

WORKERS ENTHUSIASTIC AS WELFARE DONATIONS REACH TOTAL OF \$72,800

Adam Beck, From Sick Bed Baltimore, Sends Greetings and Substantial Check.

HOW DIVISIONS STAND.

1. (Dr. A. J. Grant) \$6,598
2. (M. F. Forrestal) 6,511
3. (J. J. McHale) 5,984
4. (R. H. Dowler) 5,511

Division chiefs and team captains of the United Welfare Fund drive placed on the record of the campaign a total of \$72,800. Enthusiasm in the ranks of the teams heads unabated last night when the report of the day's activities showed \$8,500 collected and the captain's objective to be reached by tonight at an even \$100,000, an amount which they have set their hearts at during the mass meeting of all workers in the Tecumseh tonight. In every team came optimistic messages and words of determination to reach the objective of \$125,000 when the returns are completed on Sunday.

Last night's meeting brought a message of Sir Adam Beck, seeking help at the Johns Hopkins Hospital, Baltimore. Puel was added to the list of enthusiasm when A. E. Silverwood, head of the teams' canvass, told receiving a check from Sir Adam \$660 as his contribution to the support of the great welfare institutions of the city. The announcement of the receipt of Sir Adam's subscription brought rounds of cheers from the ranks of the campaign and, by a unanimous vote, a telegram was sent to Sir Adam in his fight for health.

AL INSPIRATION.

This should be a real inspiration to here," stated Dr. A. J. Grant in making the motion, a motion which

was seconded by President James Gray. "It certainly is splendid to think that a man lying on his back, struggling for health, should remember those at home and show this remembrance in such a generous and fine way," was the statement of Mr. Silverwood. In announcing the receipt of Sir Adam's contribution. On the day's activities the division headed by Dr. A. J. Grant met with the greatest success in regard to the total amount added to the budget. This division, No. 4, raised a total of \$5,511 during the day. Division three, under R. H. Dowler, ran second for the day, making a total of \$5,984. A total of \$1,149 was raised by division one, under J. J. McHale, and \$753 by division two, under M. F. Forrestal.

PLAN NEXT CAMPAIGN.

The captains viewed with decided favor a suggestion of preparation for the near future for the campaign next year. Approval was given the idea of continuing the same teams, with but little rearrangement, and of devising ways and means of keeping the workers together during the year and of developing and making closer acquaintance in the sections of the city in which they work.

"Friday has always been my lucky day," stated President Gray in addressing the captains. "I am highly pleased with the look of things and I think we will go over the top all right."

Mr. Silverwood urged even greater activities for today. "I hope every team will be on the job. We have a real day's work ahead of us. Let us get every card cancelled and things cleared up," he urged.

In this connection it was pointed out that but \$800 for each team would reach the objective for the four days of \$100,000, and the teams work today with this end in view.

Announcement from the welfare headquarters in respect to the Community cup contest in the city schools, where the pupils teach their parents and relatives, is to the effect that the trophy is won by the pupils of St. George's school, winners of the same honor last year. The 573 pupils of St. George's "taught" 1,811 adults, a percentage of nearly 25. The 48 pupils of St. Mary's separate school came second, with a total of 270 certificates, a percentage of 202. St. Mary's, in recognition of the work of its pupils in the teaching of the ideals of the welfare fund, will be presented with a special trophy, which is to be given by Gordon Philip, secretary of the Welfare Association.

PRESENT TROPHIES.

It is expected that the trophies won in the school contests, which closed at 6 o'clock on Tuesday night, will be presented to representatives of the winning schools at the meeting of all the workers at the Tecumseh House tonight. Over 5,000 certificates, showing

Lessons learned were turned in to the welfare headquarters by the pupils of the schools, all but five of which entered the contest.

POLICE SEEK MOTORIST.

Nelson Cornelius, son of D. Cornelius, of 138 Brisbane street, was knocked down by an unknown motorist last night, sustaining a broken leg and minor injuries. He is now in Victoria Hospital. The accident occurred on the Hamilton road, in front of Hardy's grocery store. After the had been struck by the car the driver picked him up and carried him into the store, then disappeared. Police are looking for the driver of the car.

