

## SHIPPING NEWS.

## REPORTS, &amp;c.

Ship Larnica, of Windsor, NS, at New York from Antwerp, came the northern passage, and had fine weather; from lat 47 30, lon 45 to lat 43, lon 50, passed several icebergs, one about 150 feet high; in lat 45, lon 50 30, saw much field ice; had to run south 25 miles to clear it.

Barque Frank Stafford Capt Arthur Smith, left Cardiff on March 20th and arrived at Rio May 3rd, making the passage in 36 days. This is one of the quickest passages on record.

Barque Linden, Crowe, at New York from Amsterdam, reports on the Banks saw several icebergs and large quantities of field ice; saw two barques, apparently Norwegian fast in the ice, but could not get their names.

Schr Calabria, before reported ashore on the reefs at the entrance to Sagua, has been put afloat.

Schr Nesbit, Capt John Cowen, arrived at New York on the 19th. She made the run from Windsor in five days. Capt C has made some extraordinary runs, both to and from New York, since he has been master of the Nesbit. Last season he made a succession of most extraordinary passages, and bids fair to repeat them this season.—[Courier.]

The Boston Pilot boat Alexander M Lawrence No 4, reports May 19, 20 miles east of Nantucket, was struck on the port bow by a large whale and nearly capsized, listing the vessel over until the water came near the hatches.

Several actions with respect to the salvage of the barque Wellington were recently brought against the owner of the above vessel in East Stonehouse, E. county court. The first claim instituted was by the crew of the Yeslin lifeboat for £300; the second by the crew of the Plymouth life boat for £200, and the third by the owners of the tug-boat Albert Little. After hearing the evidence, the court awarded £25, £56, and £25 10s to the claimants as above named. It will be remembered that a fracas occurred on board the Wellington, by which Capt Armstrong lost his life.

GLoucester, Mass., May 16—Schr Sarah C Pyle, while heaving up her anchor yesterday off Thatcher's Island, pulled up a portion of the Bennett Mackey cable. She lost her anchor rather than run any risk to injure the cable.

MONTEVIDEO, April 9—About 12,000 hides have been brought ashore from brig Gavon, Armstrong, from Buenos Ayres for New York, wrecked at Esplanillo; of this number about 5,600 were sold at prices varying from \$1.95 to \$3 15, being all more or less affected by sea water. The remainder, some 6,300, were sound and will probably be forwarded to destination, together with 10 bales horse-hair, also undamaged. Of the bales saved, 13 bales hair were sold at \$18.50 per quintal (100 lbs), which is an exceedingly good price, and the two bales hide cuttings, the only ones saved out of 33 on board, were sold at \$1.55. The wreck and remainder of cargo on board have been sold for \$232.

PAUJANORO, May 20—There are six barques loading deals at West Bay and twenty-six chartered are expected daily.

We are pleased to learn that the brig Birdie, seventy-two days from St John's, Newfoundland, for Barbadoes, has arrived safely—after she was almost given up as lost. She was locked in the ice for fifty days. Mr William Rowe, of this city, is mate of the Birdie, and Capt Neilson formerly in the employ of Messrs Peake Bros & Co, is master.—[Charlottetown paper.]

## SPOKEN.

Barque Dusty Miller, from Carnarvon for Halifax, May 15, lat 44 05, lon 44.

Barque Harriet Hickman, Buck, from New York for Hamburg, May 4, lat 39 33, lon 69 20.

Schr A. T., for Domerara, 9 days out, May 13, lat 31 50, lon 63 10.

Schr Arthur, Smith, Cienfuegos for Boston, May 16, lat 34, lon 74 30.

Bright Edith, May 16, lat 35 41, lon 64 50, steering south.
