meeting yesterday, showed a large increase in profits and a volume of busi-

mer year.

The net profits amounted to \$103,528, exclusive of the unappropriated profits brought forward from the preprofits brought from the prepro J. P. Bickell & Co. had the following the deproduct of the session, wheat finally weakened and closed with a net loss for the day. New was of a rather mixed character. Much of today's strength was borrowed from coarse grains, and the character of the selling has been much better than the buying. We advocate sales, but only on upturns, such as experienced today.

The paid-up capital now stands at \$1,200,000, the Reserve Fund at \$250,crease in profits and a volume of busi-ness greatly exceeding that of any for-capital to the extent of \$627,000. The board of the company is one of noticeable strength, and is constituted

Confidence is Extending

Those who had CONFIDENCE in Cobalt at the start have made a lot of money. Those who have CONFIDENCE now will also make money. It takes a long time to get the Englishman convinced, but he has studied Cobalt, and now the silver camp has his confidence. Many new properties will make good with the inflow of new and necessary capital, and incidentally all the old and responsible companies will be benefited. Our pick of Cobalt buys on present comparisons are GREAT NORTHERN and PETERSON LAKE.

MAP OF COBALT

Our new Map of Cobalt, the most complete and informative ever issued, is nearly ready for distribution. File your request for free copies without delay.

COBALT REPORTS We have sent a highly trained and experienced mining engineer to Cobalt to prepare reports for us on all properties of the district. Write us today, giving the name of the properties in which you are interested. Our engineer will report first on those properties on which the greatest number of reports are requested. These reports covering all the facts, will be sent you free. Write us today.
