

## Eyesight Saved

After Scarlet Fever, Diphtheria, Pneumonia and other prostrating diseases, Hood's Sarsaparilla is unequalled to thoroughly purify the blood and give needed strength. Read this: "My boy had Scarlet Fever when 4 years old, leaving him very weak and with blood-poisoned eyes. His eyes became inflamed, his sufferings were intense, and for 7 weeks he could not even open his eyes. I took him to the Eye and Ear Infirmary, but their remedies did him no good. I began giving him Hood's Sarsaparilla, which soon cured him. I know it saved his sight, if not his very life." ABNER F. BLACKMAN, 2885 Washington St., Boston, Mass.

**Hood's Sarsaparilla**  
Hood's Pills are the best after-dinner Pills, assist digestion, cure headache and biliousness.

## London's Baseball League.

Change in the Composition of the Amateur Aggregation.

Pickwicks and Clippers Retire—The Officers-Elect.

Monmouth Park Association's Chastels Sold by the Sheriff—Turf Tips and Other Sporting News.

## BASEBALL.

**THE LOCAL LEAGUE.**  
The baseball league formed the other night, including six local clubs will now be a somewhat different makeup. At the meeting last night the Pickwicks withdrew, and the Clippers, being out-classed, decided to drop out. They were replaced by the Stars and the Pastimes. The officers for the year are:

President—John A. Connors.  
Vice-President—Frank Hall.  
Secretary—Eugene Lee.  
Treasurer—Robert Hutchinson.  
Arbitration Committee—John Connors, S. Milroy and Archie Pines.  
Umpires—Thos. Porter, E. J. Lee and Fred Haselgrove.

Various preparations were made for the coming series, which will open two weeks from tomorrow on the Erie flats. The league will be strictly governed by a set of rules, and any club signing a player will have to refer the same to the arbitration committee. Each club will also be assessed \$3 to secure a lease of the flats.

**THE PETROLEA CLUB.**  
PETROLEA, May 10.—The Petrolea Baseball Club met this evening for the purpose of electing officers for the coming season. Following is the list: Honorary president, B. P. Corry; president, E. Lawson; manager, J. K. Johnston; secretary-treasurer, B. Polly; re-elected captain, J. Nicols.

**NATIONAL LEAGUE SCORES—THURSDAY.**  
At Boston—R. H. E. Brookline..... 1 2 4  
Boston..... 1 2 4  
Batteries—Stein and Kinslow; Nichols and Ryan. Umpire—O'Rourke.

At New York—Washington..... 2 4 3  
New York..... 1 2 1  
Batteries—Mercer and McGuire; Rusie and Farrell. Umpire—Hurst.

At Baltimore—Baltimore..... 3 9 3  
Philadelphia..... 12 1  
Batteries—Mullane and Robinson; Taylor and Clements. Umpire—Lynch.

At Cincinnati—Cincinnati..... 9 12 4  
Cincinnati..... 18 19 2  
Batteries—Hawley, Breitenstein, Frank and Pett; Parrott and Vaughan. Umpire—Swartwood.

At Chicago—No game; rain.

**EASTERN LEAGUE SCORES—THURSDAY.**  
At Syracuse—Syracuse..... 5 9 12  
Springfield..... 23 21 2  
Batteries—Payne and Wilson; Coughlin and Leahy. Umpire—Hunt.

At Troy—Troy..... 4 11 3  
Providence..... 3 6 2  
Batteries—Cahill and Donovan; Dixon and Sullivan. Umpire—Gaffney.

At Buffalo—Buffalo..... 3 6 5  
Wilkesbarre..... 4 5 2  
Batteries—Bolt and Boyd; Campfield and Warner. Umpire—Snyder.

At Erie—Erie..... 4 6 2  
Batteries—Mays, McGinnis and Berger; Delaney and Dowse. Umpire—Holland.

**THE TURF.**  
SOLD OUT BY THE SHERIFF.  
NEW YORK, May 10.—A deputy sheriff today sold out the office furniture of the Monmouth Park Association at Twenty-seventh street and Madison avenue, realizing \$1,400. The sale was to satisfy a claim for \$1,500.

**NEWMARKET RACES.**  
LONDON, May 10.—The March stake at Newmarket today was won by the Duke of Westminster's Grey Leg, Combe's Evermore second. Only two starters.

