ABOUT TRANSFER TICKETS.

Rules for Conductors and Conducted—Plain Regulations for All Concerned.

The long-looked-for transfer tickets are about to become an accomplished fact. Secretary Gunn of the Street Railway Co. had an interview with the Mayor yesterday and submitted to him the draft rules that the company proposes to issue to car conductors. They are as follows:

No transfer ticket will be issued to a passenger

6. The lines will be known by the following

DON'T WANT A BRIDGE. The Court of Revision Hears Many Com

The Court of Revision sat yesterday and heard a large number of citizens express their opinion on various proposed improve-

ments.

Residents of Sussex-avenue, between Robert and Borden, are in favor of asphalt paving and say that the petition for block paving is three years old. Consideration of the matter was deferred for two weeks.

Ex-Ald. Woods was present to speak against the paving of Bloor-street, from Dufferin to Dundas. The matter was referred to the Board of Works. Ratepayers in Crawford-street, below Arthur, objected to being assessed for a bridge at Collegestreet. The Board of Works will report on the matter in two weeks' time. Suily-crescent ratepayers claim that their property would depreciate in value if the bridge was built, and their representations will also be taken into consideration.

Exhibition Notes. Notwithstanding the interruption caused by the rain the grading of the new half-mile track at the Toronto Industrial Exhibition grounds was completed vesterday. The tenoing around it is well under way and will be completed in a couple of days.

ning connected with the holding of s most successful Exhibition that wen place in Toronto is rapidly being comtend. There has been plenty of work both day and night at the Exhibition offices, King-street east, but all is in order at

Si King-street east, but all is in order at list.

An exhibit at the recent Exhibition at Buffalo, which was very interesting and attracted a great deal of attention, has been secured for the Toronto Exhibition by Manager Hill. It consists of an exhibit of some of the netural products of the Southern States of America. There are a number of cotton plants, half of them in bloom and the rest in cob and without. There are several pounds of cotton seed, cotton in bales, ginned cotton, unginned cotton, Southern gourds, rice plants, peanut plants, pineapple plants bearing fruit, sugarcanes and tobacco plants. It is a very instructive exhibit and will give those who have never been in the south a good idea of the vegetation of that region. This exhibit will be placed in the building occupied by the Eritish Columbia exhibit last year.

Another attraction will be provided by Mr. A. Aronsburg, 71 King-street west. He proposes giving all who have a turn for astronomy an opportunity of examining the heavens through telescopes, which, so far as they go, are as adequate as anything that can be made for what may be called amateur observation.

The directors of the exhibition have con-

Description.

The directors of the exhibition have consented to give free admission to the grounds to 1000 children under the auspices of the Fresh Air Fund Association.

Fresh Air Fund Association.

During the time the exhibition is in progress excursion trains will be run from Chicago and several other places at a single fare for the double trip.

At the present moment the annex to the main building is being used as a workshop. The management of the association made a contract for 8000 chairs for the new grand stand, which with the 4000 aiready on hand made the 12,000 required for the stand. These 8000 chairs are being put together in

Editor World: Kindly allow me space in your columns to thank my friends who so generously supplied the flowers for distribu-tion in St. John's Ward on Wednesday last, also your paper for the notices thereon. While the season lasts I hope to repeat these while the season lasts I have to give so much pleasure to the children and who have so little to brighten their lives every Wednesday, and shall rely on my friends and the

day, and shall rely on my friends and the public to help me.
Any one having flowers to contribute will please send them, if convenient, to my office, weights and measures, Toronto-street, or a card or telephone 1606 message with name and address, and they will be sent for. Kindly have them ready by 1 o'clock on Wednesday next, as it takes some time to collect and prepare for distribution. Note the date, Aug. 31.

H. Piper.

York County Christian Endeavor Convention.

We have seen a copy of the program of the York County Christian Endeavor Convention, to be held in Cooke's Church, on vention, to be held in Cooke's Church, or Sept. 2 and 3, the first session commencing at 2.15 p.m. on Friday. It is evident the committee in charge has spared no pains to make the program as attractive as possible. We notice among the speakers the names of Mayor Fleming, Hon. John Dryden, Minis-ter of Agriculture; Tozo Ohno, Japan; Revs. P. Nicol (Unionville), George Skinner (Pine Grove), William Patterson and others. Over 160 delegates from outside the city are ex-pected. We understand there are over 30 100 delegates from outside the city are ex-pected. We understand there are over 30 Christian Endeavor Societies in Toronto and Christian Endeavor Societies in Toronto and 23 in other places in York County, so there is likely to be an enthusiastic gathering next

To Extend All Sewers. The Local Board of Health decided to ask the council to have the sewers emptying into the bay extended to the windmill line, into the bay extended to the windmill line, it being thought that the current will then be sufficient to carry the sewage out of the bay. This action is to be taken in view of the possibility of a cholera epidemic next year. There was some discussion in reference to the dismissal of temporary health inspectors, but it was finally decided to leave the matter in the hands of Dr. Allen.

The alleged nuisance caused by the boathouse at Brock-street slip was again brought up. The Medical Health Officer will have the slip disinfected regularly until the sewer is extended.

# "German

The majority of well-read physicians now believe that Consumption is a germ disease. In other words, instead of being in the constitution itself it is caused by innution is a germ disease. In other words, instead of being in the constitution itself it is caused by innumerable small creatures living in the lungs having no business there and eating them away as caterpillars do the leaves of trees.

A Germ

Our reputable business career of nearly nine years is our reference. Most of that time at corner Queen and Portland-streets, but recently removed to our new premises ten doors further east.

The phlegm that is coughed up is those parts of the lungs which have been A Germ

gnawed off and destroyed. These little bacilli, as the germs are called, are too small to be seen with the naked eye, but they are very much alive just the same, and enter the body in our food, in the air we breathe, and through the pores of the skin. Thence they get into the blood and finally arrive at the lungs 2. Mark your badge number on the back of such that it is good and finally arrive at the lungs where they fasten and increase with finghtful rapidity. Then German Syrup comes in; loosens them, kills that have same put in fare box, as if it was a regular have same put in fare box, as if it was a regular have one corner is storn off.

8. Estern to office all tickets every night that see not used.

2. Mark your badge number on the back of such tickets.

3. When fare is paid and transfer demanded, the skin. Thence they get into the blood and finally arrive at the lungs where they fasten and increase with frightful rapidity. Then German Syrup comes in; loosens them, kills them, expells them, heals the places they leave, and 'so nourish and soothe that, in a short time consumpare not used.

We find that there is an impression abroad to the effect that no one can purchase from us unless a member of the Grange Society. NOT SO. We sell Butter, Eggs. Provisions, Groceries, etc., to city people without distinction. We deal with thousands of farmers all through the country. We sell to them and get produce from them to sell. Therefore, coming direct to us, the articles are fresher and prices lower than if they passed through two or three hands, as is usually the case. We want city people to know that they can buy all kinds of Provisions and Produce from us cheaper than they can elsewhere, and also that they can buy Groceries and Household Goods Retail at Wholesale
