom he went, and will
not be able to resume work for a
week or ten days yet. A man named
Power also had his hand badly hurt
there a few days ago and is being
attended by Dr. Campbell.

Health Report.

One case of diphtheria developed
during the past week. There are now
seven cases in the Hospital and three
being treated at home. There are
four cases of scarlet fever in the
Hospital and four being nursed at
home. There are also two of ty-
phoid at home. To quote the words
of our contemporary: "Not for a
year has there been so less infec-
tious cases reported."

A New Racer.

We learn from members of the Re-
gatta Committee that Mr. W. D. Reid
has definitely decided to build a new
race boat next season. She will be a
beauty and will be built by a boat
maker of repute. A number of gen-
tlemen also project the building of
a new racer, so that next season's
Regatta will be one of the most in-
teresting ever held.

Girl Badly Injured.

The people of Avondale are looking
for the motor bike man who knocked
down a blind girl there last Wednes-
day and injured her severely. He
drove through the place at a high
rate of speed, and when he knocked
down the girl did not stop to inquire
about her condition.

The Canadian Naval Uniforms.

London, August 19.—The uniforms
of the crew of the Rainbow, the vessel
which is to be the nucleus of the Pa-
cific section of the Canadian Navy,
are identical with those of the crews
of the British Navy, except that the
letters "H.M.C.S." replaces "H. M. S."
on the caps.

Trade Asaya-Neurall THE NEW REMEDY FOR Nervous Exhaustion

Grief and worry drain the ner-
vous system with disheartening
rapidity. The signs are lack of
interest, lack of appetite, insom-
nia. The only remedy is Food, Rest
and nerve repair. "ASAYA-NEU-
RALL" is and makes possible this
cure. It feeds the nerves, induces
sleep, quickens the appetite, aids
digestion, restores nerve vitality.
