Miss Allan Tells of the Spread of the Gospel in Africa.

Miss Allan, of Toro, Uganda, delivered an address in Bishop Cronyn Hall last night. Miss Allan is on her way to Victoria, B. C. Bishop Williams presided over the meeting. Miss Allan is a lady of charming presence, and is gifted with a simplicity of speech that is very pleasing. Her description of the extraordinary hold which Christianity has obtained in Africa was very impressive. The splendid work done by the medical men in Africa was depicted in bright colors, and no one is any better fitted to speak on this subject than Miss Allan, as she was herself attached to one of the hospitals. She told of one native king who had, through the receiving of medical attention, been brought to embrace Christianity, and is now an active worker in the good cause, subduing the country round about him to the Master. Miss Allan has a large number of curios which she will exhibit at a meeting to be held in the Memorial Church tonight. She will also address a meeting this afternoon in St. George's Church, West London. Tomorrow she will lecture in St. James' Church, South London.
