**New Gas Main for East End of City**

High-Pressure System To Be Put in To Meet Increased Demand.

Increased gas demands in East London are responsible for a new six-inch main, laying of which was commenced this morning. The new main will run straight east on Horton street from the works at the corner of Ridout street to the corner of Horton and William streets, where it will be tapped by the supply mains for East London. There will be no connections between Ridout and William streets. The new main will really act as a gas tank for the East End. It will be connected with one of the big gas tanks at Ridout street, and at 3 o'clock have been pumped into it at a pressure of from 3 to 4 pounds. This will be reduced to 4 inches water pressure at the William street end of the high-pressure main.

Exceptionally heavy drains on the gas pressure in East London, especially at noon hour and at 3 o'clock have made the new main imperative, according to City Gas Company officials. It is expected that it will be completed within 30 days.

Dr. Archer, a medical missionary to India, and Rev. Canon Gould, of Toronto, general secretary of the Church Missionary Society, were the speakers at a large gathering in Cronyn Hall last evening, where a meeting to discuss the missionary outlook was held in connection with the present synod. Rev. J. W. J. Andrew, of Berlin, read the report of the missionary committee of the diocese. Its note was one of progress. A most successful year's work had been accomplished. A total of \$24,800 had been raised for missionary purposes during the year.

Work in India.

Dr. Archer was the first speaker of the evening. He told of the work of a medical missionary among the Bengalese in India, where he had labored for a number of years. He related many touching incidents, throwing interesting sidelights on the daily life in a medical mission station in that densely-populated portion of India. The people came by hundreds to these medical stations, where they received skilled treatment of their diseases.

cases for a small sum, equal to about a cent of our currency. While they were there for treatment, the missionaries took opportunity to preach the gospel, and in this way the test of a pretty, dainty skin, you can get it out of every bottle.

**Tribute to Yet Sen**

Rev. Canon Gould commenced his address by relating, in a most interesting manner, the story of a Chinese young man, the first graduate of a missionary medical school in China. He told of his many efforts to bring the reforms which he saw needed in his country. He told of frequent narrow escapes from death at the hands of the Chinese Government, of his wanderings abroad as an exile, and of his constant devotion to duty and to Christianity. The young man was Dr. Sun Yet Sen, first president of the new Chinese republic. The speaker described him as a most useful man in every way, a man of the strongest personality.

**Awakening in the East.**

Canon Gould pointed to the complete overturning of China as the greatest event in the history of the past thousand years. The present decade, of which the year 1911 was the pivot point, was the pivot upon which the history of the coming centuries would swing. People were slow to realize the import of the great awakening in the east. "Four years have gone, and what has God wrought?" asked the speaker. "China has been completely turned round, and the Turkish Empire, the greatest enemy to Christianity and the most tyrannical despotism the world has ever seen, has been overthrown by the little Balkan states."

He urged more prayer and study of the missionary outlook at the present time. God's finger was touching the sleeping nations and they are awakening, and the opportunities for the evangelization of the world were better now than ever in history.

**REDUCTION IN PULPWOOD DUTY.**

The proposed reduction in the duty on groundwood pulp as announced by the United States Government, will materially benefit Canadian pulp mills with the exception of sulphite mills.

Formerly there was a special duty of \$1.67 per ton on pulp made from wood cut from crown lands in Ontario and Quebec. The duty, which is the only one now imposed by the United States on pulpwood or wood-pulp, is now proposed to be reduced to \$1.00 per ton.

This reduction is of special benefit to new mills just starting up, such as the Abitibi Pulp and Paper Company.

**WINNIPEG MAN CALLED BY CITY**

Council Decides to Appoint Mr. Gordon Phillips Publicity Commissioner.

**MAYOR BREAKS TIE VOTE**

Two Aldermen Absent. One of Whom Favors the Selection of a Local Man.

On a tie vote, broken by Mayor Graham, Mr. Gordon Phillips, of Winnipeg, was Wednesday night appointed publicity commissioner for London at a salary of \$3,000 a year.

Ald. Moore, Spittal, Ashplant, White and Glass voted yea to the recommendation of the manufacturers' committee, that Mr. Phillips be appointed.

Ald. Richter, Stein, Robinson, Saunders and Bennett voted nay.

Ald. Richter wanted to know to what extent the board of trade had been consulted in the recommendation. In view of the fact that they are to contribute \$1,000 a year to the support of the department. It was explained that Mr. E. C. Mitchell and Mr. Arthur White, who had represented the board of trade at two different meetings, had favored Mr. Phillips' appointment.

Wanted Mr. Welch.

Ald. Saunders moved an amendment, that Mr. A. E. Welch be appointed. Winnipeg and London were two different places, with different situations and different conditions. Mr. Welch had a success of all the local projects he had undertaken. Mr. Phillips, Ald. Saunders believed, would be a splendid man, but the preference was to Mr. Welch as a local man. Ald. Stein seconded the amendment.

