RESTIGOUCHE SEES VIRTUAL CLOSE OF BUSY SEASON IN TOURIST BUSINESS

Jacquet River Leads as Vacation-ground for Holiday Visitors—Many Guests Spend Delightful Vacation at Bay View Inn—All Pleased With Scenery and Other Attractions of The North Shore.

With autumn now in the offing it is most gratifying to know that the summer which is virtually ended has seen a record established in tourist traffic on the North Shore. Just what that record is, it is impossible to estimate with any degree of accuracy, but that the influx of summer vacationists to this part of the country this year has far exceeded that of any former season is evident from the large numbers of holiday motorists to say nothing of those visitors who have made brief sojourns here as guests at north shore hotels. That this tourist trade will steadily increase with the passing years is only a logical conjecture for the varied attractions of this part of the province are only now becoming known to people of the large centres from which these summer visitors come.

At Jacquet River, Delhomme, Coarbo and other places have all had an opportunity this year to cater to the summer visitor, but the Bay View Inn at Jacquet River, Northern New Brunswick's leading summer hotel has this season been the chief scene of vacation-time activity. From early in June until last week this fine new hostelry has been the headquarters of large numbers of summer visitors from distant points. At times, and the beach has been so large that it has been difficult to accommodate all the guests.

With the close of the present month something of the early fall quietness will again reign in this delightful summering place but long after the departure of summer guests there will remain the pleasant memories of days that were crowded with activity of a very successful season—when the echo of happy voices filled the halls of Bay View Inn, when the verdant and lava were alive with life and color, and the beaches and lakes and rivers were the objective of happy vacationists on their quest for outdoor recreation.

According to the general proprietor, Mr. Paul Doyle, Bay View Inn has been most fortunate this year in that the class of its visitors have been the best that could be desired. All these too have been most appreciative of the efforts put forth to make their sojourn enjoyable and have been very grateful for the atmosphere of quiet restfulness there and well pleased with the facilities for healthy outdoor recreation.

Besides its transient patrons Bay View Inn has had many visitors who have been its guests for several weeks this year. Among these are the following: Miss Milla McEllan, Superintendent of the Ross Memorial Hospital, Montreal. Miss McEllan who is a former local girl left on Saturday last for Montreal where she will visit her father before returning to Jacquet River and thence to Montreal to resume her duties. Mrs. A. C. Crichton and daughter of Montreal who returned home last Saturday after a three weeks' visit to Mr. and Mrs. C. Smith of Montreal who returned home on last Friday's limited after a two weeks' vacation. Incidentally, Mrs. Smith is Editor of the Montreal Department of the Montreal Star.

A party of sportsmen also made the Bay View Inn their headquarters while here enjoying some Restigouche fishing. This party was composed of Messrs. G. G. Rose of Sarnia, N. Y.; G. S. Shugart of Mount Vernon, J. Bromley and Marshall Bromley of New Rochelle, N. Y. These gentlemen spent some two weeks at the head of Jacquet River. They were delighted with their trip and expect to return for hunting later in the fall.

Mr. and Mrs. R. C. MacKenzie of St. John's, N. B. were also guests at Bay View Inn. Mr. Mac-

SCHOOL WAR ON IN CHATHAM

Twenty-five Pupils Refused Admission Because \$30 Fee Unpaid

Chatham, N. B., Aug. 26.—Chatham's school war which has been raging for years reached a climax today when 25 or more children from the Middle Island district were ordered from the town schools upon failure to pay a charge of \$30 each for the year's tuition.

The Board of School Trustees met last night and ordered that the children be not admitted unless the amounts were paid when the public schools opened today. After being refused admission to the schools the children and some of their parents paraded about the town with a banner bearing the inscription: "We are Paid Out of School—Why?" They called upon Mayor Hickey and sang the National Anthem in front of his office.

NEW TEACHERS AT JACQUET RIVER

Miss Power of Edmundston and Miss Bradley of Bathurst Now on Staff

The schools re-opened here on Tuesday with the following staff. Mr. Purvis who begins his second year as principal, Miss A. Daley in the intermediate department and Miss Power of Edmundston, primary teacher. Miss Power replaces Miss E. Hickey who successfully instructed the "one ones" for the last three years. The fact that the two languages are to be taught in this department necessitated Miss Hickey's resignation. Miss Bradley of Bathurst replaces Miss Edna Shea in the intermediate department. Both languages are also to be taught in this department.

RAIN IMPROVES WESTERN CROPS

Yields Well up to Average in Manitoba and Saskatchewan.

Winnipeg, Aug. 26.—Despite the wet back to the crop in its ripening stages in many districts throughout western Canada, the recurring rains of the last two weeks have proved of great benefit to other points where moisture was needed to aid the grain in filling out. Given continued favorable weather, wheat cutting operations are expected to become general throughout the prairie provinces by the end of August. Early wheat cutting, which was halted by recent rains, is now being resumed and, according to reports from scattered points in Manitoba and Saskatchewan, yields are well up to the average.

In northern Alberta the crops are reported to be ripening as fast as can be expected, although inclement weather still prevails.

Mr. Macdonald and Messrs. Park and Burns, Corn, Bread, Jam, Biscuits, Cakes, Pastry.

The Scout Camp broke up on Wednesday, Aug. 26th all voting that a good and profitable time had been spent. We arrived on the local safe and sound.

The Scouts and Scoutmaster beg to thank Mrs. Dean for her kindness and generosity which enabled us to have such a pleasant camp.

Will Lease the Academy Class-Rooms

The local Board of School Trustees have decided to rent the ten available class-rooms now vacant in the L'Assomption Academy Building here in order to make adequate provision for the steadily increasing attendance at the public schools. A lease has been drawn up, and it is expected will be signed today by the contracting parties. This step will temporarily solve the problem of sufficient school room but it is altogether likely that Campbellton will require a fourth school building.

INTERESTING PAPER BY J. K. KELLY

Read Last Week at Convention of N. B. Municipalities

J. King Kelly, K. C., county secretary, addressed the annual meeting of the New Brunswick Union of Municipalities at Moncton, last week on the Administration of Criminal Law in Relation to Insanity as an Excuse for Crime. He called attention to the difficulty comprehensively defining "insanity" and "insane," as indicated by the evidence of alienists at the Chicago trial. He referred to the attempt of psychiatrists to grade insanity by assuming standards of mental and emotional development from infancy to the adult period. Mr. Kelly expressed the conviction that no one can use that crime may be due to disorders of the intellect or to disorders of the will of feeling, due to alcoholic, syphilitic or epileptic parentage.

Defectives are multiplying today faster than at any time in history according to Mr. Kelly. He contended that the limitation of offspring is not a race suicide but rather that encouragement of the unfit is race suicide. The earliest, cheapest and surest method of purifying the life stream would be to unsex the defectives. That is fast and sure.

Mr. Kelly pointed out that the Union of N. B. Municipalities had repeatedly approved of a prison farm scheme, and that St. John County had sent to the Legislature a bill providing for the establishment of such a farm, to replace the municipal home, but the bill had been given a six months' hold.
