

to trade and commerce, I move, seconded by the hon. member for St. Catharines (Mr. Reid):

That in the forthcoming budget, if it ever arrives, tax policies not be pursued which would put Canadian industries in an even less competitive position compared with their American counterparts than presently unfortunately exists.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

### HAZARDOUS SUBSTANCES

#### TREATMENT OF LUMBER WITH CHLOROPHENOLS—MOTION UNDER S.O. 43

**Mr. Ted Miller (Nanaimo-Alberni):** Madam Speaker, I rise under the provisions of Standing Order 43. Whereas a number of scientific studies available to the ministries of Agriculture and Health and Welfare indicate the health and environmental danger posed by the substances known as chlorophenols, and whereas a recent study commissioned by Local 1-85 of the International Woodworkers of America in Port Alberni, B.C. reports that workers exposed to these substances show a significant increase in the incidence of symptoms of ill health, believed to result from their proximity to these substances in their workplace, I move, seconded by the hon. member for Prince Albert (Mr. Hovdebo):

That the Ministry of Agriculture, in co-operation with the Ministry of National Health and Welfare, be instructed to exercise its mandate under the Pest Control Products Act and ban the use of these substances for the treatment of all lumber so that Canadian woodworkers are no longer exposed to these poisons.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

#### EFFECT OF GATT ON BEEF IMPORTS—MOTION UNDER S.O. 43

**Mr. Arnold Malone (Crowfoot):** Madam Speaker, since the Canadian negotiators at the Tokyo Round of the General Agreement on Tariffs and Trade accepted agreements that are now causing Canadian cattlemen to operate below the cost of production throughout all of 1980-81 by agreeing to a formula allowing beef imports relative to human population growth, and a guaranteed minimum level of importation based on figures collected when our cattle populations were at an all-time high, I move, seconded by the hon. member for Wetaskiwin (Mr. Schellenberger):

That the Government of Canada refer this issue to a special standing committee so that the government might in turn accept the responsibility for the damage caused by the actions of their negotiators.

#### SUGGESTED REDEPLOYMENT OF HUMAN RESOURCES

**Hon. Sinclair Stevens (York-Peel):** Madam Speaker, my question is directed to the Minister of Industry, Trade and Commerce (Mr. Gray). I have in my hand a document entitled "A Top Secret Cabinet Document" that was sponsored by the Minister of State for Economic Development who happens to be in the other House. My question to the Minister of Industry, Trade and Commerce centres on this document which sets out as a top priority the redeployment of Canada's human resources from one area of Canada to another. Would the minister indicate if he, as the minister in the other House suggested, agreed to this proposition, and if this is, in fact, part
