The straits to which English manufacturers are reduced for cheap coal compels a leading technical paper to observe that the "day is probably not very far off when it will become matter for full consideration have England may best and not conomically draw upon the immense coal seams of Pictour and Cumberland River in Nova Scotia."

Livery-stable keepers in Hamilton have been notified that they will not be allowed to hire out horses or buggies on Sundays. This is in accordance with the statute.

The most confiding person in town is one who left an umbrolla at the outer of the St. John Morning News Spring of Hypophosphites: "Mr. Fellows is certainly entitled to high eredit for his energy and enterprise in working up his valuable discreting the company of such scale of such gentlemen in any community is anatter on which that community should congratulate itself."

The St. John Telegraph and Journal Says: "The invention of Fellows' Hypophosphites has become one of the valuable industries of the country, unique of its kind, and a credit to the Dominion of Canada."

Which for Quality, Style and Variety is not surpassed in the Dominion.
