

## To-day's Messages.

### "PURELY SPECULATIVE."

OTTAWA, Aug. 22. While plans in connection with the Dominion loan, to be floated this fall, are progressing satisfactorily, no definite announcement as to its terms have yet been made, and officials designate the comments which have been appearing as "purely speculative."

### NEW CABINET FORMED.

SEURICH, Aug. 23. Despatches received from Spanish newspapers announce the withdrawal of Archduke Joseph from Hungarian Government and formation of coalition cabinet in which the socialists are included.

### NO WORD YET.

PARIS, Aug. 23. The Supreme Council of the Peace Conference has not received any message indicating the resignation of Archduke Joseph, head of the Hungarian Government, but expects to hear within a few days that he has quit office.

### GERMAN PRESIDENT TAKES OATH.

WEIMAR, Aug. 21. Friedrich Ebert took the oath as Imperial President at the National Theatre to-day.

### THE AFGHANISTAN TREATY.

LONDON, Aug. 22. (Reuter Despatch)—A white paper, dealing with recent events in Afghanistan, mentions that, under the terms of the Peace Treaty, it leaves the country officially free, internally and externally. It contains no stipulation that the advice of Great Britain shall be followed in the matter of external relations.

### JELICOE PRODS NEW ZEALAND.

LONDON, Aug. 22. (Reuter Despatch)—In the course of an address given at a Ministerial luncheon in his honor at Wellington, New Zealand, Admiral Sir John Jellicoe said that, in the early stages of the war, the British Admiralty was deficient in many naval accessories, such as docks and destroyers. The lesson to be learned, he said, was to be prepared, and he therefore hoped that schemes would be evolved whereby the Dominion would not be dependent almost entirely for its security on the British Navy.

### SCHOONER RUN DOWN.

HALIFAX, N.S., Aug. 24. The schooner Francis, of Yarmouth, has been run down and sunk off Nova Scotia by the British steamer Lord Downshire. Her captain, Perry Ross, and five of the crew perished. The survivors have been landed at Halifax.

### OCCUPY RIVER KIEV.

COPENHAGEN, Aug. 24. A despatch here from Berling, in the Government of Minisk, says an aeroplane has reached there bringing advices from Kamenitz-Podolsk to the effect that General Petlura's Ukrainian troops have occupied Kiev. The advices state the Ukrainian armies are

approaching the Dniester River along the entire line.

### SAYS THEY RESIGNED.

BUDAPEST, Aug. 23. Archduke Joseph and the cabinet of Premier Friedrich have resigned as a result of the refusal of the Peace Conference to recognize them.

### ASQUITH TO RE-ENTER POLITICS.

LONDON, Aug. 23. Herbert H. Asquith, former Prime Minister, is reported to be making arrangements to re-enter politics. The Edinburgh Evening News declares that Mr. Asquith probably will take the earliest opportunity to seek candidature for the House of Commons.

### SOLDIERS REVOLT.

LONDON, Aug. 23. Three hundred soldiers belonging to Warwick, Berkshire and Gloucester Regiments, were arrested to-day at Southampton for refusing to obey orders to embark for France. The ringleaders were driven away in motor lorries. The soldiers who had been on leave are, for the most part, veterans. They objected to embarking because they had heard they would be sent to the Black Sea after their arrival in France, whereas they had received promises that no one would be sent to Russia unless he volunteered. The men are quartered in a public park. Perfect order prevails. A War Office statement to-night says that the men were being sent to Turkey not to Russia.

### A WARNING TO LABOR.

LONDON, Aug. 23. The quarterly report of the general Federation of Trade Union contains a warning by the management Committee. November, 1919, to May, 1920, will be fateful months, says the report, unless sanity returns and production is increased, they will be tragic months, the report continues. Strikes are being precipitated which might have been avoided and union funds have been needlessly dissipated. Some strikes had a distinctly political origin. Political strikes must fall or end in revolution, they are not against the capitalists but against the community. It is not the capitalist who suffers but the people.

### PREVALENT VIEW WRONG.

LONDON, Aug. 25. A careful survey of the trade situation does not confirm the view prevalent that the trend of events is all in favor of export trade of United States, according to a writer of a special article to which the Daily Mail gives much prominence this morning, and concerning which it says, editorially, that the great rush of imports into Great Britain seems to be ceasing.

### BIG AIRPLANE FOUND.

PARIS, Aug. 24. Further details were received to-day by the Ministry of Colonies concerning the long distance airplane Goliath which was found yesterday. During the flight from Mogador, Morocco, towards Dakar, French West Africa, the machine developed propeller trouble and was forced to land near the village of Koufre in the Maurentia region. The propeller previously had been the cause of trouble on the flight from Sasablanca to Mog-

ador, where it was repaired. The district in the vicinity of Koufre is thickly populated and it is not known as yet by whom the Goliath was found. It is believed, however, that one of the flying columns sent out to search for the missing craft discovered its whereabouts. Eight persons aboard the airplane are safe.

