OMENEE boasts of a man who has this season shipped from that place 300,000 dozen of eggs, and sundry carloads of fowls.

A SHOE dealer in Quebec, named Elzear Fiset, has failed with liabilities of about \$3,000, and a Quebec tanner has bought the claims of creditors at fifty cents in the dollar.

J. F. Dion, a general storekeeper on a limited scale at Drummondville, Que. who commenced business last summer, has assigned in trust to two of his Montreal creditors.

M. Aubin, grocer, of Montreal, has been given by his creditors an extension of five years. He owes about \$4,500 and his assets are locked up in a wine business, which is the cause of his having had to ask for an extension.

A DRY goods man of Three Rivers, A. E. Desilets, met his creditors on Wednesday 12th inst, and asked an extension, offering 75 cents on the dollar at 3, 6, 9 and 12 months secured, and the other 25 cents at 18 and 24 months unsecured. One of his creditors had previously taken out a seizure before judgment for \$2,500.

SEVERAL judgment have been issued against Daniel Bell & Sons, organ makers in this city. The aggregate is \$3,000 and the sheriff has taken possession of their premises.—A blacksmith named Joseph Harragan, at Bornholm, has been arrested on a charge of forgery to the extent of \$5,000 and has been admitted to bail. His estate will not pay five cents on the dollar to areditors

A FOUNDER and lamp manufacturer of Montreal, named H. Prevost, is stated to have left the city. His liabilities amount to between \$6,600 and \$7,000, and unsecured creditors are likely to be "left out in the cold." Shortly before leaving he is said to have given a bill of sale to F. X. Beaudry and to have subsequently obtained an advance on some goods from a local French Bank.

In the year 1878, the firm of Allan & Scully, general storekeepers at Owen Sound, failed and paid sixty per cent of their liabilities. Mr. Scully retired, and Mr. Allan has since admitted his son as partner. Not much more than a year ago they claimed a surplus of \$18,000, and although this is only slightly reduced this year, the firm has assigned—certainly rather an unsatisfactory winding up of the work of a quarter of a century. From the standpoint of a business man, we fear that the serior member of the firm has not profited in a financial way by cccupying a seat in the House of Commons. More business and less politics, in many instances, would suit creditors better, and be more profitable to all concerned.
