10,000 Lbs. Scholarships

Empire Scholarships to the value of \$10,000 will shortly be available as a result of the success of the Fellowship of the British Empire Exhibition. To date, receipts from subscribers of member roads, in round figures, \$50,000. This represents a total membership of nearly 25,000 Fellows. When the Scholarship scheme was launched, it was hoped that at least 10 per cent. of the revenue could be devoted to educational purposes. As the audited accounts show, this expectation has been more than realized; instead of 10 per cent, there is about 20 per cent. available.

There are now being added to the Scholarship Fund donations from various sources, including the Kensington College, the Thomas Wall Trust, Miss A. Flocchi, Mrs. L. G. Hanam, Miss F. M. Studholme, and others. It is expected that further special donations will be received, and there is also a reasonable anticipation of a good addition to the Scholarship Fund from the Associate Branch of the Fellowship which has now been instituted. It is in the organization of the Associate Branch, the same degree of economy can be maintained, it is hoped that 20 per cent. of the receipts also will be available for the Scholarship Fund.

The trustees of the Scholarship Fund—Lord Askwith, Lord Leigh, and Sir Henry McMahon—will defer decisions as to the employment of the fund until the close of the year. But the general principles have been agreed to, that Scholarships will range from a total value of \$100 to \$2,000, and so far as possible, be used to promote inter-imperial relations by granting scholarships to young people in this country to settle overseas, and to young people in overseas Dominions to take educational courses in the Home Country.

Motor Accident on LeMarchant Road

YOUNG LAD INJURED AND REMOVED TO HOSPITAL.

About 1.30 yesterday afternoon, a young lad named Jack Phillips, of 88 Lime Street was hit by a motor car driven by Mr. Thomas Volsey, on LeMarchant Road, and received injuries which necessitated his removal to hospital. As far as can be learned no blame could be attached to the driver. Mr. Volsey with Hon. Sir J. C. Crosbie and Hon. J. R. Bennett on board were proceeding east along LeMarchant Road, and had passed the head of Batters Hill, when the little chap suddenly rushed out from behind another car and was hit. The little fellow was picked up in an unconscious condition and carried into Dr. Fallon's residence alongside where the doctor made a examination and ordered his removal to hospital. Beyond a few cuts and bruises about the head, there was no cause for alarm, and shortly after he regained consciousness. To-day the little fellow is reported to be doing as well as can be expected, and it will be only a matter of a few days when he will be able to get around again.

During the past few days numerous complaints have reached this office from residents on LeMarchant Road re speeding on this thoroughfare, and to all appearances a few additional policemen are required to check these law breakers. In this particular case, however, we do not say the car was going fast.