LOCAL ARTISTS HEARD ON RADIO

Three Concerts Broadcast From Station CJCG

GIVE WELFARE REPORT

A. E. Silverwood Tells of Progress Made In Drive

Three excellent programs were broadcast from CJCG yesterday, all highly appreciated by fans and exceptionally well given by the various artists. Several listeners went as far as to say that the program was the best heard from the station.

Reception, especially during the night programs, was perfect. Reception of the noon program was good, but several fans reported slight interference. This, however, did not mar the numbers given.

One of the outstanding features of the three programs was the announcement made by A. E. Silverwood during the early evening program that the Welfare Fund grants had collected over \$75,000 of their objective of \$125,000. Mr. Silverwood, in his remarks, reflected the magnificent spirit shown by all citizens in subscribing to the fund. Today's objective, he stated, is set to reach \$100,000.

The noon concert, broadcast between 1 and 2 p.m., was featured by vocal numbers given by three well-known local singers, namely, Mrs. A. M. Wellman, Miss Margaret Campbell and Miss Gertrude Andrew. Charles Percy accompanied the first two singers and Miss Myrtle Judd assisted Miss Andrew.

At 7:15 the program by the Canadian Male Entertainers and the Paramount Banjo Quartet took the air. Rolling back sea songs, quiet melodies, well-sung solos by the various members of the quartet and well-played numbers by the banjo quartet were featured throughout the entire concert. The Canadian Male Entertainers are all local men who were organized in their present capacity some time ago. They have appeared at several functions both in the city and elsewhere, but the concert last night surpassed all previous performances. Lorne H. Ching, the leader of the quartet, was the first to speak.

Sharp at 10 o'clock the Municipal Golf Course Club began the concert. Vocal solos by Ed. Webster, baritone, Mrs. Freeland, soprano, Don Payne, baritone, Mrs. Cornell, contralto, and Master Joe Macdonald, boy soprano, figured in the program. Scores of encore numbers were asked for at this program, as was the case in the others. Two short addresses were delivered by Scottie Evans and Dr. E. S. Detweiler.

In his remarks Mr. Evans declared the Thames Valley golf course to be the prettiest spot in London. "Not only is it the healthiest spot," he declared, "his address was from the standpoint of beauty."

Dr. Detweiler emphasized golf as a means to check disease. He pointed out that as the general trend of mind today went toward the physical, due to the fact that all are keyed up to a high nervous tension, too little golf was played by the average man. Drawing a contrast he stated that at our work the eyes were concentrated, causing tension on the nerves. In golfing one is looking at a distance, thus relieving the tension brought on by work.

BLAME LEVEL OF LAKE FOR WATER SHORTAGE

SOUTHAMPTON, April 30.—A special meeting of the Town Council was held last night to discuss matters in connection with the town water supply. Owing to the great drop in the lake level wells may have to be drilled in order to furnish the supply of water for the town. No definite action was taken. A drilling expert has been engaged to prepare an estimate of the cost. He will present his report at the next regular meeting next week, when the matter will again be considered.

LOCAL BUSINESS MAN TO RETIRE

Thomas Rowe Has Conducted Furnishing Store 40 Years

After nearly 40 years in the tailoring and gents' furnishing business Thomas Rowe has decided to retire. It was just 40 years ago on June 1 when Mr. Rowe first commenced business in London. He opened up a tailoring establishment with the late B. Gidley in the store now occupied by the Turdum Hardware Company. Two years later he moved to the premises he now occupies and opened up in partnership with E. H. Caddy, who is now in Brooklyn, N. Y. This partnership was continued for five years, when Mr. Rowe took over the entire business, and he has continued it until the present.

LOCAL BUSINESS MAN TO RETIRE

Thomas Rowe Has Conducted Furnishing Store 40 Years

When Mr. Rowe first commenced business the original one-man cars were in operation in London. They were horse drawn, and the passengers dropped their fares into the boxes which were fastened to the front of the cars. Conditions have changed a great deal since that time, and Mr. Rowe expressed the opinion that it is a great deal more difficult for a young man to start in business and succeed to-day than it was when he commenced. Modern transportation has more or less injured the gents' furnishing business, he pointed out. He blamed this on the extensive use of the automobile by the young men, as spending more money on autos and they are neglecting their personal appearance.