### CANNOT CONQUER BOLSHIEVISM.

COPENHAGEN, Sunday. "Unless something is done to remove the fear and prejudice with which they are now regarded, even by the Bourgeoisie, there is little chance for ultimate success of Admiral Kolchak and Genl. Denikin against Russian Bolshevism," said Dr. Camilo Matting, who has arrived here from Russia after four years stay as head of the Danish Red Cross to-day.

### ANOTHER STRIKE.

LONDON, Aug. 23. Six thousand employees of co-operative trading societies in the North of England struck yesterday for a forty-four hour week and an increase in wages. The Directors of the societies, who themselves are mostly trade unions, related by ordering a lock-out of thirty thousand employees, beginning August 27th.

### CONFERENCE NOTE TO ROMANIA.

PARIS, Aug. 23. The Supreme Council to-day approved the Note drafted by the reparations committee warning the Roumanian Government of retaliatory action which will be taken if the Roumanians continue to make requisitions. Premier Clemenceau signed the note and it was forwarded to Bucharest.

### FROM SCHOOL TO THRONE.

PARIS, Aug. 23. Prince Nikolai has been officially recognized as the heir apparent to the throne of Roumania in place of Prince Charles, who renounced his rights a few days ago, according to a despatch from Bucharest. Prince Nikolai passed through Paris to-day on his way to Bucharest from Etion where he has been studying.

### PREPARING TO WELCOME PRINCE.

TORONTO, Ont., Aug. 23. Indications of the warm welcome to be given His Royal Highness the Prince of Wales in this city are seen in the display of decorations. Practically every public building and business house has been profusely draped with flags and bunting, with the Prince's colors of blue and white predominating.

### DOOMED TO MASSACRE.

PARIS, Aug. 22. The Peace Conference recently has been discussing plans for the protection of the 30,000 anti-Bolshevik Russians in Archangel and along the northern coast of Russia after the departure of the British forces, which are rapidly moving out. Thus far, however, no plan has been agreed upon, and the Russians who assisted the Allied forces against the Bolsheviks apparently are doomed to massacre. The commander of the Archangel Russian forces has asked for 40,000 volunteers to aid him.

### MORE CONFIRMATION.

LONDON, Aug. 23. (Reuter's Ottawa Agency)—The leading Scotch radical newspaper, the "Edinburgh Evening News," learns on the best authority that Mr. Asquith, former Premier, will seek to re-enter Parliament at the earliest possible moment. The Evening News states the reappearance of the ex-Premier will possibly be followed by other ex-Ministers and will see the evolution of what is now so strongly desired, namely, an alternative Government.