Ald. Richter asked to hear Mr. Phillips' recommendation read. When he heard it, he said: "There doesn't seem to be much there after all is said and done."

Spittly can't all be there," said Ald. Spittly.

Ald. Richter declared himself in favor of co-operation between the city and the board of trade. The majority of the council was in favor of Mr. Welch, and the other members might favor Mr. Welch.

Refers to Henderson.

Ald. Bennett, seconding Ald. Richter's motion, said that the council and board of trade should agree on a local man. Past experience had shown that an outsider man had been wedded to his home town and when he had a factory to locate he sent it to Hamilton. "And all we got was a pretty good pressure of wind," said Ald. Bennett.

Ald. Ashplant wanted a good man and preferably a local man. A man who would take up shipping matters would, in his opinion, be the best man to appoint. On a vote of 5 to 4 the amendment to the amendment was carried. The council then voted to refer the matter back to the committee to secure a man at a lower salary.

One representative of the board of trade, said Ald. Stein, might favor Mr. Phillips, and the other members might favor Mr. Welch.

A dainty buffet lunch was served, after which the happy couple left in an auto for London, where they took the evening train for Detroit, Cleveland and other points.

Many beautiful gifts were received, as the contracting parties have a host of friends.

The bride's going-away suit was of navy blue, with hat to match. The way the bride and groom will reside in Iderton, where Mr. Reeve will assume his new duties as manager of the Home Bank.

Mr. and Mrs. Reeve will be at home after July 15.

**SPRING-LOGAN.**

Harrietsville, June 19.—A very pretty wedding was solemnized at Glenwood Farm, the home of Mr. and Mrs. L. L. Logan, when Miss Agnes Spring was married to Richard A. Logan, of Dorchester.

To the strains of Lohengrin's Wedding March, played by Miss Olive Kernehan, of London, the bride entered the drawing-room and took her place under a pretty floral arch.

She was gown in a lovely rose-point lace dress over ivory duchess satin, with veil and orange blossoms, her only ornament, the groom's gift, a pearl earring. She carried a shower bouquet of roses, and was attended by Miss Edyth Logan, of Thorncliffe, sister of the groom, and Miss Beatrice Clive, of London, who were gown in blue and white, over pale rose satin caught with lovers' knots of rose velvet.

The groom was supported by Mr. Harvey Thompson, of Dorchester. The ceremony was performed by Rev. Mr. McKieham, pastor of the Baptist Church, after which the guests, numbering about one hundred, sat down to a dainty wedding breakfast.

During the reception Mr. Reg. Brown, of Montreal, sang "Love's Coronation." The groom's gifts, to the bridesmaid a pearl earring; to the bridesmaid a pearl earring; to the bridesmaid a pearl earring.

The happy couple left for points east, the bride wearing a blue cloth suit, with hat of Italian straw to match. On their return, they will reside in Dorchester.

Guests were present from Montreal, Toronto, London, St. Thomas, Thorncliffe, Springfield, Belmont, Dorchester and Crumlin.

## BUSINESS OF THE CITY COUNCIL

**CITY CONTRACTS FOR TWO PAGE AD.**

Hands Over Two Hundred and Fifty to Western Publishing Concern.

Five Leading Business Companies To Co-operate With Council in Matter.

E. L. Greenwood, a representative of the Western Publishing firm, induced the city council Wednesday night to contract for two pages of advertising at \$250 a page in a deluxe edition of the "Imperial Highways" bound in red seal skin and beautifully gotten up in a way that would put to shame the finest bookmak'ng of Elbert Hubbard's Roycrofters. But it looked like another kind of bookmaking the way the city council jumped at the contract. However, it is a real "nifty" volume, and the E. L. Greenwood Company have ordered 1,000 copies at \$23.75 a volume to place on their observation cars and hotels throughout Canada, and copies will also be placed in the principal hotels of Great Britain and the world, and in the hands of boards of trade everywhere. Copies will also be sent to all the leading newspapers, only these will be bound in embossed paper instead of red seal skin.

**A Steep Rate.**

Ald. Stein complained that the advertising rate was a trifle steep, and he wanted it referred to the manufacturers' committee. But Mr. Greenwood was leaving the city, and it was London's last chance to go down to fame with Windsor, Chatham, Medicine Hat, Portage la Prairie and Sault Ste. Marie, in pages of the Imperial Highways. Five leading business and manufacturing firms, Mr. Greenwood explained, would co-operate to the extent of \$50 each with the city in purchasing the two pages. He even turned over the checks to the city clerk. So Ald. Saunders moved that the city put up the other \$250 and take the two pages.

Five aldermen voted for Ald. Saunders' motion. Ald. Stein was the only one to vote against it.

