GALENA OIL CO., Franklin, Pa.
CHAS. MILLER, President.

GALENA OILS are the Standard Lubricating Oils of the World.

GALENA OILS are used on nineteen-twentieths or ninety-five per cent. of the total railway mileage of the United States, Canada and Mexico, and their use is being carefully considered by the leading railway managers of Europe.

GALENA OILS run the fastest trains of the world, and delays are unknown, except when due to mechanical defects, or other well known causes over which the oil has no influence.

Principal Office and Works, FRANKLIN, PA.
