Canada pavilion set for major Middle East health show

Dubai, U.A.E., January 22-25, 2006 > For the sixth consecutive year, the Canadian Consulate in Dubai will be organizing a national pavilion at Arab Health 2006, the region's largest and most important health exhibition, to be held at the Dubai World Trade Centre.

In 2005, the Arab Health exhibition saw more than 25,000 trade visitors, mainly from the Gulf countries, the Commonwealth of Independent States countries, Africa and the Indian sub-continent. There were 1,400 exhibitors from more than 50 countries and 28 international pavilions.

For 30 years, Arab Health has led the way in health care exhibitions and conferences throughout the Gulf and Middle East regions. It is the ideal forum for Canadian companies to demonstrate their latest products and technologies in one of the world's fastest growing health care markets.

The market for health care products, services and expertise is strong throughout the Gulf region. In the U.A.E. alone, the government is planning to double its hospital bed capacity over the next decade. With the launch last year of the Dubai Healthcare City, a health industry mega-project intended to service the whole area, Canada could be well-positioned to share its

capabilities and expertise. Many international companies in different medical fields have been approaching the Dubai government to be registered within the Healthcare City.

The Arab Health 2006 show profile will include state-of-the-art health and medical industry products and technologies in areas such as international health services, surgery, biotechnology, dentistry, radiology, laboratory equipment, pharmaceuticals, rehabilitation, telehealth and pathology.

Canada will have a 321 square-metre pavilion, where completely furnished nine square-metre booths will be available at a cost of approximately US\$5,250. Don't miss this unique platform for overseas manufacturers to establish a foothold in this very affluent Gulf region, to develop existing business, or to recruit agents from across three continents.

Trade mission set for Chicago international art show

Chicago, Illinois (U.S.), October 28-30, 2005 > Are you a Canadian artist or gallery owner who wishes to export to the U.S. market? Do you need additional market information to make a decision on your market entry strategy? The Canadian Consulate General in Chicago is inviting high-end 3D Canadian artists, gallery owners and craft industry personnel who have little or no experience exporting to the U.S. to attend the New Exporters to Border States (NEBS) mission to the SOFA art show in Chicago.

SOFA is one of the most renowned, juried, 3D fine arts shows for high-end glass, ceramics, wood, metal, fibre, and sculpture in the U.S. Regarded by many as one of North America's most prestigious contemporary craft exhibitions, SOFA showcases sculpture objects and functional art to both wholesale buyers and private collectors.

This trade mission will contain three parts: an educational session with industry experts, entry to the

SOFA show as a visitor (not as an exhibitor) and networking opportunities with arts collectors from the Mint Museum and Renwick Gallery at the International Visitors Reception.

The deadline to participate in the mission is **Wednesday, October 19th, 2005**. Registration is on a first-come, first-served basis.