**TIPS.**  
The programme of the three days' race meet arranged for Queen's Birthday week by the Sarnia Turf Club is a good one. The list of prizes offered foots up to a total of \$2,000.

**ATHLETICS.**  
DEATH OF A NOTED SPRINTER.  
DENVER, Col., May 10.—Walter C. Dolm, the Princeton University athlete,

**CARTER'S LITTLE LIVER PILLS**  
SICK HEADACHE  
Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue and Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

**Small Pill. Small Dose. Small Price.**

and one of the fastest runners and hurdle racers in the country, died here last night of pulmonary trouble brought on by over training.

**FOOTBALL.**  
NEW RULES.  
NEW YORK, May 8.—The rules committee appointed last November to make rules governing the playing of football, met last night in the University Athletic Club rooms and adopted a set that will hereafter govern the game. Among the changes proposed by the committee and adopted are the following:

In rule 1, section E, a punt is made a kick out with the drop kick and place kick; in rule 6 the words "without touching the dress or person or player after the kick" are omitted in regard to the obtaining of a goal.

Rule 8 makes the use of a signal necessary by the man intending to make a fair catch before that counts as such.

Rule 15 provides for the duties of the umpire, referee and line-man making the umpire's decision in foul and unfair tactics and often referring to both referee and line-man if he so desires and making the referee judge of the position and progress of the ball. All coaching along the line is prohibited. The line-man will keep time; is timekeeper under the direction of the referee.

Only one official representative for each side shall be permitted on the field in case of accident to a player.

Rule 16 changes the playing time from 45 minutes to 55 minutes for each half.

Rule 18 provides for an actual kick where rules call for it.

Rule 25 is expanded to make the meaning more clear of the rule against obstructing players with the hands. The player of the side in possession of the ball can obstruct his opponent with the body only; the side which has not the ball can use the hands, as can also the player having the ball—that is, in breaking through the line.

Delays are limited to three minutes; penalties for fouls are increased from five to ten yards. The same rule defines fouls, which shall be granted for unnecessary delay of the game, of side player or holding an opponent unless he has the ball.

Rule 29 is altered to provide for the 15-yard penalty upon interference with a fair catch. Rule 30 provides against deliberately piling upon a man when he is down; a penalty of 15 yards being attached to this unless the distance carries the ball across the goal, when half the intervening distance shall be allowed. A number of provisions are made for the work of the snapper back.

Momentum mass plays are prohibited and an alteration is made limiting the possible plays from a fair to touching the ball in and kicking it or walking in with it for a down.

Rule 35 allows a man to kick a ball out only one chance instead of two, and provides for an exception designed to increase drop kicking, the last section of which reads: Whenever a side has tried a drop kick at the goal upon the first down inside the 25-yard line and the result has been a touch back, the line of kick out shall be the 10 yards instead of the 25-yard line, in determining the position of the opponents and the kicker's side must be behind the ball when it is kicked.

**SPRINTING.**  
A CANADIAN HUSTLER.  
NEW YORK, May 10.—George W. Orton, the Canadian runner who is now studying at the University of Pennsylvania, ran a mile at the college games yesterday afternoon in 4 minutes and 23.3 seconds. This time lowers the record of C. O. Wells, of Amherst, who covered the distance after a beautiful race in 4 minutes and 27.3 seconds. Orton, in his race today, cut down quite a large field and at the finish easily passed J. J. Overy, who had a handicap of 150 yards. Orton is a sure scorer for Pennsylvania in the intercollegiate championship.

**THE COMMONWEALERS.**  
Sanders' Section Coming East on Stolen Cars.

A Buncombe Resolution in the U. S. Senate Dropped.

Coxey's Contingent at Washington Reduced to Half Its Original Number.

PUEBLO, Col., May 10.—The Sanders industrial army is proceeding eastward with the stolen switch engine and six coal cars. They have been informed that no further obstructions will occur.

WASHINGTON, D. C., May 10.—According to the order issued yesterday by the district commissioners Gen. Coxey would have to remove his company by Saturday morning, but this order was modified today. Coxey explained to the commissioners that it would be impossible for him to get his men out on so short a notice. He stated that if the commissioners made them get out of their present grounds they would be forced out on the streets and would become a public charge. He said he was trying his best to secure a place, but so far he had been unsuccessful. The commissioners told him to continue his search for a location, report to them, and they would then decide what should be done. The Coxey army proper has dwindled to about half its original number, and many members are growing restive and desire to get out of camp and look for work.

