S. T .- 1860. - X .- The amount of Plantation Bitters sold in one year is something startling.— They would fill Broadway six feet high, from the Park to 4th street. Drake's manufactory is one of the institutions of New York. It is said that Drake painted all the rocks in the Eastern States with his cabalistic "S. T.—1860.—X." and then got the old granny legislators to pass a law "preventing disfiguring the face of nature," which gives him a mono-We do not know how this is, but we do poly. WHAT DID IT! - A young lady, returning to her country home after a sojourn of a few months in New York, was hardly recognized by her friends. In place of a rustic, flushed tacs, she had a soft, ruby complexion, of almost marble smoothness; and instead of 22, she really appeared but 17. She told them plainly she used Hagan's Magnolia Balm, and would not be without it. Any lady can improve her personal appearance very much by using this article. Who is this Prof. VELPANT? He was a man of obscure birth, but he has given the world a Remedy for bald heads and grey hairs, that will make his name immortal. Hair Restoratives are multiplying on every hand, but the great desideratum is to find an article that will accomplish the purpose for which it is designed without a thick unpleasant and offensive sediment.

Prof. Welpani has discovered a method of dis-

solving the ingredients, and holding them in solution, so that there shall be no deposit, and yet without desireying, the essential properties of the ingredients. It is pleasantly perfumed, may be used at any time, is a splendid hair dressing without oil, and absolutely prevents the hair from falling off or turning prematurely greg.
