fented himself to the eye of its swarthy natives; when to these considerations are added the important objects which were pursued, with the dangers that were encountered, and the difficulties that were furmounted to attain them, this work will, I flatter myself, be found to excite an interest, and conciliate regard, in the minds of those who peruse it.

The general map which illustrates this volume, is reduced by Mr. Arrowsmith from his three-sheet map of North-America, with the latest discoveries, which he is about to republish. His professional abilities are well known, and no encomium of mine will advance the general and merited opinion of them.

Before I conclude, I must beg leave to inform my readers, that they are not to expect the charms of embellished narrative, or animated description; the approbation due to simplicity and to truth is all I presume to claim; and I am not without the hope that this claim will be allowed me. I have described whatever I saw with the impressions of the moment which presented it to me. The successive circumstances of my progress are related without exaggeration or display.