WASHINGTON, D. C., May 10.—In the Senate the leading event of the day's proceedings was the two hours' debate on the resolution for a special committee to investigate the arrest and imprisonment of Coxey, Jones and Browne. Senator Hoar made a strong speech against it. The Resolution went out without a sensation and will come up no more.

SCOTT CITY, Kan., May 10.—Gen. Sanders and his commonwealth army, after an exciting trip of 214 miles eastward from Pueblo to a stolen train, have surrendered to the United States authorities. The men stole a Denver and Rio Grande engine and six Missouri Pacific coal cars at Colorado City Tuesday night and after a run unprecedented in western railroad history, and skillfully avoiding the officers of the law, railroad officials and obstructions placed in their way, arrived at Scott City late this afternoon. Sanders asked for a conference, the result of which was that Sanders was given a half-hour to decide what course he would take. He decided to peacefully surrender. The entire delegation was taken east at midnight to answer the charge of obstructing the mails.

VANDALIA, Ill., May 10.—The St. Louis contingent of the commonwealth army deposited Morrison from the command last night because he became uproariously drunk after the men arrived. The Germans who compose half of the band, elected John Schart their commander, and separated from the rest, going east. The others with no leader went north.

TACOMA, Wash., May 10.—Sixty commonwealthers seized a train of coal cars at Clelum today, and started eastward on the Northern Pacific Railroad. Deputy

Marshals Jolly and Chichester, who were shot while attempting to eject the crowd of commonwealthers from the stolen train last night at Yakima, are on the way back to Tacoma. Jolly will die. The marshals are now masters of the situation at the scene of the conflict.

## Burking Inquiry.

Government Leaders Pursue Their Favorite Line of Policy.

Investigation of Railway Contractors' Claims Objected To—Various Tariff Changes Dealt With.

(Special to the ADVERTISER.)  
OTTAWA, May 10.—In the House this afternoon Mr. Davies again tried to get authority to investigate, before the public accounts committee, the "hard pan" claims of the contractors in the Cape Breton, Oxford and New Glasgow Railway contracts. These claims were allowed by the Exchequer Court judge, acting as a commissioner under order in council, and totalled a quarter of a million dollars. Sir John Thompson rather refused the other day to allow Mr. Davies to move that the Auditor-General's comments on these transactions be referred to the public accounts committee, so that the Auditor-General could be examined on them. Mr. Davies characterized as flimsy the Government's argument, that because these claims had been paid after June 30, 1893, the Auditor-General should not have furnished in his report the correspondence which grew up over the Auditor-General's refusal to pay the amounts, because he held that the Government had no right to waive the terms of the original contract. His decision was overruled by the treasury board and the claims paid. The Auditor-General, Mr. Davies said, had simply done his duty. Sir John Thompson disagreed with this view. He objected to making the public accounts committee a tribunal to try disputes between the Auditor-General and the Government and have Ministers put on their defence before the committee.

Mr. Laurier pointed out that the audit account compelled the Auditor-General to report to Parliament all correspondence in cases where he was overruled by the treasury board, and that this was for the very purpose of allowing Parliament and its committee to judge between the Auditor-General and the Government.

Mr. Tupper argued that the Government was responsible to the House, but not to the committee.

The Opposition reminded the Government that they proceeded on a different principle in 1891 when the conduct of the Minister of Public Works was investigated by a committee.

After a short discussion Sir John Thompson thought it advised to recede from his position, and said that if Mr. Davies would offer a resolution specifying all the documents required and the points upon which it was proposed to examine witnesses, such a resolution would be allowed to pass. The matter then dropped and the House went into committee of the whole on the tariff reduction.

The duty on cotton thread in hanks was reduced from 15 per cent to 12½ per cent, the old duty.

The fact was brought out that this enormous protection was to enable certain Toronto parties to import manufactured thread, and by rolling it on spools have a big thing in spool cotton trade. The item passed.

Cordage not elsewhere specified, which stood at a duty of 30 per cent, was reduced to 27½ per cent, after a vigorous protest from Mr. Bowers, of Digby, in the name of the fishermen.

