### Studebaker!

Despite repeated bear attacks, causing temporary setbacks, this premier motor stock has steadily climbed from a recent low of 65 to around 80 per share, and from all indications, according to many New York brokers, will soon break through par \$100.

All this is in anticipation of an extra cash dividend or stock disbursement owing to the exceedingly good year just closed, same having beaten 1920 and is considered a banner year. Present dividend \$7.00. Traded on Margin \$12.00.