Full of gratitude, Mr. Greenwood promised to skip over St. Thomas, Woodstock, Tilsonburg and other towns and cities not worthy to rank with London, and to go straight to the metropolitan city of Hamilton, where he would secure a page of reading advertisement about the mountain, the Hamilton ball team, and the factory chimneys, including an illustration of the city of Hamilton.

Mr. Greenwood's new pencil factory, half the cost of which the obliging city council of Hamilton may reasonably be expected to pay.

**JUNE WEDDINGS**

**REEVE-WILLIAMS.**

A quiet but pretty wedding was solemnized on Wednesday, June 13, 1913, at the home of Mr. David Williams, Iderton, Ont., when his eldest daughter, Edith, was united in marriage to Mr. J. Chester Reeve, of the Home Bank of Canada, Toronto. The ceremony was performed by Rev. C. J. Moorhouse, pastor of Iderton Methodist Church. Miss Minnie Reeve, sister of the groom, played the Wedding March.

The bride looked charming in a beautiful ivory satin gown, with tulle trimmed with crystals. Her veil was caught with sprays of orange blossoms and she carried a shower bouquet of bridal roses and lilies of the valley.

A dainty buffet lunch was served, after which the happy couple left in an auto for London, where they took the evening train for Detroit, Cleveland and other points.

**WORTLEY PAVING AGAIN DELAYED**

Some Members of Council Consider Concrete Base Necessary.

**ENGINEER WANTS AID**

Asks For a Surveyor and a Draughtsman, But Will Only Be Permitted One.

Roomac pavements on Wortley road will again be delayed. In the opinion of some members of the council a concrete base is necessary. The recommendation of the board of works that the pavement be laid with a gravel base was on questions raised by Ald. Saunders, Ald. Spittal and Ald. Richter, referred back to the committee.

**Pavements and Walks.**

Asphalt pavements and other improvements on Waterloo street, against which ex-Ald. Robert Carrothers and other residents have submitted a cross-petition, were also referred back to the board of works. Pavements petitioned for will be laid on Bellevue avenue, Duchess place, Tecumseh avenue and Marley place. A cement walk will be laid on Picoadilly street, from Adelaide to Elizabeth. Curbs and gutters will be constructed on certain sections of Colborne, Mainland, Picoadilly and Grosvenor streets, and Wortley road, all of which improvements have been petitioned for.

**Aid For Engineer.**

The city engineer asked for a surveyor and draughtsman and an engineering assistant in his department, the former to be employed temporarily and the latter permanently. The council voted to allow him one extra man, and he will have to decide whether he requires most a surveyor and draughtsman, or an engineering assistant, the new man to receive \$150 a month.

**School Reports**

The following is the list of the names of pupils, arranged in the order of merit, who were promoted from the second to the third form of the Lucan High School:

Honors—Lina Davis, Gordon Lewis, Kate Crawford, Francis McAndrews, Pass—Florence Lewis, Ruth Hayter, Allan Shoubridge, Fred Langford, John Cronyn, Neva Haskett, Garland Bice, Gladys Courson, Clifton Walcott, Ferguson Maguire, Willie Hodgins, Raphael Glavin.

The results of the first form will be published when the science work is completed.

**Fear a Precedent.**

Wednesday afternoon's session of the Synod of Huron proved a disappointment to many who expected that the question of votes for women in the vestries would be discussed. It was expected that the debate on that subject would be reached during the afternoon and the gallery contained a large number of ladies, who were anxious to learn the result of the discussion. Other matters however, kept the delegates busy, and the subject of votes for women was not broached. It is probable that the question will be dealt with sometime today, although it is rather difficult to predict, owing to unexpected turn of events taken by a discussion which serves to lengthen it beyond the allotted time.

**BAND CONCERTS NIGHTLY**

Col. Hodgins Offers Use of the Musicians for Benefit of the Citizens.

Ald. Glass on Wednesday night at the city council session asked why a delay had been made in dealing with the city engineer's report on the street railway service.

Ald. Spittal pointed out that the company have until July 1 to complete certain works and put into effect certain changes. After that date, said Mayor Graham, the city would be in a better position to take action.

Ald. Glass said that there was much fault to be found regarding unclean and crowded cars. Roads torn up by the company were in an unsafe condition. Women with babies in their arms stood on the steps of cars, and the overcrowding was dangerous and obnoxious.

**Band Concerts Nightly.**

Band concerts every night in the week during the camp will be arranged by Mayor Graham. Ald. Spittal and Ald. Moore, in conjunction with Col. Hodgins, D. O. C. who has intimated to Ald. Spittal that the large number of bands now attending the camp would be glad to take turns in providing programs if the city would provide busses to convey the bandsmen to and from the camp.

Ald. Stein asked that one or more concerts be given in Queen's Park. This will be arranged if it does not interfere with the Ferris carnival shows, who have Queen's Park reserved for next week.