The Opposition were not satisfied with this sprat, and demanded a further reduction. Mr. Edgar said the duty on old cordage should be reduced so as to relieve Canada of the rule of the huge combine on this article.

The Opposition continued their objections that even 27½ per cent was greater than the old tariff, which was 1½ cents a pound and 10 per cent. Finally the Government consented to put the item back under the old duty. In other words, after making it 30 per cent and then 27½ they made still another change back to the old rate.

On the items respecting dress goods, carpets, etc., Mr. MacLean, of East York, said he desired to move a restoration of the specific duties. The Opposition objected to allowing so many items to stand in the tariff as had been allowed, as it upset the balance of the country, but the Government consented and the item stood over.

On the fish schedule, barreled fish, dried or fresh, was made dutiable at 1 cent a pound.

On the free list, in reply to Mr. Casey, Mr. Foster said a duty on diamonds would be inoperative because they were so easily smuggled and a duty would induce dishonesty. The item passed on the free list.

When about half way through the free list the committee rose and the House adjourned.

**NOTES.**  
Hon. Wilfrid Laurier and several members of the House attended a meeting of the Reform Club to-night. There was tremendous enthusiasm, and the crowd was so great that many were unable to get in. Mr. T. H. Purdon, barrister, London, made a good speech.

**FOOD FOR FLAMES.**  
QUEBEC, May 10.—A fire occurred last night at Silery, a parish outside the city limits. The fire originated in the parish postoffice, which it burned down, along with two other houses. Losses about \$4,000; covered by insurance.

SINCE, May 10.—The residence of Mr. John Crooks, of this town, valued at \$800, was completely destroyed to-day.

LAMBERTON, Minn., May 10.—Two children of Herman Schmuck were burned to death during the absence of the parents last evening.

**BEWARE OF FRAUDS.**  
The Unfailing Success of Dodd's Kidney Pills Induces Fraudulent Imitators to Attempt to Pass Worthless Remedies on the Public.

TORONTO, May 7.—This appears to be an age of fakes and frauds. It seems impossible for any new idea or valuable invention to be made known without a host of imitators trying to foist their worthless goods on an unsuspecting public in the hope of making an unmerited profit out of their worthless ideas. The unequalled success of Dodd's Kidney Pills in curing all forms of kidney disease, has led to the introduction of many cheap and base imitations that are worse than valueless. Dodd's was the first kidney remedy ever offered in pill form. For their own safety, purchasers should buy none but Dodd's Kidney Pills. Sold in large boxes; price 50 cents per box or six boxes for \$2.50. To be had of all dealers.

Knives and forks were not in general use until the seventeenth century.

## ON SAND AND SLIPPERY CLAY.

The Uncertain Foundations of a Quebec Village.

Further Disaster Reported from St. Anne de la Perade, Que.—Geological Disadvantages of the Doomed Section.

MONTREAL, May 10.—A special dispatch from Quebec says: Great excitement reigned in town concerning the disaster at St. Anne de la Perade, the only well authenticated account learned was the falling into the river at St. Anne of two more houses. It is also reported that a house at St. Casimir had fallen or was about to fall into the water, and that several further landslides had occurred at St. Alban, without, however, any loss of life.

The eminent geologist, Mgr. Laflamme, attributes the accident solely to the wearing effects of the water on the soft sand and small gravel, of which the banks are formed, the recent floods only hastening a calamity which has for some time been overhanging the village.

The reverend gentleman says that the disturbed region is about 40 acres wide, and that it all rests upon a bed of sand varying from 10 to 100 feet. This again is underlain by a layer of very slippery blue clay which inclines toward the river, forming a huge slide.

The bank, which is being eaten into, is from 30 to 40 feet above the level of the water, and the river, which formerly ran from northeast to southwest at the place of the accident, now runs in a directly western direction.

The inhabitants of the place are said to be so rattled that they can hardly give a lucid and correct account of the affair themselves. Mr. Laflamme is to make a very complete and extensive report, based on his observations, and may in the near future deliver a lecture on the subject.

THREE RIVERS, Que., May 10.—A gentleman returned from St. Anne de la Perade this afternoon says the undermining is still going on, the river being high and the current strong. Eighteen houses are in peril. C. P. R. bridge is out of danger. With the men are protecting it by placing stones on the banks, which will prevent the undermining reaching the church and convent and the lower portion of the village.

