Baxter championed Mr. Venables, and thought he should be given a fair hearing, and it was finally decided to refer the matter, with the documents in possession of the Mayor, to the Waterworks Committee.

ARRE T AND CONVICTION

BRIBE OR PERSONATE my elector or electors in connection with the

WM. ADAMSON, Chairman Vigilance Committee R. PATCHING,

TO THE ELECTORS EAST TORONTO.

GENTLEMEN:-After mature deliberation I have determined to on as your representative in the House of Commons of pressed with the fact that the young men of Canada are not represystem of party politics by which individual liberty is crushed out of the people, and partly to too much indifference and a lack of inde-

pendence on the part of the young men themselves. I submit that the young men of to-day have an infinitely greater govern it, as we will have to meet the public creditor and pay the national liabilities, when the men who created the indebtedness of to-day shall have passed away.

I waited patiently to see some one more able than myself take up the cause of temperance and carry the standard to victory, but no electorate of East Toronto desire THAT THE LAWS THAT GOVERN AND REGULATE THE LIQUOR TRAFFIC SHOULD BECOME MORE STRINGENT AND RESTRICTIVE and that end I would, if elected, lend my influence in favor of tend to THE TOTAL PROHIBITION OF THE LIQUOR TRAF-FIC. I fail to discern the difference in the principles of those of our people known as Liberal-Conservatives and those known as Reformers (SAVE AND EXCEPT THE NATIONAL POLICY, OF WHICH I AM AN UNQUALIFIED SUPPORTER), and I partisans, numbering possibly 200 persons, many of whom are outsiders and who are elected by themselves and represent themselves only, and are principally composed of political heelers and the place-hunting class of the party, the vast and most respectable part of the party having little or no part in the nomination. I claim that a representative elected under such circumstances would not be the FREE CHOICE OF A FREE PEOPLE.

I submit that it is the undoubted right of any citizen to offer himself for any position within the gift of the people, and I appeal to all classes of the electorate WITHOUT REGARD TO CREED OR PARTY to give my candidature a full, fair and careful conaideration and then let each elector vote and thus discharge his trust according to the dictates of his conscience.

In conclusion I ask of each elector the favor of his vote, and I pledge myself in the event of my election to advocate the cause of temperance and good government, and as I am not (nor have I ever been) a member of any political party I would at all times place the interest of the temperance cause before the interest of any party and prize my own self-respect above office and emolument. I would vote against any Government that would be opposed to the maintenance of the National Policy IN ITS ENTIRETY and I would always value the approbation and confidence of the electors of East Toronto more than the favor of the Imperial Government and its agents. Believing that you will place me at the head of the I am yours very truly,