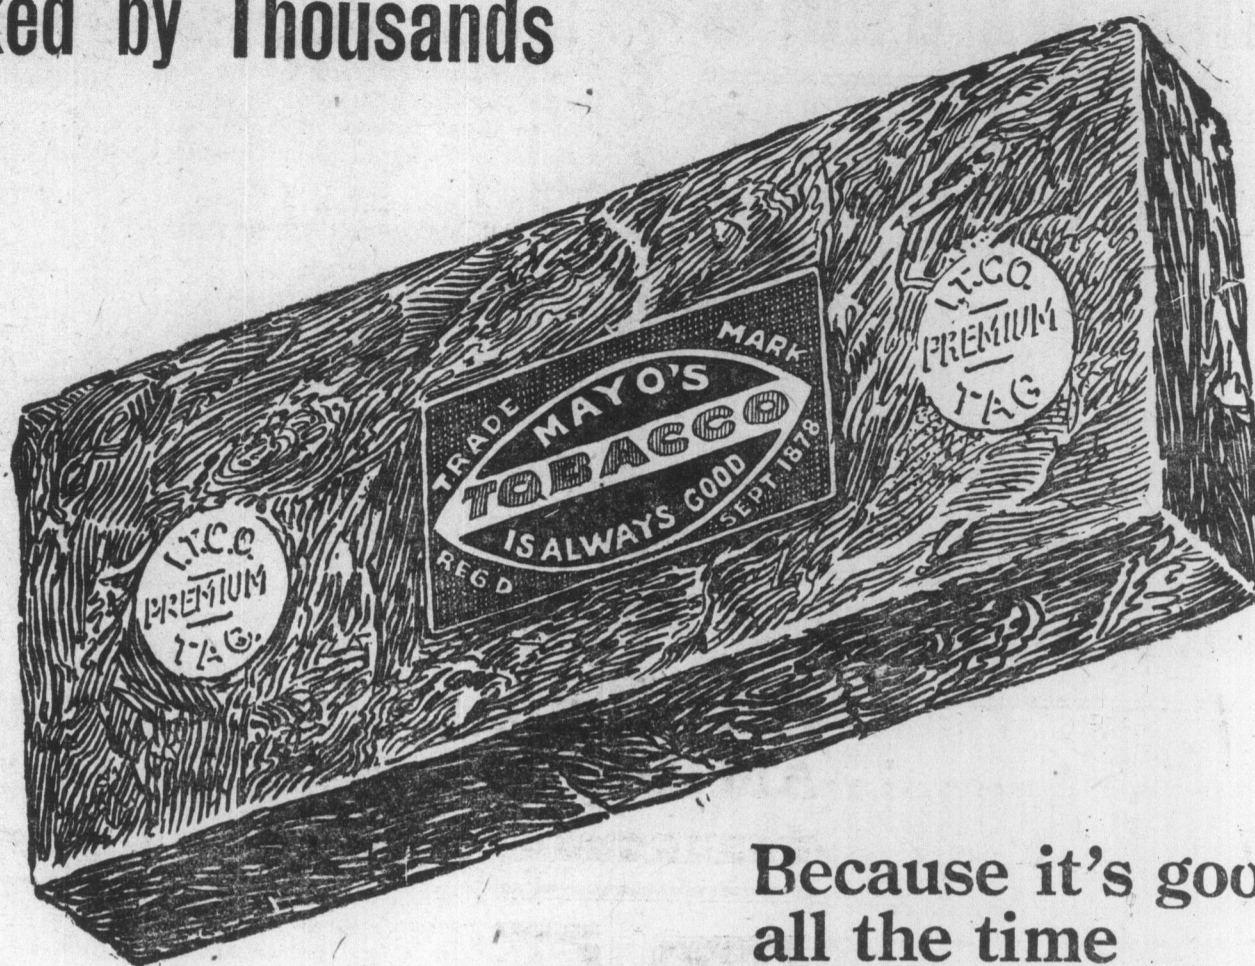

### NEW RUSSIAN GOVERNMENT'S CONSTITUTION.

LONDON, Aug. 24. (Reuter's Despatch)—Reuter learns that the newly established Northwest Russian Government will shortly issue a declaration of its policy, containing the following principles. The Government will be formed in agreement with the Vets on representatives of the Allies and will unite with the Government of Kolchak; it declares its decision to carry on war against Bolshevism; complete equality is granted to all citizens with civil liberties guarantee; the new Constitution Assembly is to be convoked immediately. Different nationalities are to form part of a united Russia on a federative or autonomous basis. The Administrations of Zemstvos and Municipalities are to be organized on democratic principles. The agrarian question is to be solved by the constituents. Until then the land is to remain in the hands of the Rural population. An eight hour working day, Government control over production, and regulations for safe guarding labor are to be introduced by the new Government.

### Arrived Safely.

The pleasing news was received this morning by Jas Baird, Ltd., that the three masted schooner Herbert Warren, Capt. Rafuse, 95 days out, bound to Bahia, Brazil, had arrived at Barbados, in a somewhat damaged condition and will have to go on dock. Much anxiety has been felt for the safety of the ship for some days past.

### St. Kyran's.

On last Sunday when an immense number of people had assembled within the parish church at St. Kyran's for the closing ceremonies of the Forty Hours Adoration, our pastor put before the people (who were present from all parts of the parish) the steps he proposed taking for the erection within the parish of a memorial to the late Dean Douthey, as a mark of the respect and gratitude of the people among whom he laboured so many years. He called their attention to the difficult circumstances under which the late priest worked, and the hardships he often had to undergo during his long and arduous ministry in a parish that extended from Pett Fort to La Manche, and this too at a time when there was not the means of communication we have at present, motor boats and steamers in those times being almost unknown. But at last, having exhausted strength and energy in the performance of duty, and finding that he could no longer do the work unaided he got an assistant to take part of the work off his shoulders. However, after this, though the work was considerably lessened, it was still too much for his failing strength, and feeling that he could not do justice to the people, Father Douthey (as he was then) resigned the parish where he had laboured nearly forty years and left the people whom he had loved and served so well, to take a parish where he thought perhaps he might be equal to the work, even though he left his heart and soul in his old parish of St. Kyran's.

Acting then with the hearty approval of His Grace the Archbishop, and taking this favourable opportunity our pastor proposed the addition of a sanctuary to the parish church, in memory of the late lamented priest who loved it so much, and who laboured so hard to rebuild it after the disastrous fire in the beginning of his career. Then the ladies of the parish were called upon to form an organization, the object of which should be to provide means to erect an altar worthy of its object. There is no doubt that the enthusiasm felt by all over this project will ensure its being brought to a successful finish, so that we shall have in our midst a lasting monument to the memory of Dean Douthey, as a mark of his people's appreciation of his work so nobly done, and of their undying gratitude and affection.