**LABOR TROUBLES.**  
Strike of Montreal Carpenters Still Unsettled.

Attempt to Cremate a Gang of Italian Laborers.

MONTREAL, Q., May 10.—The carpenters' and joiners' strike here is not yet over. According to various statements from 150 to 600 men are out at present. Employers are advertising for hands, and frequent inquiries are made for carpenters at the immigration offices in the city.

The contractors are advertising for non-union men. As a consequence of the strike work has been stopped on a number of new buildings owing to the want of men. This situation is not to stop their work as they are unable to proceed any farther until the carpentering is completed. Should non-union carpenters be employed, the other mechanics will cease work.

**STRIKE OF DOCK-WHALLOPPERS.**  
HAMBURG, May 10.—Fifteen hundred dock laborers in this city have resolved to the Sloman line of steamships.

**CRIMINAL ATTEMPT.**  
ELYRIA, O., May 10.—The bitter feeling against the cheap labor that has been imported into the stone quarries here, culminated last night in an attempt to cremate a gang of laborers. A house occupied by eight Italians was set on fire at the foot of the stairway, and the occupants barely escaped. The house was entirely consumed. Serious trouble is feared if the men do not leave.

**"DOC" BREAKS DOWN.**  
The Evidence Finished and the Case Nearly Closed.

TORONTO, May 8.—The hearing of the Andrews murder case was resumed this morning and the evidence for the crown was finished. Counsel for defense argued that no case had been made out against the prisoners, but Judge Meredith held otherwise. The charge against Cassie Andrews, niece of the elder defendant and the wife of the younger, was not pressed by the prosecution and she was discharged. Andrews and his wife were then put in the box by the defense and endeavored to show that Lucy Denning had been tampered with before being taken to them. "Doc" Andrews broke down in the box and wept piteously.

The hearing of the Andrews case continued up to 7 o'clock, but no further evidence of importance was given for the defense. The judge will charge the jury early in the morning.

**HEAD-END COLLISION.**  
Three Men Killed and Several Others Injured.

MILWAUKEE, May 10.—A special from Eau Claire, Wis., says: A head-end collision occurred between a passenger train from Menominee Junction. The trains were running slowly, approaching a bridge. Several people are reported injured, while the express messenger and mail clerk were killed outright. The fireman had both legs cut off and died soon after.

**Fatal Fire in Cleveland.**  
SYRACUSE, N. Y., May 10.—Fire broke out shortly after midnight in the lumber yard of C. H. Baker & Co., on the bank of the Oswego Canal. The Gospel boat "Good News," of the Red Cross Mission, was moored beside the burning lumber pile. Robert Wilson, its captain, his young wife and A. Delaney, a brother of Mrs. Wilson, jumped into the water in their night clothes. Wilson succeeded in swimming ashore, but his wife and brother-in-law were drowned. Money loss, \$80,000.

**The Enfant Terrible.**  
"Is auntie a delusion, mamma?" "Why, Bertie! What put such an outlandish question in your head?" "Well I heard papa say that Mr. Gofast was always hugging some delusion or other, and last evening—" "Bertie! he did not."

**Beyond Recall.**  
Father (from the top of the stairs)—Ellen, isn't that young fellow gone?  
Ellen—Oh yes, papa—dreadfully.

**Another Good Way.**  
A scientific journal tells how to prevent hiccoughs. Another good way is to refrain from going out between the acts.

## Tibbie at the Waxworks.

Tibbie had never been in a place so full of wax figures as the grand old wax museum, and she was so much interested in the figures that she forgot to look at her watch.

"What a lot of well-dressed folk are here," she cried, as she adjusted her specs to have a better look about her.

"Wheest, woman! speak laigh," Tam whispered into her ear, for he jaloused she was taking the figures for visitors, and Tam was a far from in his conjecture. However, to test if the deception was genuine, he seized her by the arm, and said in a voice of astonishment, "I declare there's auld Willie Gladstone."

"What, the grand auld man! Whaur?" she cried.

Quickly Tam directed her gaze to a corner of the exhibition where the political veteran stood in the act of shaking hands with the immortal Disraeli, and she was so much interested in the figures that she forgot to look at her watch.
