MARKET REPORTS
 indicate that there is no sur-
 plus of Anthracite Coal in
 the U.S. The shortage caused
 by the strike of Anthracite
 Miners last year has not
 been made up, and American
 hard coal will, in all probab-
 ility, be hard to get and high
 priced. Coke is an excellent
 substitute for hard coal, and
 we have on hand a stock of
 same that will soon be dis-
 posed of, because a shortage
 of hard coal invariably
 creates an increased de-
 mand for our product.
 We advise our customers
 to book their requirements
 as soon as possible.
