TEMPORARY HOSPITAL OPENED ON MONDAY

The Sisters of the Hotel Dieu have opened their temporary hospital in the former Intercolonial Hotel building on Monday and are once more carrying on their work of charity in tending their services to the care of the sick and afflicted. The building has been thoroughly fitted up for the purpose and presents the appearance of a regular hospital. An operating room has been installed and operations were performed on Tuesday with the least bit of inconvenience. Several patients have already been admitted and the public of this locality have again the services of the Sisters of the Hotel Dieu at their disposal. There is no need of commenting on the efficiency of the service given by this institution as many have had actual experience of the same, but the promptness with which the installation of a temporary hospital has been made deserves great credit and much appreciation.
