# TEMPERANCE VICTORY PROVES TIME'S TREN FAVORS BAR

Local Temperance Workers Say Ontario Should Do More For Temperance.

That the sweeping victory won by the temperance forces in the local option campaign in Michigan yesterday is merely an indication of the trend of the times was the opinion expressed today by local temperance workers.

"The result of the Michigan election," said Rev. J. H. Boyd, "should fill every temperance worker with encouragement. It is an indication that the time is near when liquor will have the board of control today for the to go. The example of King George in purpose of making their request. forbidding liquor in the royal household and what is going on in the States, ought to be sufficient to spur every worker in Ontario to renewed efforts to banish liquor from the province, and I think it will. It is bound to stir peo-

ple into action.' Rev. T. H. Mitchell expressed a simiar opinion. He said: "The victory of the 'drys' in Michigan just indicates the drift of the country. The United States is going ahead very fast, and I am convinced that her lead will be followed by Canada very soon. The temerance sentiment, as shown by every ndication, is growing by leaps bounds. I can see the doom of the

whole filthy traffic in liquor.' Professor J. H. Bowman declared his pinion that a similar result to that obtained on the other side might and would have been achieved before this in Ontario if the people had the same chance of protecting themselves by an even vote instead of having to secure

a three-fifths majority. said, "that our Government leaders have failed to get the spirit of the times, which is a spirit demanding the .otal suppression of the liquor traffic."

Despite Many Members at Front Unit Makes Fine Showing.

With an attendance of about 200 mer and officers, the 7th Regiment resumed drill at the armories last night, when sectional drill and musketry practice were used to put the men on their mettle again after several months' rest. A large number of recruits were on hand at the first turn-out of the regiment, D Company leading in the num-ber of men. The entire regiment made an excellent showing, according to the officers, who are confident that the regiment will soon be up to its old standard in appearance at least, although many recruits are needed to fill up the gaps caused by the large number of the old members having enlisted for active service since the outbreak of the war.

Officers of the regiment, after drill, ment in the mess-rooms, and mapped out to some extent the course of activities for the regiment until midsummer A school of instruction for non-commissioned officers will commence next Friday night, and will be held two or three times weekly for about eight weeks. Platoon drill, the new formation introduced into the army since the outbreak of the war, will be taught hereafter, beginning next Friday night.
